## What Is Being Done?

The Michigan Department of Transportation (MDOT) will be constructing a roundabout on US-12 at the intersection of Five Points Road and Old M-205.

## When Will This Be Done?

Construction is scheduled to begin in June with completion in October.

## How Will Traffic Be Affected?

There will be total closures and detours of each leg of the intersection staged throughout construction. The public will be notified of each closure as construction progresses, and the detour route will be posted on Cassopolis Road, Mason Street and Calvin Center Road.

## Long-term Benefit

The roundabout will improve safety and traffic flow.

MDOT reminds motorists to drive like you want to make it home tonight.
