FILING UNEMPLOYMENT CLAIMS BY TELEPHONE

The Unemployment Insurance Agency (UIA) has two methods that unemployed workers can use to apply for unemployment benefits – by telephone and by Internet. This fact sheet offers general information about applying for unemployment benefits by telephone.

Telephone-Filed Claims

Unemployed workers in the state can file their new unemployment claims or reopen established claims by dialing a special toll-free telephone number:

1-866-500-0017

This special telephone number is available to those calling from any area code in Michigan as well as throughout the United States and Canada.

UIA has established a schedule for jobless workers to follow when filing their unemployment claims by telephone. The schedule is based on the last two-digits of their Social Security numbers. If callers miss their scheduled call-in times, they can call anytime between 8:00 a.m. and 4:30 p.m. Eastern Standard Time on Thursday or Friday.

Time	Monday	Tuesday	Wednesday	Thursday / Friday
8:00 a.m. to 12:30 p.m.	00 – 15	34 – 48	67 – 81	Open call-in
12:30 p.m. to 4:30 p.m.	16 – 33	49 – 66	82 – 99	

For example, jobless workers with a Social Security numbers ending in 55 file their unemployment claims by telephone on Tuesday between 12:30 and 4:30 p.m.

Once a caller completes the process of applying by telephone, which takes about 30 minutes, the individual will hear a confirmation number, which means the information has been received, and the claim will be processed. Within 10 days, the caller should receive information by mail about the claim.
