STATE OF MICHIGAN
RUTH JOHNSON, SECRETARY OF STATE
DEPARTMENT OF STATE
LANSING

August 3, 2012

Stuart Goodrich
2096 Cedar Street
Holt, Michigan 48842

Dear Mr. Goodrich:

The Department of State (Department) received a formal complaint filed by Jeffrey Hall against you, alleging that you violated section 47(1) of the Michigan Campaign Finance Act (MCFA), 1976 PA 388, MCL 169.247(1), by failing to include a complete and correct identification statement on certain printed campaign material. A copy of Mr. Hall's complaint is provided as an enclosure with this letter.

The MCFA and corresponding administrative rules require a person who produces printed material that relates to an election to include the phrase "Paid for by [name and address of the person who paid for the item]." MCL 169.247(1), R 169.36(2). A knowing violation constitutes a misdemeanor offense punishable by a fine of up to $1,000.00, imprisonment for up to 93 days, or both. MCL 169.247(5).

In support of his complaint, Mr. Hall provided a copy of a flyer, copies of website pages, a "palm card," and pictures of a yard sign. It appears that the "paid for by" statements on this material omit your committee's address. Mr. Hall also included a copy of a second yard sign. It appears that there is no "paid for by" statement on this sign.

The purpose of this letter is to inform you of the Department's examination of these matters and your right to respond to the allegations before the Department proceeds further. It is important to understand that the Department is neither making this complaint nor accepting the allegations as true.

If you wish to file a written response to this complaint, you are required to do so within 15 business days of the date of this letter. Please include any evidence that reflects any corrective measures you have taken to bring your campaign material into compliance with the MCFA. Your response may include any written statement or additional documentary evidence you wish to submit. All materials must be sent to the Department of State, Bureau of Elections, Richard H. Austin Building, 1st Floor, 430 West Allegan Street, Lansing, Michigan 48918. If you fail to submit a response, the Department will render a decision based on the evidence furnished by the complainant.

A copy of your reply will be provided to Mr. Hall, who will have an opportunity to submit a rebuttal statement to the Department. After reviewing all of the statements and materials provided by the parties, the Department will determine whether "there may be reason to believe

that a violation of [the MCFA] has occurred [.]" MCL 169.215(10). Note that the Department's enforcement powers include the possibility of entering a conciliation agreement, conducting an administrative hearing, or referring this matter to the Attorney General for enforcement of the criminal penalty provided in section 47(5) of the Act.

If you have any questions concerning this matter, you may contact me at (517) 241-0395.

Sincerely,

Lori A. Bourbonais

ATTENTION- Delhi residents, The Primary Election is Tuesday, August 7th

As residents of Delhi Township have shared their thoughts and concerns with Stuart and John, there is a commonality of both confidence and frustration. Confidence in the direction of our community- **Delhi Township is healthy and strong**. We weathered the economic downturn with balanced budgets and exemplary audits EVERY year. We're now seeing increasing home values, an improved business climate that is generating new jobs and business tax revenue for the community, allowing us to increase police and fire services and improve services for seniors and our young people.

Vote: STUART GOODRICH and JOHN HAYHOE For Delhi Township

NO disclaimer for John Hayhoe

The frustration seems to stem from the near-sighted goals of a few well intentioned but ill informed individuals. In this era of fast food and instant gratification, the idea of planning for the future, escapes many. **The wolf in sheep's clothing is at your door.**

The **"hope and change"** measures endorsed ***by our opponents*** call for the end of "community" in Delhi Township!

The August Primary is your opportunity to keep the "Community" in Delhi Township. Your vote WILL make a difference. Let your wishes be known.

VOTE for REPUBLICANS GOODRICH and HAYHOE to keep the "community" in Delhi Township and maintain the honesty, integrity, balanced budgets and cost saving cooperation of shared services between Delhi Township, Ingham County and the Holt Public School System.

Your vote for Stuart Goodrich & John Hayhoe is a YES for:

YES	YES	YES	YES	YES
Police and Fire	Meals On Wheels	Parks and Rec	Trail System	"Community"

OR surrender to our opponents **"hope and change"**. Many were fooled into believing this once before. Our opponents and their cronies have stated their desire to ***ELIMINATE*** Community Services; specifically to cut funding for Senior Services, the Meals on Wheels program, Parks and Recreation, the Trail System and youth services ultimately leading to the death of community cooperation. And, their desire to ***cut Police and Fire protection*** is not only fool hardy and destructive, but dangerous.

