Department Update

Affholter distributed a Memorandum pertaining to Appointments/Reappointments to the Advisory Committee on Pain and Symptom Management (ACPSM), per MCL 333.16204a. The Memorandum explains the duties of appointees, noting the current member's expiration date as June 30, 2015. Any nominations or questions may be addressed to Susan Affholter at affholters@michigan.gov or 517-373-7303.

Lind announced that the Bureau will be reorganized during 2015.

PUBLIC COMMENT

Jeff Kauffman, Walmart, agreed with Penny's comments that clarification is needed regarding the duties non-pharmacy technicians may perform. He also agreed that the June 30, 2015 pharmacy technician licensing renewal requirement is burdensome and costly, which may also lead to some pharmacy technician's not being licensed by July 1, 2015.

Liz Stewart, Ross Medical Education Center, stated her desire to have rules that require employers to be as strict as the nationally recognized tests.

Louis DeMott, representing several human rights organizations, read aloud a letter sent to the Board of Pharmacy, asking the Board to join the American Medical Association's effort to prohibit pharmacists from participating in executions.

Kelsey Kauffman, SumOfUs, also commented that Pharmacists have a responsibility of duty of care as stated in R 338.490(c). She believes this rule prohibits the practice of pharmacists providing compounded drugs that are used in executions.

Bill Maguire, Omnicell, requested more direction on pharmacy technician certification and testing requirements, so that they may comply with the new licensing requirements.
