Dear Mr. Niemela and Mr. Worthams:

Updated FY 2009 Project Planning Guide

The MDOT Local Agency Program (LAP) FY 2009 Project Planning Guide has been updated, effective April 15, 2009. The update made the following changes:

- a) Changed the heading of the seventh column from "Final Electronic Plans to LAP" to "ALL MDOT REQUESTED REVISIONS TO LAP (4)."
- b) Changed footnote 4 to "All MDOT requested revisions are to be submitted to MDOT LAP so that all modifications identified during Final Plan Review can be incorporated."

A copy of the updated FY 2009 Project Planning Guide is attached.

These changes were made as an attempt to clarify the submittal dates and the information that is requested to be included in those submittals.

As stated at previous County Road Association of Michigan (CRAM) Engineering Committee meetings, final proposal documents, including all applicable permits, the SHPO approval, and the Right of Way Attachment B if applicable, must all continue to be received by the LAP staff engineer on or before the date shown on the Planning Guide in the column headed "ROW, Att. B, Plans, PROP & EST," in order to be included in the local agency's intended bid letting.

If you have any questions, please contact either me or Bruce Kadzban, at (517) 335-2229.

Sincerely,

Rudolph S. Cadena
Local Agency Programs Engineer
