

Inland Trout & Salmon Regulations

The information in this section (pp. 38-57) provides fishing regulations that pertain only to the taking of trout and salmon from inland waters. Check the county listings on pp. 44-57 for specific waters and the regulations placed on each according to the Type listed for that entry. Regulations for lakes and streams are listed in either the lake regulations table (below), stream regulations table (p. 39), or the gear restricted streams section (pp. 40-42). **Maps have been developed to assist anglers in identifying inland trout waters and the regulations associated with each Type as indicated by color scheme and text. Maps are only available online at Michigan.gov/FishingGuide. During closed season dates on inland trout and salmon waters, fishing is prohibited for all species.** Anglers should check the *It is Unlawful To* section for restrictions on hooks and lures (p. 11) and the *Exceptions to General Regulations by County* (pp. 28-31) for other restrictions.
