

All sign blanks are .080" thick aluminum with up to four holes. All blanks meet most State and Federal D.O.T. specifications.

Blanks come in raw aluminum or four durable finishes:

- ▶ **BE Powder Coated Paint**
- ▶ **Type II 3M Engineer Grade Reflective**
- ▶ **Type IV 3M Prismatic High Intensity Reflective**
- ▶ **Type IX 3M Diamond Grade Reflective**

Standard and custom sizes and shapes available.
