

**MPSC Staff Estimated and Projected Renewable Energy % Based on Act 295 Contracts Filed at the Commission**

Source: Electric Provider Annual Reports and Act 295 Renewable Energy Contracts

The above figure shows the estimated renewable energy percentages for 2009 and 2010 based on electric provider annual reports and a projection of renewable energy percentages for 2011 through 2013 determined by calculating expected RECs from new renewable energy contracts approved by the Commission.