The slowly improving economy remains challenging. We need to encourage our citizenry to utilize more our community to help them survive and grow. Without skilled emp extremely difficult for many new economy industries to grow. Focusing on our children and their ability through local school districts as well as LCC and MSU is important.
Another challenge facing businesses is the eroding of our infrastructure not only locally but statewide. B maintenance requirements of our road system we place an increasing strain on the ability of the busines goes on.

7. Budgets for local units of government will continue to be tight for the foreseeable future. If electe taxes? Yes or No? If so, which taxes?

Raising taxes should always be a last resort when possible. I believe it is important to maintain those se to expect from their local government such as police, fire, parks and utilities. Sometimes it is necessary taxes in order to continue to provide exemplary services. For example, after making several reductions t staff layoffs) Delhi Township still needed the support of a millage to maintain current levels of fire and pc this millage passed because the Township was diligent in their attempts to reduce expenses before askin

8. We believe budget shortfalls in all levels of government, whether federal, state or local, should be priorities and reducing spending before tax increases are considered. These initiatives allow us to continue to serve the public in a cost-effective manner. They protect our quality of life by maintaining police, fire, parks and utilities.

9. Would you be indined to reduce expenses in order to balance the budget? Yes or No? If you were would you cut first and what areas would you protect in the budget?

Yes. I would look at what areas of the budget could be reduced in order to maintain those things that th their local government. Possibilities include putting projects on hold for the future if they are not an eme staffing needs and benefits and joint collaborations in order to reduce expenses.

0. Leaders in the region have discussed opportunities to seek greater efficiencies through collaborativ advantages in this type of effort? If so, please provide some examples.

I feel there are always advantages to collaborative governance. An example that is already working is th Library services are providing to citizens without the municipalities providing much other than building ar of collaboration that may be advantageous in the future are shared fire services or police services. Shari automatic mutual aid and joint training can reduce the costs of each individual municipality and better se believe sharing resources with your local school district can be advantageous. Delhi Township currently programs with the Holt Public Schools whereby the Township maintains the fields and in return we can u programs at no cost.

1. What opportunities do you see in your jurisdiction and in the region to promote economic growth a

It is important to continue to have conversations about regionalism and the importance of thinking outsi that the ability to conceptualize the greater Lansing area as a region and agree on an organizational appr Regional Chamber of Commerce) offers a great opportunity to promote growth and development. I have had the pleasure of working with Stuart Goodrich for many years. During that time Stuart has worked very hard to make our community not only safe but an inviting and attractive place to raise our families. He has a commitment to public safety and education th will serve this community for many years. His years on the Board of Education with the Holt Public Schools and the Ingham Intermediate School district as well as a strong commitment enforcement commitment to this community serve as great examples. Stuart is the person w H.O.L.T. Scholarship program, insuring children's educational futures! His commitment to co Township I believe is best
demonstrated by our communities many new subdivisions and businesses. We are fortunate supervisor and I strongly support his re-election!

I have worked with Stuart Goodrich for 20 years on the Delhi Township board of Trustees and it has been very enjoyable. Stuart has always stood for the citizens of Delhi Township as one who did what was possible to keep costs to the residents as low as it could be. Stuart also stood for honesty and full disclosure of policies and ordinances so that the public was informed if they listened. Truly Stuart was an innovator as he encouraged the Department Head to explain any request for funding or changes in policy in their own words so the background for the request was disclosed more fully. The H.O.L.T. Scholarship program is completely Stuart's brain child which encourages the disadvantaged children of Holt School District with scholarships for them upon completion of high school. Based on these things, I am supporting STUART GOODRICH for DELHI TOWNSHIP SUPERVISOR.

I am in receipt of your letter dated August 3, 2012 with regards to a complaint filed by Jeffrey Hall alleging violations of the Michigan Campaign Finance Act which provides opportunity for written response and corrective measures to bring campaign material into compliance with the Act.

I did not knowingly violate the Campaign Finance Act and apologize for the misunderstanding. I knew a disclaimer needed to be on any election materials presented but did not realize an address must also be listed. The magnetic car sign as well as half of my yard signs were from the 2002 election year and when I needed more I just ordered the exact same thing. The yard signs that are new do have a disclaimer with the full address but only on one side, not both. The palm card and "Attention Delhi residents" pieces were accompanied by a letter which did include the full mailing address of the committee but those two pieces did not have the address nor did the website. I realize I should have researched the Act but instead just went by with what I knew in 2002 even though now I realize I must have been in violation of the Act back then too.

