MEMORANDUM

DATE: October 19, 2007

TO: Driver Education Providers and Instructors

FROM: Michigan Department of State, Driver Programs Division

SUBJECT: **Teen Driver Education Curriculum Workshops**

The Secretary of State is offering training to help providers and instructors become more familiar with the new teen driver education curriculum, which is required by the Driver Education Provider and Instructor Act (DEPIA), PA 384 of 2006. This is an opportunity to review the curriculum, participate in discussion, and get answers to all of your important questions. Participation in the workshop also satisfies instructors' professional development requirements (as mandated in Section 27 of DEPIA) for the first renewal cycle. The three-hour workshop is free and open to both teen and adult automobile instructors. Advanced registration is required.

Registration must be completed by calling (517) 241-6850. A list of currently scheduled workshops is attached. Additional information about the workshop locations appears on the back of this memorandum.

Workshops may fill up quickly, so call soon for your choice of workshop. A limited number of additional workshops will be scheduled for January through April 2008. For future updates of the workshop schedule, please visit the [Driver Education](#) page of the Secretary of State's Web site at www.Michigan.gov/sos, or call (517) 241-6850.

Don't wait to register – use of the new curriculum for teen driver training is required by May 1, 2008.
