What is Criminal Justice Information (CJI)?

CJI is the term used to describe all of the FBI Criminal Justice Information Services (CJIS) provided data necessary for civil agencies to perform their employment or volunteer placement determinations.

What is Criminal History Record Information (CHRI)?

A subset of CJI. Any notations or other written or electronic evidence of an arrest, detention, complaint, indictment, information or other formal criminal charge relating to an identifiable person that includes identifying information regarding the individual, as well as the disposition of any charges.
Criminal Justice Information Exchange History

FBI Criminal Justice Information Services

Serves as the nation’s administrator for the appropriate security and management controls. As such, the FBI designates one criminal justice agency (on the CJIS network) as the CJIS Systems Agency (CSA) and is considered a point of contact in each state.

Michigan State Police

The CSA is duly authorized to oversee the security and management of all CJI exchanges within the State of Michigan. **Responsible for setting, maintaining, enforcing, and reporting compliance to the FBI CJIS Division for such exchanges.

Noncriminal Justice Agency

For the purpose of licensing and employment, certain authorized agencies request and receive fingerprint-based CHRI, making the NCJAs the next responsible records management entity.

**Title 42 U.S.C., Chapter 140, Subchapter II, 14616; 28 CFR Part 901 § 4, requires MSP SAS to complete NCJA compliance audits.**

Fingerprinting Authorization

The following are federal and state laws authorizing fingerprint-based CHRI background checks for employment, licensing, or volunteer determinations:

**School Employment (SE)/Adam Walsh Act (AWA); MCL 380.1230a, The Revised School Code (SHALL)**

**National Child Protection Act Employment (CPE) & Child Protection Volunteer (CPV); 42 USC 5119 § 320928 & National Child Protection Act, including volunteers (MAY)**
NCJA will receive an email notification to the contact and email provided when the agency established their fingerprinting account. The notification will:

- Provide you the date and time of your agency audit.
- Provide instruction for completing our online NCJA PreAudit Questionnaire.
- Provide instruction on your participation for the compliance audit review.
- Provide your agency with details on what to expect.
SAS Audit Criteria:

- Random fingerprint sample:

  An agency “fingerprint sample” is an Excel spreadsheet report, which consists of a list of individual names requested to complete a fingerprint background check for employment or volunteerism under your Agency ID.
SAS Audit Criteria Continued:

- Position documentation for the fingerprint reason code used by the agency.

- Documentation which indicates the fingerprint-based CHRI background checks obtained are for a specific purpose authorized by state or federal law. Position documentation:
  - Is individualized
  - Provides the individual’s name
  - Provides the position offered by the agency

This documentation can be easily identified as a document used during your agency’s hiring process. (i.e. employment contracts, new hire checklist, letter of hire, determination for assignment etc.).

Questions?
NCJAs receiving CHRI from the MSP shall complete a NCJA User Agreement for the Use of CHRI, RI-087 form.

This formal agreement specifies how the exchange of CHRI is to be conducted between the MSP and the NCJA through applicable security and management controls. The user agreement outlines each party’s individual roles and responsibilities as it pertains to the day-to-day receipt and processing of CHRI and all that entails, including data ownership. The MSP and NCJA user agreements require the authorized signature of the agency representative (an employee of the agency with explicit authority to commit the agency to the agreement requirements) and the CJIS Security Officer of the MSP.
Agreements may be forwarded to: MSP-NCJAAgreement@michigan.gov
Local Agency Security Officer (LASO) (3.2.9)

Designated by the NCJA:

- Identify who is accessing CHRI.
- Identify how the NCJA is connected to CHRI.
- Ensure security measures are in place and working.
- Support policy compliance and ensure the reporting of any CHRI incident to the MSP Information Security Officer (ISO).

NONCRIMINAL JUSTICE AGENCY
LOCAL AGENCY SECURITY OFFICER APPOINTMENT

All Noncriminal Justice Agencies (NCJA) that have access to Criminal History Record Information (CHRI), a subset of Criminal Justice Information, shall appoint a security point of contact known as a Local Agency Security Officer (LASO). The LASO can be, but is not required to be, the NCJA department head (e.g., superintendent, president, director, etc.).

A change in appointment of the LASO must be reported to the Michigan State Police, Criminal Justice Information Center. A change in LASO can be reported by returning this completed form through one of the preferred methods listed below.

Screening requirements are performed prior to any individual gaining access to CHRI to determine if access is appropriate, and dependent on how your agency maintains CHRI, can include directly employed IT personnel. NCJA’s must have a written process in place for the following:

- Any individual with a felony conviction shall be denied access to CJI/CHRI.

- For a criminal record other than a felony, any individual with an arrest without conviction or an individual believed to be a fugitive shall have their record reviewed to determine if access to CJI/CHRI is appropriate.

- CJI/CHRI access will be discontinued for any individual who is subsequently arrested or convicted of a crime, and must be reported to the MSP before access may be reinstated.

- Restricting CHRI media access for contractors and/or vendors where CHRI is stored and/or processed unless escorted (physically or virtually) by an authorized personnel.
For authorized users with access to CHRI, the NCJA shall maintain written processes of the specific steps taken for the following:

- Written documentation addressing the “immediate” termination of individual CHRI access upon termination of employment.
- Written documentation that addresses the review of CHRI access authorizations upon individual reassignment or transfer.
- A formal sanctions process for personnel with access to CHRI failing to comply with agency established information security policies and procedures.

