

## **2014 Michigan Energy Assistance Program Grants**

On September 20, 2013 the Michigan Public Service Commission (MPSC) invited proposals from public or private entities or local units of government for Michigan Energy Assistance Program (MEAP) grants that will intervene in energy crisis situations and provide energy assistance program services that will help eligible low-income households meet home energy costs for their primary residence through payment or partial payment of bills for one or more of the following: 1) electricity; 2) natural gas; 3) propane; 4) heating oil; or 5) any other deliverable fuel used to provide heat. The Request for Proposals required that proposed energy assistance programs include services that will enable participants to become or move toward becoming self-sufficient, including assisting participants in paying their energy bills on time, assisting participants in budgeting for and contributing to their ability to provide for energy expenses, and assisting participants in utilizing energy services to optimize on energy efficiency. The grants are funded by the state Low-Income Energy Assistance Fund (LIEAF) and the federal Low-Income Home Energy Assistance Program (LIHEAP).

Sixteen proposals were submitted by the October 7, 2013 deadline.

On October 24, 2013, the MPSC approved MEAP grants totaling \$89,615,000 as follows:

- Barry County United Way – \$122,670 to provide energy assistance program services to low-income households in Barry County.
