

Inside the School Bus Inspection Program

The Commercial Vehicle Enforcement Division is responsible for the annual inspection of every black and yellow school bus and pupil transportation vehicle operated in the state. Michigan has approximately 17,000 vehicles that transport in excess of 800,000 children over 10 million miles annually.

All public, private, denominational, parochial, charter school and public school academy vehicles transporting pupils to or from school, or school-related events, must be inspected. This includes every vehicle under contract or agreement.

Vehicles that have been inspected are identified with a sticker placed on the front windshield. The inspection sticker displays the Michigan State Police "shield" and the school calendar year it is valid for.

The State of Michigan and the Michigan State Police, Commercial Vehicle Enforcement Division, are committed to ensuring that all children are transported to and from school in a safe manner. To that end, a comprehensive school bus inspection program has been developed.

Should you have questions regarding the school bus inspection program, or desire information relative to pupil transportation issues, please contact the Commercial Vehicle Enforcement Division at 517-241-0545 or 517-241-0572
