

School District Code List (See MI-1040, MI-1040CR or MI-1040EZ, line 4.)

Michigan public school districts are listed alphabetically with code numbers to the **left** of the names. When more than one district has the same name, the city name in parentheses helps you choose the right district.

Residents, choose the code for the district where you lived on December 31, 1999. Call your local assessor or treasurer if you do not know your school district name.

Nonresidents, enter "10000" in the code box.
