Re: WARN Notification
Quest Diagnostics
1947 Technology Drive, Troy, MI 48083

Dear Ms. Johnson:

Unfortunately, Quest Diagnostics, Inc. will be permanently closing its facility located at 1947 Technology Drive, Troy, MI 48083. As a consequence, 57 employees will be permanently laid off from employment on May 8, 2018. Some employees may be excused from reporting to work at various earlier dates, but if so they will continue to be employed, with full pay and benefits, until May 8, 2018, and may use the excused time for job search activities.

No bumping rights exist. However, it is possible as events develop that some employees may have an opportunity to apply for positions in other locations, in which case, if they are offered and accept the new position, they either will not be laid off or their layoff will be temporary rather than permanent.

A listing of the job titles of the positions affected and the number of affected employees in each job title is attached as Exhibit 1. Further information about this layoff may be obtained from James Horner at 630-475-4633. This notice is based on the best information currently available.

Very truly yours,

James Horner
HR Business Partner
