BREATHE JR SEATING

SPECIFICATIONS

ARMS

Height adjustable soft contoured urethane arm pad with metal plate insert. Adjustable polypropylene arm upright outer with metal inner. Vertical adjustment range is 2 3/4".

SEAT

Polyurethane seat foam (3" contoured) ILD 24#70. 9/16", 9 ply wood seat board. Seat board includes t-nuts for mechanism and arm assemblies.

MECHANISM CONTROL

Knee Tilt mechanism (approximate 2:1 back to seat ratio) with a four position back lock. Tilt tension knob to adjust back flex. Pneumatic seat height adjustment with 5" range (17"-22").

HARDWARE

All assembly hardware kit bolts/screws will have lock tight patch. All screws are 5 mm hex head for better tightening capabilities. Washer and lock washers also used on mechanism and arm screw assembly.

BACK

Mesh fabric back (black) is surrounded by a reinforced polypropylene frame. Adjustable lumbar support 8 1/4" wide 4 1/4" high with a manual vertical adjustment range of 1 1/8". Lumbar support has a horizontal adjustment depth of range of 7/8". Adjustment made by turning a hand knob clockwise or counter clockwise.

CASTERS

55MM (black) high impact dual wheeled nylon casters are standard.

BASE

Nylon base (black) 24".