A NCJA Policy template is now available for agency’s use and can be found at the following link: [www.michigan.gov/cjicats](http://www.michigan.gov/cjicats) (Template).
NCJAs shall have established policy and procedures for the appropriate: security, handling, transporting, and storing of CHRI media. Each NCJA shall establish the following:

- An overall digital/physical media protection policy.
- Procedures restricting access to authorized user/personnel. Management controls are to exist for the processing and retention of CHRI media and for media to be secured in a controlled area.
- Procedures for transporting CHRI media from its original secured location to another. The steps taken to protect and prevent the compromise of the data in transit.
- Procedures for the appropriate disposal and sanitization of CHRI media when no longer needed, and the specific steps taken to protect and prevent CHRI media during the destruction process. All destruction is to be logged or documented.
NCJAs shall establish and implement physical protection policy procedures to ensure CHRI and information systems are physically protected through access control measures. When an agency cannot meet all the control requirements for a physically secure location, the agency shall review and adhere to 5.9.2-Controlled Area, which states the following:

- Limit access in controlled area during CJI/CHRI processing times.
- CHRI room or storage area should be locked at all times when not in use.
- Position CHRI to prevent unauthorized individuals from access and view.
- Agencies shall abide and carry out encryption requirements for digital storage of CHRI. (FIPS 140-2)
Questions?
Each NCJA shall establish operational incident handling policy and procedure for instances of an information security incident of physical/digital CHRI media. Agencies are to ensure general incident response roles and responsibilities are included within the agency established and administered Security Awareness Training (SAT). Each NCJA shall establish:

- Information security reporting procedures outlining who to report to and how reporting happens through the agency chain of command upon discovery of any information security incident pertaining to CHRI.

- Incident handling capability procedures that includes adequate preparation, detection, and analysis, containment, eradication, recovery, and user response activities.
Electronic and Physical Incident Handling Capability

Procedures include:

- **Preparation**—firewalls, virus detection, malware/spyware detection, security personnel, and locked doors to prevent unauthorized access.

- **Detection**—monitoring preparation mechanisms for intrusions such as: spyware, worms, and unusual or unauthorized activities, etc. Can include building alarms and video surveillance.

- **Analysis**—identify how an incident occurred and what systems or CHRI media were compromised.

- **Containment**—security tools utilized or an agency plan to stop the spread of the intrusion.

- **Eradication**—removal plan of the intrusion before the system is restored and steps taken to prevent reoccurrence.

- **Recovery**—the ability to restore missing files or documents.
Each NCJA shall establish:

- Procedures for the appropriate collection of evidence of an information security breach that meets relevant jurisdiction(s) for a CHRI security incident involving legal action (either civil or criminal) against a person or agency (calling law enforcement or contacting legal counsel).

- Procedures to track, document, and report information security incidents. An “Information Security Officer (ISO) Computer Security Incident Response Capability Reporting,” form (CJIS-016) has been established, and is the required method of reporting security incidents to the MSP.

A NCJA Policy template is now available for agency’s use and can be found at the following link: [www.michigan.gov/cjicats](http://www.michigan.gov/cjicats) (Template).

Any disseminations of CHRI conducted outside of primary information exchange agreements are to be logged, including:

- The date record was shared
- Who made the request (Requesting Agency and Recipient Name)
- Whose record is being shared
- Who sent the shared copy (personnel)
- How the request was fulfilled

A Secondary Dissemination template has been created and is available for agency's use at: [www.michigan.gov/cjicats](http://www.michigan.gov/cjicats) (Template)
Dissemination Criteria:

A CHRI response may be shared with authorized user/personnel for a Michigan K-12 school so long as the individual remains employed with no separation from service by any school.

- K-12 schools can share with other K-12 schools, whether private or public, per MCL 380.1230a (11) & (12).

- K-12 schools **cannot** share responses with private entities (Contractors).

- K-12 schools may only share responses with Colleges/Universities, when identified as the authorized user/personnel, on behalf of a Public School Academy.
Each NCJA shall have an established baseline SAT program for all personnel with access to CHRI provided by the agency within six months of assignment and every two years thereafter. At a minimum, for NCJAs that do not store CHRI digitally, SAT is to include:

5.2.1.1 Level One SAT:
- Describes the topics required for all personnel who have unescorted access to CHRI.

5.2.1.2 Level Two SAT:
- Describes the topics required for all personnel that have access to CHRI.

NCJAs storing CHRI digitally will be required to comply with SAT levels Three and Four as prescribed in the FBI CJIS Security Policy.

A SAT “fill-in” template has been created and is available for agency's use at: [www.michigan.gov/cjicats](http://www.michigan.gov/cjicats) (Template)
Digital Storage:

When an NCJA creates a digital copy of CHRI (e.g., saving a digital record from another original digital record, scanning a document, or creation of a spreadsheet) and subsequently stores this static CHRI, the following may also be applicable:

- 5.4–Auditing and Accountability of Information Systems
- 5.6–Identification and Authentication: Advanced Authentication (AA)
- 5.7–Configuration Management: Access Restrictions for Changes, Least Functionality, Network Diagram, and Security of Configuration Documentation
Digital Storage Continued:

5.10–System and Communications Protection and Information Integrity, including: Boundary Protection, Encryption, Partitioning and Virtualization, and Patch Management.

And if you are using a mobile device such as a laptop, tablet, or smartphone you must also consider the following:

Once a Compliance Audit Review is completed your agency will have a better understanding of necessary practices, policies, and procedures. What to expect following the audit review:

- A draft compliance audit report will be created and sent to your agency approximately (15) business days from the date of your audit.
- Your agency will be asked to respond within (30) days, in regards to your school’s corrective actions in response to any Out of Compliance area(s).
- At the end of (30) business days, whether we’ve received your agency’s response or not, the MSP will provide a final draft indicating whether your audit compliance is complete and will include additional corrective actions.

Upcoming compliance cycle changes:

- CJIS System Officer (CSO) referrals begin.
