Equipment Rental Rates (Schedule C) Report 375

EFFECTIVE JANUARY 1, 2011

THROUGH

DECEMBER 31, 2011

Hourly equipment rental rates are based on the following data reported by County Road Commissions on the county equipment questionnaires:

1. Expenses: Direct repair, indirect repair and storage, operating and depreciation.
2. Hours of equipment operation.

These rates were computed by using 2009 actual expenses of County Road Commissions, plus a factor for estimated increased costs between 2009 and 2011.

Counties possessing a State Trunk Line Maintenance Contract for the effective term of 10/01/2009 through 09/30/2012 will be reimbursed at these rates. However a county may elect to use a modified rate for reimbursement, in accordance with subsection 15(F) of the contract.
