

2008 Summit Held October 6-8, 2008

Before, During, and After the Storm

The 2008 Summit was held October 6-8 at the Grand Traverse Resort in Acme, Michigan. The Summit brought together more than 600 attendees including emergency managers, law enforcement, fire, and EMS personnel throughout the state. Attendees had the opportunity to network with colleagues and expand their knowledge of the emergency management field. Workshop topics included emergency planning for the courtroom, hazardous materials response, damage assessment, and a variety of lessons learned.

Keynote speakers discussed the Iowa flooding response, Union University tornado destruction, AeroMed crash at Spectrum Health Butterworth Hospital, and overcoming challenges as a NASA astronaut by Capt. Jerry Linengar.

The 2009 Summit will take place on October 13-15 at the Grand Traverse Resort.
