

*Premier Provider of
High-Quality Workplace
Safety and Health Training*

MIOSHA Training Institute (MTI) 2020 Spring and Summer Schedule

MIOSHA Training Institute (MTI)

Premier Workplace Safety and Health Training

MTI provides a wide range of seminars across the state directed toward improving and advancing safety and health in the workplace. Employers, workers, safety and health personnel and others can participate in the same training MIOSHA provides to its own professional staff.

Consistent and Credible Statewide Seminars

MTI delivers affordable, consistent, participant driven and informative seminars. Based on the most up-to-date industry standards in a hands-on, interactive environment, courses are offered in sponsorship with M-TEC facilities, community colleges, and safety and health organizations at a reasonable cost.

Continuing Education Units (CEUs) and Certificate Programs

The MTI assessment-based certificate program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise. The courses offer continuing education credits and maintenance points as well as an opportunity to achieve Level One General Safety and Health, Level Two Safety and Health Management Systems (SHMS), and Safety and Health Compliance certificates. An Occupational Health certificate is also available.

MTI courses may qualify an employer for potential penalty reductions during a MIOSHA inspection.

MTI Certificate Programs

LEVEL ONE

General Industry Safety and Health

Required

MIOSHA General Industry 10-Hour +
Recommended Practices for Safety and Health Programs

Electives (Select 2)

Human Factors Engineering
Job Safety Analysis Made Easy
Machine Guarding and Hazard Identification
Supervisor's Role in Safety and Health
When MIOSHA Enforcement Visits (*offered on-line only*)

Construction Safety and Health

Required

Health Hazards in Construction
MIOSHA Construction 10-Hour Course
MIOSHA Construction – Part 45 Fall Protection

Electives (Select 4)

Asbestos and Lead Awareness
Electricity: The Invisible Killer
Excavations: The Grave Danger
MIOSHA Recordkeeping and Cost of Injuries
Supervisor's Role in Safety and Health *
When MIOSHA Enforcement Visits ** (*offered on-line only*)
Part 2 – Masonry Wall Bracing
Part 10 – Cranes and Derricks
Part 12 – Scaffolds and Scaffold Platforms
Part 13 – Mobile Equipment and Work Zone Safety
Part 32 – Aerial Work Platforms
Part 451 – Respiratory Protection*
Parts 6, 33, and 433 – Personal Protective Equipment Standards for General Industry and Construction **
Parts 17, 39, and 40 – Electrical Standards for General Industry and Construction **
Parts 35, 90, and 490 – Confined Spaces in Construction and Permit-Required Confined Spaces in General Industry **
Parts 42, 92, and 430 – Hazard Communication and Right-To-Know Requirements **

LEVEL TWO

MIOSHA Compliance for General Industry

Required

Part 7 – Guards for Power Transmission
Part 85 – Control of Hazardous Energy Sources
Parts 17, 39, and 40 – Electrical Standards for General Industry and Construction *
Parts 42, 92, and 430 – Hazard Communication and Right-To-Know Requirements *

Electives (Select 5)

Conveyors: Hidden Hazards
Industrial Robotic Safety
Understanding Industrial Laser Safety
Part 1 – General Provisions
Part 2 – Walking-Working Surfaces
Part 21 – Powered Industrial Trucks: What Every Trainer and Operator Must Know
Part 380 – Occupational Noise Exposure **
Part 451 – Respiratory Protection**
Parts 6, 33, and 433 – Personal Protective Equipment Standards for General Industry and Construction **
Parts 23 and 24 – Hydraulic and Mechanical Power Presses
Parts 35, 90, and 490 – Confined Spaces in Construction and Permit-Required Confined Spaces in General Industry **
Parts 472 and 554 – Medical Services and First Aid, Bloodborne Infectious Diseases *

MIOSHA Compliance for Construction

Students must successfully pass any eight electives not previously taken from the Construction track.

Safety and Health Management Systems (both General Industry and Construction)

Required

11	Occupational Noise Exposure – Howell (GI, H)

COVID-19 - Canceled MTI Classes

In accordance with Gov. Gretchen Whitmer and the Michigan Department of Health and Human Services' recommendations designed to help prevent the spread of Coronavirus Disease 2019 (COVID-19), we are canceling all MIOSHA Training Institute (MTI) *in person courses* through the end of April.

The State is taking proactive steps to mitigate the spread of COVID-19 in Michigan. We appreciate your understanding and cooperation in reducing the coronavirus risk to Michigan residents.

For current and up-to-date information regarding the Coronavirus visit <http://www.Michigan.gov/Coronavirus> or <http://www.CDC.gov/Coronavirus>.

When MIOSHA Enforcement Visits

You can take this course at your convenience from office or home. No travel is required. For more information, see the MTI Training Calendar at www.michigan.gov/mioshatraining.

While every effort has been made to ensure the accuracy of this information, it is subject to change without notice. The most current information about class additions, changes and cancellations is available on our MTI Training Calendar.
