Renewing, replacing or correcting information

You may renew your enhanced card at any branch office or by mail if eligible. Changes of address may also be completed by mail or at any branch office.

Your current card will remain valid until your new card arrives in the mail.

If your enhanced card is lost or stolen, you may request a replacement at any branch office. You will need to present identification to substantiate your identity. Lost or stolen cards are immediately canceled and cannot be used for border-crossing purposes.

Contact the Department of State Information Center toll free at 888-SOS-MICH (767-6424) if you have not received your new card within two to three weeks of your request.

You may apply for an enhanced license or state ID card at any time. The card is valid for up to four years. It will take about two to three weeks to process your application and issue your new license or ID card.

How to get an ENHANCED license or ID

You are eligible for an enhanced license or ID if you:
- Are a U.S. citizen and a Michigan resident.
- (For licenses only) have no violations, suspensions, revocations or denials on your driving record that would prevent you from legally operating a motor vehicle.

Please note: When applying for an enhanced driver’s license or state ID card, your first and last name and date of birth on your identity and citizenship documents should match. If your current legal name is different from what is shown on your citizenship document, you must present lawful proof of the name change, such as an original marriage license, divorce decree or court order.

To apply:
1. Visit any Secretary of State office. Before you go, make sure you have the proper documentation. You will need to present proof of:
   a. A valid Social Security number (for example, a Social Security card)
   b. U.S. citizenship (for example, a certified birth certificate with a raised seal issued by a U.S. or U.S. territory government office; a certificate of citizenship or naturalization; a report of foreign birth abroad; or a valid U.S. passport
   c. Identity (for example, a current Michigan photo license or ID card)
   d. Residency (for example, a current Michigan photo license or ID card)
   More information is available on the Secretary of State website at www.Michigan.gov/sos.
2. A branch office clerk will take your photograph.
3. Pay the enhanced license or state ID card fee.

Using your ENHANCED card

At the border
When you enter the United States at a land or sea port, border security agents will verify your identity by scanning either the Radio Frequency Identification (RFID) chip embedded in your enhanced driver’s license or ID card, or the Machine Readable Zone (MRZ) printed on the back.

Similar technology is also found in U.S. passports and passport cards.

RFID equipment used at the border crossing will scan the card’s chip from several feet away. The chip contains a unique number that will be referenced against a secure database within the Department of Homeland Security to verify your identity. No personal information is kept on the chip.

Keep your card in its durable, protective sleeve when you are not using it to prevent any unauthorized access. Replacement sleeves are available at any Secretary of State office.

The back of the card also features a 2-D bar code that contains information found on the front of the card.
