STEP I: SPONSOR PRE-REVIEW.

A. Sponsor should obtain and familiarize themselves with the following documents which are available from MSHDA’s web site:
   (http://www.michigan.gov/mshda/0,4641,7-141-5587_22721---,00.html

1. List of MSHDA prequalified consultants.
2. Most current MSHDA Environmental Review Requirements.
4. MDEQ document entitled “IMPORTANT NOTICE for Baseline Environmental Assessments (BEAs)”.
STEP IIA: MSHDA PHASE I ENVIRONMENTAL SITE ASSESSMENT

Required for intake and/or tax credit applications.

SPONSOR

Retains environmental consultant to perform AAI Phase I report meeting MSHDA Environmental Review requirements and submits report to MSHDA by program deadline.

MSHDA

MSHDA environmental review (ER) staff conduct Phase I review.

If deficiencies in Phase I ESA are identified, comments and follow-up provided to the sponsor and/or the sponsor’s consultant. MSHDA ER staff will communicate findings to the appropriate program.

If no RECs are identified and no additional comments or issues are raised, MSHDA ER staff will notify the appropriate program that the Phase I is acceptable and the review for the project is complete.

Estimated MSHDA review time frame: 15 business days.
STEP IIB: NEPA (PART 58) ENVIRONMENTAL REVIEW –

Report required for intake and/or tax credit applications that request any sources of federal funds such as HOME, Project-Based Vouchers, NSP, CDBG, or RAD.

**SPONSOR**

Retains “Group B” environmental consultant from MSHDA prequalified consultant list to prepare the correct NEPA documentation for the project per HUD requirements.

**MSHDA**

Review NEPA report for accuracy. If NEPA is not complete, then MSHDA to provide written comments to have the report corrected and resubmitted. *Estimated MSHDA review time frame: 15 business days.*

Review NEPA and issue appropriate finding, and begin publishing process. Upon completion of public notice period, MSHDA will request HUD approval. **NEPA process completed.**

Sponsor’s consultant corrects report and resubmits if necessary.

See NEPA Fact Sheet attached to MSHDA Environmental Review Requirements for more information.

*(Estimated time for the publishing process is 45 days, if no public comment is received.)*
STEP III: IF RECs ARE IDENTIFIED IN THE PHASE I REPORT, A PHASE II REPORT IS REQUIRED.

**SPONSOR**

Sponsor’s consultant prepares a Phase II Scope of Work (SOW) to investigate identified RECs and provides this to MSHDA for review.

**MSHDA**

Approval given or if issues are raised, comments will be provided and discussed with sponsor and/or the sponsor’s consultant in an attempt to resolve the differences. 

*Estimated MSHDA review time frame: 10 business days.*

In the event issues are not resolved to the satisfaction of either the sponsor or MSHDA ER staff, the matter will be referred to the MSHDA Environmental Review Committee (ERC).¹

Sponsor’s consultant conducts Phase II work.

When approval given, sponsor proceeds with Phase II work.

If Phase II investigation shows that site is not a “facility,” sponsor provides final Phase II report to MSHDA.

If site is shown to be a “facility,” proceed to Step IV.

If site requires further Phase II investigation, proceed to Step IIIA.

MSHDA reviews and files Phase II report and issues approvals.

---

¹ The Environmental Review Committee (ERC) meets bimonthly or as needed. Its responsibilities include: making recommendations to the Loan Committee on whether to approve/reject a project based on environmental conditions onsite, approve MSHDA environmental guidance documents and the MSHDA prequalified consultant list, and make recommendations to the MSHDA Board of Directors and MSHDA Loan Committee as necessary for policy decisions.

01/05/2016
STEP II A: ADDITIONAL PHASE II WORK – as needed to further resolve REC’s, define extent of contamination, determine remedial actions, or for the approval of a new SOW.

