Specific Annual Objectives								
<b>SL-1 Availability/Accessibility of Suitable Living Environment</b>								
<b>SL-1.1</b>	The <b>Blueprints and MainStreet Programs</b> are planning programs designed to improve the quality of life for the residents and business owners within a community. These planning programs help communities add capacity for the further development of new jobs and housing opportunities. In addition, these programs are the basis for identifying the availability, accessibility, and feasibility of utilizing funds and resources to make modifications and or sustain current practices to improve the community and its living environment. <b>EO-1 Availability/Accessibility of Economic Opportunity</b>							
<b>EO-1.1</b>	The <b>Signature Building Program</b> enables a community to secure a building that is a focal point within the downtown for commercial rehabilitation purposes that will result in job creation and once redeveloped would become an asset and make a significant contribution to the overall downtown area.  The CDBG funding allows the community to acquire property that a developer would not typically purchase and redevelop due to the substantial amount of money required and that its current owners are experiencing challenges with developing and/or maintaining and is currently being underused. Therefore, this program gives the community availability/accessibility to funding to stimulate economic opportunity within a downtown.
