The Big Decision to Begin Driver Education

Getting a license is an important milestone for teens and parents, but being a beginning driver carries special risks. Parents are in the best position to determine when their teen is ready to begin driver education, progress to independent driving, and have increased driving privileges. Graduated Driver Licensing laws are minimums for young drivers. Parents need to determine their own additional family rules.

Tips for Parents:

This resource provides an outline for the Graduated Driver Licensing (GDL) and driver education process and is intended for parents to keep and refer to as their teen goes through the steps.

Parents are strongly encouraged to attend driver education parent meetings when available in their area and to read the free Michigan’s Graduated Driver Licensing: A Guide for Parents publication and refer to it as their teen goes through the process of learning to drive.

Parents should also visit Michigan.gov/TeenDriver for additional Michigan teen driving information such as the publications mentioned in this brochure, and additional information about GDL, driver education and how to find a certified driver education program in your area.

Traffic crashes are the leading cause of death for teens.

A teen’s first year behind the wheel is critical. Graduated Driver Licensing is designed to limit teens to safer driving environments while they build their skills and gain driving experience with the goal of reducing traffic crashes.

Parents Need to be Good Role Models:

Teens mimic their parents' driving behaviors. Therefore, parents should obey all traffic laws, correct any unsafe driving habits, and refrain from using electronic devices while driving.

Parents Need to Monitor Their Teen’s Driving:

It takes 3-5 years for novice drivers to be exposed to the myriad of situations they will encounter. Parents who control access to the vehicle keys and ride along with them throughout their driving experience are in a better position to monitor their driving. Various types of monitoring devices and programs are available as well that flag and notify parents of risky behaviors.

**Level 1 Learner’s License Restrictions:** Teens must be at least age 14 years and 8 months to begin Level 1 Driving Education. The course is held over a minimum of 3 weeks, includes at least 24 hours in the classroom, 6 hours of driving, 4 hours of observation driving time, and a written examination. Parents need to communicate with their teen’s driver education instructor to receive feedback on their teen’s progress. A Parent Driving Permit may be offered to allow teens to practice driving while attending Level 1—learn the restrictions of the permit and specifics of what should be practiced.

**Driving Skills Test:** Teens must hold a Level 1 Learner’s License a minimum of 3 months and have completed 30 of the 50 hours of required supervised driving time with their parents (including 2 of the 10 hours at nighttime). Segment 2 includes a minimum of 6 hours of classroom instruction and a written exam.

**Applying for a Level 2 Intermediate License:**
- Must be at least age 16
- Must be 90 days crash and violation free
- Parent or legal guardian must accompany teen to the Secretary of State (SOS) office and sign the application form

**Documents required at the SOS office:**
- Proof of Social Security number, legal presence, identity, and Michigan residency, and a Michigan Driver Education Segment 1 Certificate of Completion

**Parent’s Required Supervised Driving Time:** The main reason for crashes among newly licensed drivers is inexperience. Driver education introduces teens to the mechanics of driving, but it is just the beginning of the learning process. From there, parents need to continue practice driving with their teens while they gain experience in all types of situations and conditions in order to reduce their risk of crashing. After teens are issued a Level 1 Learner’s License, parents are required to log a minimum of 50 hours of supervised driving time with their teens, including 10 hours at night.

**Segment 2 Driver Education:** Teens must hold a Level 1 Learner’s License a minimum of 3 months and have completed 30 of the 50 hours of required supervised driving time with their parents (including 2 of the 10 hours at nighttime). Segment 2 includes a minimum of 6 hours of classroom instruction and a written exam.

**Driving Skills Test:** Teens must hold a Level 1 Learner’s License a minimum of 6 months. Parents must certify that the minimum required parent supervised driving time (50 hours including 10 at nighttime) was completed. The driving skills test includes a vehicle inspection, basic control skills test, and an on-road driving test.

