General: Work shall not be started until the permit has been approved by the Bureau of Construction Codes. All installations shall be in conformance with the ASME Boiler & Pressure Vessel Code, NBIC and Michigan Boiler Code Rules. The telephone number for the inspector will be provided on the permit form.

When ready for an inspection, call the inspector providing as much advance notice as possible and provided the job location, permit number, and contact information. Schedule permitting, the inspector will respond to an inspection request within two (2) business days to schedule the inspection. Inspections are typically performed within five (5) business days subject to the inspection schedule.

A new or reinstalled boiler shall not be operated until final inspection conducted by the Boiler Section is approved.