**STEP IV: IF SITE IS A “FACILITY,” UNDER PART 201 –**

The sponsor’s consultant prepares and submits a BEA and Response Activity Plan (RAP) to MDEQ for review. MDEQ acknowledgement and/or approval for both must be obtained prior to initial closing, NEPA approval to publish, and/or the issuance of the tax credit reservation letter.

MSHDA should be given the opportunity to review all reports prior to submittal to DEQ.

<table>
<thead>
<tr>
<th>SPONSOR</th>
<th>MSHDA</th>
</tr>
</thead>
</table>
| Sponsor’s consultant prepares and discloses BEA to MDEQ.  
  RAP to be submitted to MDEQ for review. Sponsor’s consultant to coordinate activities in a timely manner to minimize delays. | The BEA and RAP are submitted by the sponsor. MSHDA records receipt of documents for tracking purposes. A RAP/DDCC are not required if remedial actions are planned that will eliminate the facility status. If the sponsor chooses to clean up the site, they will submit a Remediation Plan for MDEQ review.  
  If federal funding is involved, the RAP will need to meet federal standards which in some cases may be stricter than MDEQ minimum requirements. |
| Sponsor to provide MDEQ RAP approval letter, including a written plan and timeline for meeting any conditions noted in the MDEQ letter.  
  Sponsor obtains bid(s) for Due Care response activities and revised Trade Payment Breakdown (TPB) line item to show environmental cost. | Reviews and maintains MDEQ RAP approval letter in project file. Sponsor submits a copy of MDEQ’s plan review approval letter and a copy of bids for the environmental work required for Due Care or Remediation.  
  Once Due Care and/or Remediation Activities are complete, proceed to Step V. |
STEP V: COMPLETION OF DEQ-APPROVED DOCUMENTATION OF DUE CARE COMPLIANCE OR REMEDIAL ACTION PLANS

The sponsor’s consultant prepares and submits an MDEQ DDCC to MDEQ. MDEQ’s DDCC approval letter is required prior to final closing and/or the issuance of the tax credit (8609).

Note: Liable parties will be required to obtain a DEQ No Further Action letter and are not eligible to use a DDCC as an environmental endpoint report for MSHDA projects.

**SPONSOR**

Sponsor’s consultant prepares and submits a DDCC to MDEQ for the purpose of obtaining an appropriate approval letter showing that Due Care response activities or remedial actions are in place and have been completed.

Sponsor to prepare and submit a plan and timeline for addressing any conditions noted by MDEQ.

If DDCC letter cannot be obtained, sponsor proceeds to MSHDA ERC to determine next steps, if any.

**MSHDA**

MSHDA receives and records MDEQ’s DDCC approval letter and updates NEPA documentation in the project folder.
**MSHDA Environmental Review Committee (ERC) process**

**SPONSOR**

Sponsor’s consultant prepares a summary review of the problem(s) and proposed scope of work (SOW) to address the issue(s).

**MSHDA**

Conducts review or selects appropriate peer-review consultant for project. If peer-review, MSHDA to obtain a minimum of three bids from the prequalified consultants list.

MSHDA ER staff prepares a summary review and presents findings to MSHDA ERC.

*Estimated report time: 15 business days.*

**MSHDA PEER REVIEW CONSULTANT**

(If applicable)

Peer-review consultant reviews project summary and proposed scope of work.

**MSHDA ERC**

Reviews documentation and provides a written determination. MSHDA ERC may seek additional information from other professional and technical resources as needed.

**MSHDA Review Team**

If modifications needed, Peer Review Consultant submits written comments and recommendations to Sponsor’s Consultant.

**Peer Review Consultant provides written recommendations to MSHDA Review Team. *Estimated Peer Review time frame: 15 business days.***

Consultant receives written comments, modifies proposal, and undertakes additional investigation if requested.

Distributes report from MSHDA ERC and facilitates recommendations by providing oversight and setting deadlines for reviews and documentation work if requested.

If required, environmental consultant submits results of additional investigation

MSHDA Review Team to review documentation and provide written decision to Loan Committee.