**Level 2 Intermediate License Restrictions:** Teens may drive without supervision, but they have restrictions. No more than one passenger who is younger than age 21. No driving between 10 p.m. and 5 a.m. Exceptions to these nighttime and passenger restrictions include when additional passengers are immediate family members, when driving to or from work or as part of an authorized activity. No hand-held cellphone use. No texting. Seatbelts are required for everyone in the front seat, and everyone under age 16 in vehicle.

**Additional family rules to consider:** No passengers, no nighttime driving, no electronic communication or entertainment devices, and require seatbelts by all in the vehicle regardless of age.

**Parent-Teen Driving Agreement:** Crash rates peak during the first 6 months that teens drive without supervision, making this an essential time for parents to provide guidance, oversight, and set limits. Parents who do this have teens that are less likely to receive traffic tickets or be involved in traffic crashes. Inexperience and immaturity combine to make young drivers especially at-risk at night, after drinking alcohol, with passengers, when unbelted, and when using cellphones. Parents are strongly encouraged to visit Michigan.gov/TeenDriver and complete the sample agreement that will help to keep teens safe.

**Level 3 License:** Teens with a Level 3 license have no state-imposed license restrictions. A parent/guardian may request that their teen remain at Level 2 and not automatically advance to Level 3. Teens must be age 17 or older, have held a Level 2 Intermediate License for a minimum of 6 months, and be 12 months crash and violation free.
GRADUATED DRIVER LICENSING (GDL) CHECKLIST

Keep this checklist in an accessible place to help you prepare for each step of the GDL process.

1. To begin Segment 1 Driver Education:
   - At least age 14 years and 8 months
   - Parent or legal guardian must supervise
   - Completed 30 of the minimum 50 hours of parent supervised driving time, including 2 of the 10 hours required at night

2. To begin Segment 2 Driver Education:
   - Have Level 1 Learner’s License at least 3 months
   - Passed a vision and health screening
   - Michigan Driver Education Segment 1 Certificate of Completion

3. To earn Level 3 License:
   - Must be age 17 or older
   - Have Level 2 Intermediate License for at least 6 months
   - No 12 months violation and crash free
   - Parent/guardian may request that their teen remain at Level 2 and not automatically advance to Level 3

Things to bring to SOS:
- Parent or legal guardian must accompany teen to SOS to sign application form
- Proof of Social Security number, legal presence, identity, and Michigan residency
- Michigan Driver Education Segment 1 Certificate of Completion

To take the Driving Skills test:
- Have Level 1 Learner’s License at least 6 months
- Completed minimum 50 hours of parent supervised driving time, including 10 hours at night

To apply for Level 1 Learner’s License:
- At least age 14 years and 9 months
- Pass a vision and health screening

Level 1 Learner’s License Restrictions:
- Teens must be supervised at all times by a parent, legal guardian, or designated licensed driver age 21 or older
- No hand-held cellphones
- No texting
- Seatbelts required for everyone in front seat, and everyone under age 16 in vehicle

Level 2 Intermediate License Restrictions:
- Teens are permitted to drive without supervision, but with restrictions:
  - No more than one passenger under age 21 except when additional passengers are immediate family members or when driving to or from work or as part of work or an authorized activity
  - No driving between 10:00 p.m. and 5:00 a.m. except to or from work or as part of work, or to or from an authorized activity
  - No hand-held cellphones
  - No texting
  - Seatbelts required for everyone in front seat, and everyone under age 16 in vehicle
  - No hand-held cellphones
  - No texting
  - Seatbelts required for everyone in front seat, and everyone under age 16 in vehicle

Additional family rules to consider:
- No passengers
- No nighttime driving
- No electronic communication or entertainment devices (including no Bluetooth)
- Seatbelts required by all in the vehicle regardless of age

To apply for Level 2 Intermediate License:
- At least age 16
- 90 days violation and crash free

Things to bring to SOS:
- Parent or legal guardian must accompany teen to SOS to sign license application
- Proof of Social Security number, legal presence, identity, and Michigan residency
- Level 1 Learner’s License, Michigan Driver Education Segment 2 Certificate of Completion, and a Driving Skills Test Certificate
