Completion of this form is required by all state agencies receiving Transportation-related funding for services provided to MDOT. It must be completed and submitted two months after publication of the state of Michigan comprehensive annual financial report.

(a) The Amount Received column should represent the amounts included in the Memorandum of Understanding.

(b) The Expenditure column should include cash and accrued expenditures for all services provided to the Transportation-related funds regardless of whether they were billed to or not paid for with transportation-related funds nor included as part of the MOU/contract.

(c) The Difference column is the contract amount less the expenditures and encumbrances. A positive difference indicates the agency received more Transportation-related funding than they had expended. A negative difference indicates the agency did not receive enough funding to cover its expenditures.

***If there is a difference (positive or negative), the reason for the difference must be explained in column d.
