OVERVIEW

What is WIOA?

Public Law 113-128

The Workforce Innovation and Opportunity Act (WIOA) is the new federal law that governs the national Adult Education program. WIOA requires the alignment and integration of Education services with Employment and Training activities. The goal of WIOA is to provide customer centered services that put people to work faster, in higher paying jobs and have needed skills to better educate their children.

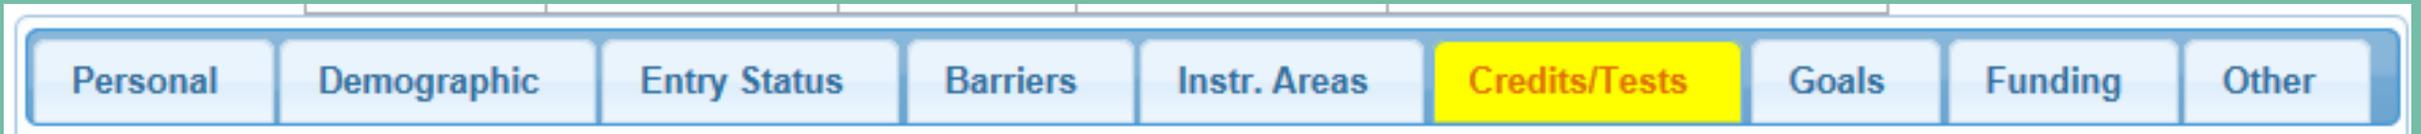

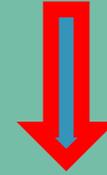

Affect to MAERS?

With WIOA will come many MAERS changes. These changes will be taking place in phases over the current 2016-2017 program year and the MAERS Team will keep you up to date on these changes as they are implemented.

The following slides will provide the changes that have been updated on the MAERS Registration, Class Enrollment, and Program Exit screens. The changes are aligned with the Adult Learning Plan.

Q & A

Q: What will happen to any OSSID or Passed Class check box that I have already completed for 2016-2017?

A: Because these fields are being eliminated, any OSSID entered or Passed Class box checked will also be eliminated from the participant's MAERS record.

Q: What if I already manually program exited a participant with a date after the most recent Class Exit Date?

A: The MAERS team will systematically make the Exit Status Date corrections, if needed.

The MAERS User Manual will be updated as soon as possible with the changes but in the interim, short power point presentations will be sent out via Listserv Emails with each change. These power points will be located on the MAERS page of the Adult Education website at www.michigan.gov/wda.

Please contact the MAERS helpdesk with any questions at MAERS@michworks.org.
