

MI School Data News and Updates

Updated as of April 17, 2019

Public Releases

The following reports have been released to the public:

The [At Risk Student](#) report showing the number and percent of proficient 3rd and 11th grade students identified as "Section 31a At Risk" on the M-STEP and SAT has been updated with 2017-18 data.

Student progression in postsecondary education after high school graduation is shown in the [College Progression by Graduating Class](#) report. The report has been updated with postsecondary school year data for high school graduation years 2016-17 and prior.

School of choice and other resident statuses for traditional and charter districts have been updated with 2018-19 data in the [Non-Resident Status](#) report.

School year 2018-19 headcount data have been updated in the [Student Count](#) report. Early middle college students are now included as a report category.

The [College Enrollment Destination](#) report shows the colleges and universities in which public high school students enrolled by school or district, and by graduation year. This has been updated with data for graduation years 2016-17 and prior.

Parent Dashboard Updates

The following [Parent Dashboard](#) metrics have been updated with the most recent data available:

- Graduates Proficient in SAT

For a schedule of report releases, please see our [Report Calendar](#). Check the ticker on [MI School Data](#) for updated report release news.
