**Re: WARN NOTICE TO STATE DISLOCATED WORKER UNIT**

Dear Sir/Madam:

In October 2015, Morley received notice from iSKY that effective December 30, 2015, Morley will no longer perform research services for the American Honda Motor Co. Therefore, on or before December 30, 2015, Morley will close its Honda Research program at its Saginaw facility, and the employment of individuals in that program will be discontinued.

This Notice of Facility Closing is being provided to you in compliance with the Federal WARN [Worker Adjustment & Retraining Notification] Act. This notice is based on the best information currently available to us but may change due to subsequent events beyond our control.

Company Name	Facility Address	Expected Date of First Separation	Anticipated Schedule for Making Separation
Morley Companies, Inc.	Honda Research Program One Morley Place Saginaw, MI 48603	December 30, 2015	December 30, 2015

This action is expected to be permanent. The remaining Morley operations at this facility will be continued.

Job titles of the positions to be affected, the number of affected employees in each job classification and the employees who currently hold these positions are provided on following page.

Bumping rights do not exist. There is no union representing the affected employees, and therefore, identification of a chief elected officer for a union is not applicable.

You may contact me directly for additional information.

Very truly yours,

Jill Gushow
