

Senior Project FRESH/Market FRESH Conference Calls for NEW MARKET MASTERS

If you are a NEW Market Master for 2015, the USDA requires you to do a conference call to learn about the program. Below are listed the dates and times of the call. You only need to participate in one call. You do not need to pre-register.

You are responsible for getting the information from the call to your employees/staff. Please review the Market Master Guidebook 2015 prior to the call. You can also review and download the conference call material. It can be found on the website: <http://www.michigan.gov/marketfresh> . Scroll to the bottom of the page and select "Market Master Information" and it will take you to the page.

Calls last approximately 45 minutes.

Call in number: 1-877-336-1828

Access code: 2066267
