Voluntary Recall of Marijuana Products

In coordination with the Bureau of Marijuana Regulation (BMR), Choice Labs, LLC, in the interest of public health and public safety, is issuing a voluntary recall – and BMR is issuing a health and safety advisory – due to the release of non-laboratory tested marijuana products supplied to provisioning centers by Choice Labs, LLC. Since marijuana patients may be immunocompromised, Choice Labs, LLC and BMR are taking precautionary steps to issue this recall. Choice Labs, LLC, will dispose of or retest the recalled medical marijuana products.

Patients or caregivers who have these affected medical marijuana products in their possession should return them to the provisioning center from which they were purchased for proper disposal or retesting. Provisioning centers are encouraged to notify patients or caregivers that purchased these medical marijuana products of the recall.

All affected medical marijuana has a label affixed to the container that, at a minimum, indicates the license number of the marijuana facility that manufactured the marijuana product, as well as the production batch number assigned to the marijuana product.

This recall affects the following batches under Processor License PR-000005:

1A40501000009000000000035	1A40501000009000000000077
