

Survey Groups

Tribal Governments

This survey is designed for the government-to-government consultations between the Michigan Department of Transportation (MDOT) and sovereign Tribal governments located in Michigan, for the MI Transportation Plan revision. If you are not a member of one of the federally recognized Native American Tribes in Michigan, please exit and select the survey that is appropriate: Resource Agency, Stakeholder, or Public. Links to surveys are available at: www.michigan.gov/slrp.

Resource Agencies

This survey is designed for the consultations between the Michigan Department of Transportation (MDOT) and Resource Agencies for the MI Transportation Plan revision. A Resource Agency is any federal, state, or local agency responsible for land use management, natural resources, environmental protection, conservation and historic preservation. If you are not representing a Resource Agency, please exit and select the survey that is appropriate: Tribal Government, Stakeholder, or Public. Links to surveys are available at: www.michigan.gov/slrp.

Stakeholders

This survey is designed for the consultations between the Michigan Department of Transportation (MDOT) and Stakeholders for the MI Transportation Plan revision. A stakeholder is a person, group, or entity that has an investment, share, or interest in state-long range transportation planning, including Non-Metro Local Officials, Regional Planning Agencies, Councils of Government, Metropolitan Planning Organizations, Chambers of Commerce, Social Service agencies, Environmental groups, Business owners, Freight related stakeholders, Road building/pavement groups, Transit organizations, Airport organizations, Trade unions Public, mobility advocates, bicyclists, and other. If you are not representing an agency or group, please exit and select the survey that is appropriate: Tribal Government, Resource Agency, or Public. Links to surveys are available at: www.michigan.gov/slrp.

Public

This survey is designed for the consultations between the Michigan Department of Transportation (MDOT) and the public for the MI Transportation Plan revision. If you are representing an agency or group, please exit and select the survey that is appropriate: Tribal Government, Resource Agency, or Stakeholder. Links to surveys are available at: www.michigan.gov/slrp.

Freight Stakeholders

This survey is designed for the consultations between the Michigan Department of Transportation (MDOT) and Freight Industry Stakeholders for the MI Transportation Plan revision. A freight industry stakeholder is a person, group, or entity that has an investment, share, or interest in state-long range transportation planning as it relates to future investments made in the state's infrastructure network that supports the seamless and efficient movement of freight within, into, and out of the State of Michigan. If you are not representing a Freight Stakeholder, please exit and select the survey that is appropriate: Tribal Government, Resource Agency, Stakeholder or Public. Links to surveys are available at: www.michigan.gov/slrp.
