

State Tax Commission September 16, 2010 Tip
Topic: Michigan Master Assessing Officer (4) Exam

Dear STaCy,

I received my letter regarding moving forward with the Michigan Master Assessing Officer Program. I fall into “bucket 2”. I have completed all my classes and I understand my next step is to take the 50 question exam. Any suggestions on how to study for the exam?

Sincerely,
Sue Studios

Dear Ms. Studios:

Congratulations on making the decision to move forward with the Master Level Program. We know it is a lot of hard work but certainly worth the effort. We don't have a study guide but can tell you that the exam covers assessing principles and the concepts covered in the classes you have taken to get to this point. As a good refresher, you can review the study guide put together for the transition class which is available on the STC website and the State Tax Commission's Assessors Manuals. We also suggest you brush up on advanced income and statistics.

Good luck and we look forward to you receiving your Master Level certification.

Sincerely,
STaCy
