

E-WIZARD HELPFUL HINTS

A – Review Preferences:

Many E-Wizard users (over half) have still not used the «**E-Wizard Office Preferences**» module. There are many offices (such as coroner, constable, auditor, etc.) which do not show up on the ballot for any jurisdiction within the county. Instead of having the same offices appear again and again on the E-Wizard survey, use the E-Wizard Office Preferences to “turn off” (or, uncheck) those offices so that they will not show up in future surveys.

B – Review Ballot Office Preferences with jurisdictions

While reviewing Preferences, remember that jurisdictions, and in particular cities and villages, have a very wide variety of offices and offices titles. The E-Wizard survey attempts to be as comprehensive as possible with all of these differing offices and titles. That is why every city will initially have city commission, city commissioner, city council,

Uncheck

Test Version 2.63.4

council member, council member at large, etc. Review these offices with your cities to determine which offices are appropriate according to each city charter. Those offices which do not apply to that city, “turn off” (or uncheck) so that they will not appear in future E-Wizard surveys. Also, please check to see if the cities have any ward offices, and if those offices appear in the E-Wizard Survey.

C – USE SORT OPTIONS

In Stage 1 and Stage 2 of E-Wizard, you can re-arrange and re-order the survey table to help you fill out the survey. With a little practice, the sort options can be a useful tool to work with the E-Wizard Survey.

To sort on the values in a column, with the mouse, “click” on the column heading, and the table will be resorted by the values in that column:

Offices and Proposals on Ballot

Selected Election: 11/02/2010 - STATE GENERAL

Close Help

Step 2: Identify offices appearing on the ballot for the election date selected:

Show Columns

Ballot Label Division Office Region

Ballot Label	Division ▲	Office	Region	On Ballot?

The “▲” symbol indicates that you have sorted by the values in the “Division” column. The “up-arrow” symbol also indicates that the sort is an “ascending” order (order from A to Z). Click on the same column **twice** the symbol is changed to “▼”. This “down-arrow” symbol indicates a “descending” order (order from Z to A). This can be helpful, for instance, when you wish to quickly find village offices.

Offices and Proposals on Ballot

You can also sort on more than one column. To do this, first click on the column header that you want as your first or “primary” sort. Hold down the «shift» key and click on another column header. Notice that a number “1” appears on the first column header you click, and a “2” appears on the second column header. This means that you now have a “multiple” sort. In other words, you have sorted the table, first, by one value (your “primary” sort), and; within this sort, you have sorted again on other value (your “secondary” sort):

Ballot Label ^ 1	Division ^ 2	Office	Region	On Ballot?
> NONPARTISAN SECTION	CITY	ASSESSOR	JURISDICTION: HASTINGS CITY	Unspecified
NONPARTISAN SECTION	CITY	BOARD OF LIGHT AND POWER	JURISDICTION: HASTINGS CITY	Unspecified
NONPARTISAN SECTION	CITY	BOARD OF REVIEW	JURISDICTION: HASTINGS CITY	Unspecified

You can add a third or fourth sort, if you wish:

Ballot Label ^ 1	Division ^ 2	Office ^ 3	Region ^ 4	On Ballot? ^ 5
> NONPARTISAN SECTION	CITY	ASSESSOR	JURISDICTION: HASTINGS CITY	Unspecified
NONPARTISAN SECTION	CITY	BOARD OF LIGHT AND POWER	JURISDICTION: HASTINGS CITY	Unspecified
NONPARTISAN SECTION	CITY	BOARD OF REVIEW	JURISDICTION: HASTINGS CITY	Unspecified

Sort is a very powerful tool that can be used of hundreds of potential combinations:

D – MULTIPLE SELECTIONS

E-Wizard has a “select all” button in order to select all offices at once. But sometimes, you wish to select just a few offices to edit. Here is how to select a set of records in E-Wizard. This can be particularly useful with a little data sorting.

For example, the quickest and easiest way to selection a set of records is to sort them together into one place. When this is done, first “click” on the first record in your group:

Selected Election: 11/02/2010 - STATE GENERAL

Step 2: Identify offices appearing on the ballot for the election date selected:

Show Columns: Ballot Label Division Office Region

F – MARKING FULL & PARTIAL TERMS (STEP 3 OF STAGE 1)

Perhaps the most difficult part of “Stage 1” is step 3, where the number of full and partial terms is set for each office.

Selected Election: 11/02/2010 - STATE GENERAL

Step 3. Enter the number of times each office heading will appear on the ballot. NOTE: When responding to this question, please do not enter the number of positions to be filled.

Region JURISDICTION: CASCADE TOWNSHIP Office TREASURER	<u>Full Term Positions</u> This office will appear <input type="text"/> times.	<u>Partial Term Positions</u> This office will appear <input type="text"/> times.
Region JURISDICTION: CEDAR SPRINGS CITY Office COUNCIL MEMBER	<u>Full Term Positions</u> This office will appear <input type="text"/> times.	<u>Partial Term Positions</u> This office will appear <input type="text"/> times.
Region JURISDICTION: NELSON TOWNSHIP Office TREASURER	<u>Full Term Positions</u> This office will appear <input type="text"/> times.	<u>Partial Term Positions</u> This office will appear <input type="text"/> times.
Region JURISDICTION: ROCKFORD CITY Office COUNCIL MEMBER	<u>Full Term Positions</u> This office will appear <input type="text"/> times.	<u>Partial Term Positions</u> This office will appear <input type="text"/> times.
Region JURISDICTION: SPARTA TOWNSHIP Office CLERK	<u>Full Term Positions</u> This office will appear <input type="text"/> times.	<u>Partial Term Positions</u> This office will appear <input type="text"/> times.
Region JURISDICTION: VERGENNES TOWNSHIP Office TRUSTEE	<u>Full Term Positions</u> This office will appear <input type="text"/> times.	<u>Partial Term Positions</u> This office will appear <input type="text"/> times.

FULL TERM POSITIONS PARTIAL TERM POSITIONS

However, you can save yourself a good deal of trouble if you follow these tips.

First, make use of the “Assign All” buttons provided at the bottom of the screen. For most elections, you can make the assumption that most of the offices appear once as full-time offices. Using the “Assign All” buttons, you can quickly fill out all of the offices:

FULL TERM POSITIONS	<input type="text" value="1"/>	Assign All	PARTIAL TERM POSITIONS	<input type="text" value="0"/>	Assign All
---------------------	--------------------------------	------------	------------------------	--------------------------------	------------

Now, with most of your job done, you can go back and adjust the few offices that are partial term (or in rare cases, adjust the number of times the office appears on the ballot):

Offices and Proposals on Ballot
Selected Election: 11/02/2010 - STATE GENERAL

Step 3. Enter the number of times each office heading will appear on the ballot. NOTE: When responding to this question, please do not enter the number of positions to be filled.

G – USE “COMPLETE” ICONS IN STAGE 2

It can sometimes be frustrating to get a message that “Stage 2” of E-Wizard is not complete, but you can find the record that is causing the problem. This is where the “Completed” icons in the Stage 2 table can help. Refer to the key at the bottom of the window until you are comfortable with meaning of each icon.

Remember, “write-in candidates” do **not** have to be marked complete in order to finish Stage 2.

Also, don’t forget that you can sort the Stage 2 table by icons as you would any other column in the table. This can be particularly helpful if you have a large number of offices and it is difficult to find that office or two that is still not marked “complete”.
