Dear Committee Chairs:

Please find attached the report required by MCL 791.265c listing prisons and prison camps that provide public works to nonprofit agencies. Additionally, the Special Alternative Incarceration program contracted with one nonprofit organization, the Chelsea Community Hospital. One public works crew, consisting of up to eight trainees, was provided to perform grounds-keeping functions for the hospital.

There were no objections noted by the Community Liaison Committees relative to the referenced projects.

If you have any questions or comments regarding the attached report, please contact me.

Sincerely,
