## Nontraditional Careers 101 for Educators

October 1, 2003 - May 30, 2004

This course addresses awareness, recruitment, training and placement issues related to nontraditional careers. The course features self-checks, tips, quizzes, assignments, and resources. A certificate of completion for 15 hours can be used to document professional development. The course is geared towards educators but can be used by anyone. There are many downloadable documents in the Microsoft Word format for use with your students.

For a comprehensive list of OUTCOMES, go to our home page: <http://www.nontrad101.org>. To begin the course, just start here and go through all the pages. No registration required.
