

2017 Local Agency Security Officer (LASO) Training Schedule

The Michigan State Police, Security and Access Section is now accepting registrations for **2017 Local Agency Security Officer (LASO)** classes. FBI CJIS Security Policy requires all agencies having access to criminal justice information that originates from the FBI or MSP CJIS systems designate a security point of contact, referred to as the LASO. This person may be, but is not required to be the agency Terminal Agency Coordinator or TAC.

The LASO class is optional, but highly recommended for all LASO's, TACs, IT personnel who service systems that host and transmit criminal justice information, and Agency Heads. There is no cost for this training. Two class sessions are conducted each training day. An Introductory LASO class is hosted from 9:00 a.m. to 12:00 p.m., with registration beginning at 8:30 a.m. An Advanced LASO class is hosted from 1:30 p.m. to 4:30 p.m. with registration beginning at 1:15p.m. Lunch is not provided. Both sessions are recommended for new LASO's or LASO's who have never attended training. More experienced LASO's can opt to take just the advanced course if they so choose.

Registration is to be completed via the MI-Train website at <http://mi.train.org>. **The Course ID for the Introductory Course is 1065889 and for the Advanced Course is 1065890.**

If you have not already used this site, you must create an account, entering all of the required information. Sign-in to MI-Train and search for "LASO." Select the course, click on the Registration Tab, and provide your agency's ORI in the space provided, and click the Register button for the appropriate session. Certificates of completion can be obtained via the MI-Train website following completion of the class.