For corrective action, I have contacted the printing agencies that I used to inform them of the Act rules for future customers seeking their services in printing campaign materials. Also, since the August primary was already over when I received this letter my yard signs and magnetic car sign have already been removed and the website will be fixed or removed. I lost the Primary election to Jeffrey Hall and therefore will not be using any of my campaign materials in November. If I choose to run for a political office again I attest that I will be diligent in adhering to the Michigan Campaign Finance Act rules.

Please let me know if there is anything else you need me to provide.

Sincerely,

Stuart Goodrich

STATE OF MICHIGAN
RUTH JOHNSON, SECRETARY OF STATE
DEPARTMENT OF STATE
LANSING

October 12, 2012

Stuart Goodrich
2096 Cedar Street
Holt, Michigan 48842

Dear Mr. Goodrich:

The Department of State (Department) has completed its investigation of a complaint filed against you by Jeffrey Hall, which alleged that you violated section 47(1) of the Michigan Campaign Finance Act (MCFA or Act), 1976 PA 388, MCL 169.247(1), by failing to include a complete and correct identification statement on certain printed campaign material. This letter concerns the disposition of Mr. Hall's complaint.

The MCFA and corresponding administrative rules require a person who produces printed material that relates to an election to include the phrase "Paid for by [name and address of the person who paid for the item]." MCL 169.247(1), R 169.36(2). A knowing violation constitutes a misdemeanor offense punishable by a fine of up to $1,000.00, imprisonment for up to 93 days, or both. MCL 169.247(5).

The Act also requires the Department to "endeavor to correct the violation or prevent a further violation by using informal methods [,]" if it finds that "there may be reason to believe that a violation ... has occurred [.]" MCL 169.215(10). The objective of an informal resolution is "to correct the violation or prevent a further violation [.]" Id.

The complaint was filed by Mr. Hall on July 27, 2012, and you filed a written response on August 20, 2012. Mr. Hall did not file a rebuttal statement.

Mr. Hall alleged that your "[p]rinted material and website have incorrect 'paid for by' disclaimers [.]" Mr. Hall provided as evidence a flyer which states "Vote: STUART GOODRICH . . . For Delhi Township [,]" printed pages from a website which state "Re-Elect Stuart Goodrich [,]" a picture of a magnetic car sign which states "Stuart Goodrich . . . For Delhi Charter Township Supervisor [,]" a palm card which states "Re-elect STUART GOODRICH SUPERVISOR [,]" and two yard signs which state "Goodrich For Delhi Charter Township Supervisor [.]" It appears that the paid-for-by statement on the flyer, website, car sign, palm card, and one sign omits your committee's address. It also appears that one sign omits the paid-for-by statement.

In response, you filed a letter which stated that you "did not knowingly violate the Campaign Finance Act" and that you "did not realize an address must also be listed" in the paid-for-by statement. You also stated that because you received the notice of complaint after the primary election, and you will not appear on the November ballot, you have removed your signs. It also

appears the website has been removed. You stated that you "contacted the printing agencies that [you] used to inform them of the Act rules for future customers seeking their services in printing campaign materials."

While the Department believes that the evidence tends to show that your campaign material failed to contain a proper paid-for-by statement, section 15(10) of the MCFA requires the Department to "endeavor to correct the violation or prevent a further violation by using informal methods such as a conference, conciliation, or persuasion [.]" The Department also believes that the evidence tends to show that this was not a knowing violation. Additionally, the Department acknowledges that your campaign has ended and your materials are no longer in use.

The Department is advising you that section 47(1) and R 169.36(2) require you to print a complete and accurate identification statement on all campaign materials, consisting of the phrase "paid for by" followed by the full name and address of your committee. Note that all printed materials that refer to an election produced in the future must include this identification statement.

Please be advised that this notice has served to remind you of your obligation under the Act to identify your printed matter, and may be used in future proceedings as evidence that tends to establish a knowing violation of the Act. A knowing violation is a misdemeanor offense and may merit referral to the Attorney General for enforcement action. MCL 169.247(5), 215(10).

The Department now considers this matter closed and will take no further action against you at this time.

Sincerely,

Lori A Bourbonais
