Subject: Counting the Homeless

Dear MICRC,

After attending 26 meetings/hearings online, and one in person, I can honestly say that you are doing a great job.

At the last two hearings in Detroit concerns for the homeless were eloquently stated. Please be aware that the Michigan State Housing Development Authority (MSHDA) conducts an annual count of the homeless. By contacting them you can get a good idea of how many homeless Michigianians are living in the CDs, in the state house districts, and in the state senate districts.

Hopefully, this will help you in completing your mission.

Peace,

Jack G. Devine

Dimondale, MI
