

State Progress Toward the Eight Goals of the State Strategic Education Plan

Michigan State Board of Education Meeting
November 9, 2021

Michael F. Rice, Ph.D.
State Superintendent

Expectations

- Michigan's Top 10 Strategic Education Plan (approved by the State Board of Education in August 2020)
 - Focused direction
 - Clear and concise goals
 - Metrics indicating progress toward goals
 - The **state's** strategic education plan
- MDE is committed to providing regular updates on progress toward individual goals at SBE meetings.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

Goals

- 1. Expand early childhood learning opportunities**
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

National Institute for Early Education Research (NIEER), Rutgers Annual Yearbook Rating for State-funded Preschool Programs

NIEER Rated Metrics	2016	2017	2018	2019	2020
Number of NIEER State-funded Preschool National Quality Benchmarks Met (out of 10)	9	10	10	10	10
NIEER National Ranking for GSRP on Quality	3	3	1	1	1
Tied with (Number of States)	3	3	2	3	6
NIEER National Ranking for GSRP on Access	15	16	18	18	21
NIEER National Ranking for GSRP on Funding Level	15	12	14	14	14

Data Source: National Institute of Early Education Research: <https://nieer.org//state-preschool-yearbooks>

2021 data available in April 2022

Overall Funding (with projections)

Funded Slots with projections

Number of GSRP Eligible Children Served with projections

Half-day Per Pupil Funding with projections

Goal 1: Recap

- GSRP quality is tied for #1 in nation.
- GSRP access is rated #21 in nation.
- Michigan's GSRP received an increase of \$168 million in federal pandemic relief and state funds in negotiations between the governor and legislature to allow for the expansion of pre-school to all eligible children over the next three years. There is a **rising bipartisan consciousness** of the importance of pre-school.
- Increases in the number of students funded and the amount per pupil will improve access and Michigan's access rank nationally.

Goals

1. Expand early childhood learning opportunities
- 2. Improve early literacy achievement**
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

* No testing conducted given 2-year cycle. NCES did not test in spring 2021 given concerns about longitudinal comparability.

Data Source: [National Center for Education Statistics](#)

Spring 2022 data anticipated in fall 2022

Goal 2: School District and Department Efforts to Boost Literacy

- Expansion of GSRP pre-school
- Diversity in Literature
 - Diverse classroom libraries
 - February 2021 conference (1,900 attendees) and 4-part virtual conference - Oct. 2021 to July 2022
- Language Essentials of Reading and Spelling (LETRS) Training Grant (Pre-K-3 teachers)
- Michigan Comprehensive Literacy State Development Grant: 5 High-Poverty Districts
- Dyslexia Guidance
- Literacy Essentials Professional Development
- Lower Class Sizes in Early Grades in Some Districts
- Parent Education and Family Literacy

Goal 2: Recap

- Pre-pandemic, almost every student group had made progress on M-STEP.
- Since the pandemic, there have been declines in reading across the state and nation.
- With additional time in class this year, students and staff should make additional progress. Much work remains to be done both academically and socioemotionally for our students and staff as we come out of this challenging period.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
- 3. Improve the health, safety, and wellness of all learners**
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

Average daily student participation in school breakfast programs

15-16	16-17	17-18	18-19	19-20	20-21
384,535	383,949	380,551	383,844	398,464	363,181

New Data Included

Percent of students who have on-track attendance

15-16	16-17	17-18*	18-19	19-20	20-21	4-year percentage point (p.p.) change
85.3%	84.4%	80.1%	80.3%	79.6%	80.1%	-5.7 p.p.

**Prior to school year 17-18, a student was counted as absent only if they missed a full day of school. Beginning with 2017-18, that rule was changed to count students as absent if they miss more than 50% of the school day.*

Percent of students who have been bullied on school property in the past 12 months

14-15	15-16	16-17	17-18	18-19	4-year percentage point (p.p.) change
25.6%	*	22.8%	*	21.4%	-4.2 p.p.

***Survey administered every other year**

Data Source: Youth Risk Behavior Survey (YRBS) administered odd-numbered years; grades 9-12 only

20-21 data anticipated in August 2022

Percent of students who felt sad or hopeless almost every day for two weeks or more in a row during the past 12 months

14-15	15-16	16-17	17-18	18-19	4-year percentage point (p.p.) change
31.7%	*	37.3%	*	36.4%	4.7 p.p.

Percent of students who seriously considered attempting suicide during the past 12 months

14-15	15-16	16-17	17-18	18-19	4-year percentage point (p.p.) change
17.3%	*	21.3%	*	18.7%	1.4 p.p.

* Survey administered every other year

Data Source: YRBS administered odd-numbered years; **20-21 data anticipated in August 2022**
grades 9-12 only

Percent of students who were physically active for a total of at least 60 minutes per day on five or more of the past seven days

15-16	15-16	16-17	17-18	18-19	4-year percentage point (p.p.) change
46.0%	*	45.6%	*	44.7%	-1.3 p.p.

Percent of students who used tobacco products and/or electronic vapor products during the past 30 days

14-15	15-16	16-17	17-18	18-19	2-year percentage point (p.p.) change
N/A	*	22.8%	*	23.0%	0.2 p.p.

* Survey administered every other year

Data Source: YRBS administered odd-numbered years;
grades 9-12 only

20-21 data anticipated in August 2022

Percent of children ages 0-17 years who were ever told by a doctor that they had asthma

14-15	15-16	16-17	17-18	18-19	4-year percentage point (p.p.) change
11.6%	12.5%	11.9%	12.5%	11.0%	-0.6 p.p.

Percent of children ages 0-17 years who currently have asthma

14-15	15-16	16-17	17-18	18-19	4-year percentage point (p.p.) change
7.7%	8.9%	8.8%	8.6%	7.8%	0.1 p.p.

Data Source: Behavioral Risk Factor Survey (BRFS)
administered by Michigan Department of Health and Human Services (MDHHS)

20-21 data anticipated in August 2022

Percent of children tested for lead and percent of children who had high lead levels (anticipated data available fall 2022)

Number of students who received school mental health and support services

Data Source: MDE

New Data included

Michigan's National Rank for Overall Child Well-Being

	2016	2017	2018	2019	2020
Overall Child Well-Being Rank	31	32	33	32	28

Data Source: Annie E. Casey Foundation: <https://datacenter.kidscount.org/publications>

2021 data available June 2022

Goal 3: School District and Department Efforts

- Feeding of children during the pandemic **wherever** they were educated. More than 245 million meals served since the beginning of the pandemic.
- Social and Emotional Learning (SEL)/Children's Mental Health Network
- SEL Campaign: Children Matter. You Matter. Learn SEL!
- Michigan Health Endowment Fund-Supported SEL Community of Practice
- Direct Mental Health Services for Children at School

Investments in Children's Mental Health

Since the summer of 2018, when the legislature first funded children's mental health in the state school aid act—\$30 million in the then-new Section 31n in the state's FY 2019 budget—there has been **a rising bipartisan consciousness** of the importance of funding and addressing children's mental health needs in Michigan schools.

Investments in Children's Mental Health

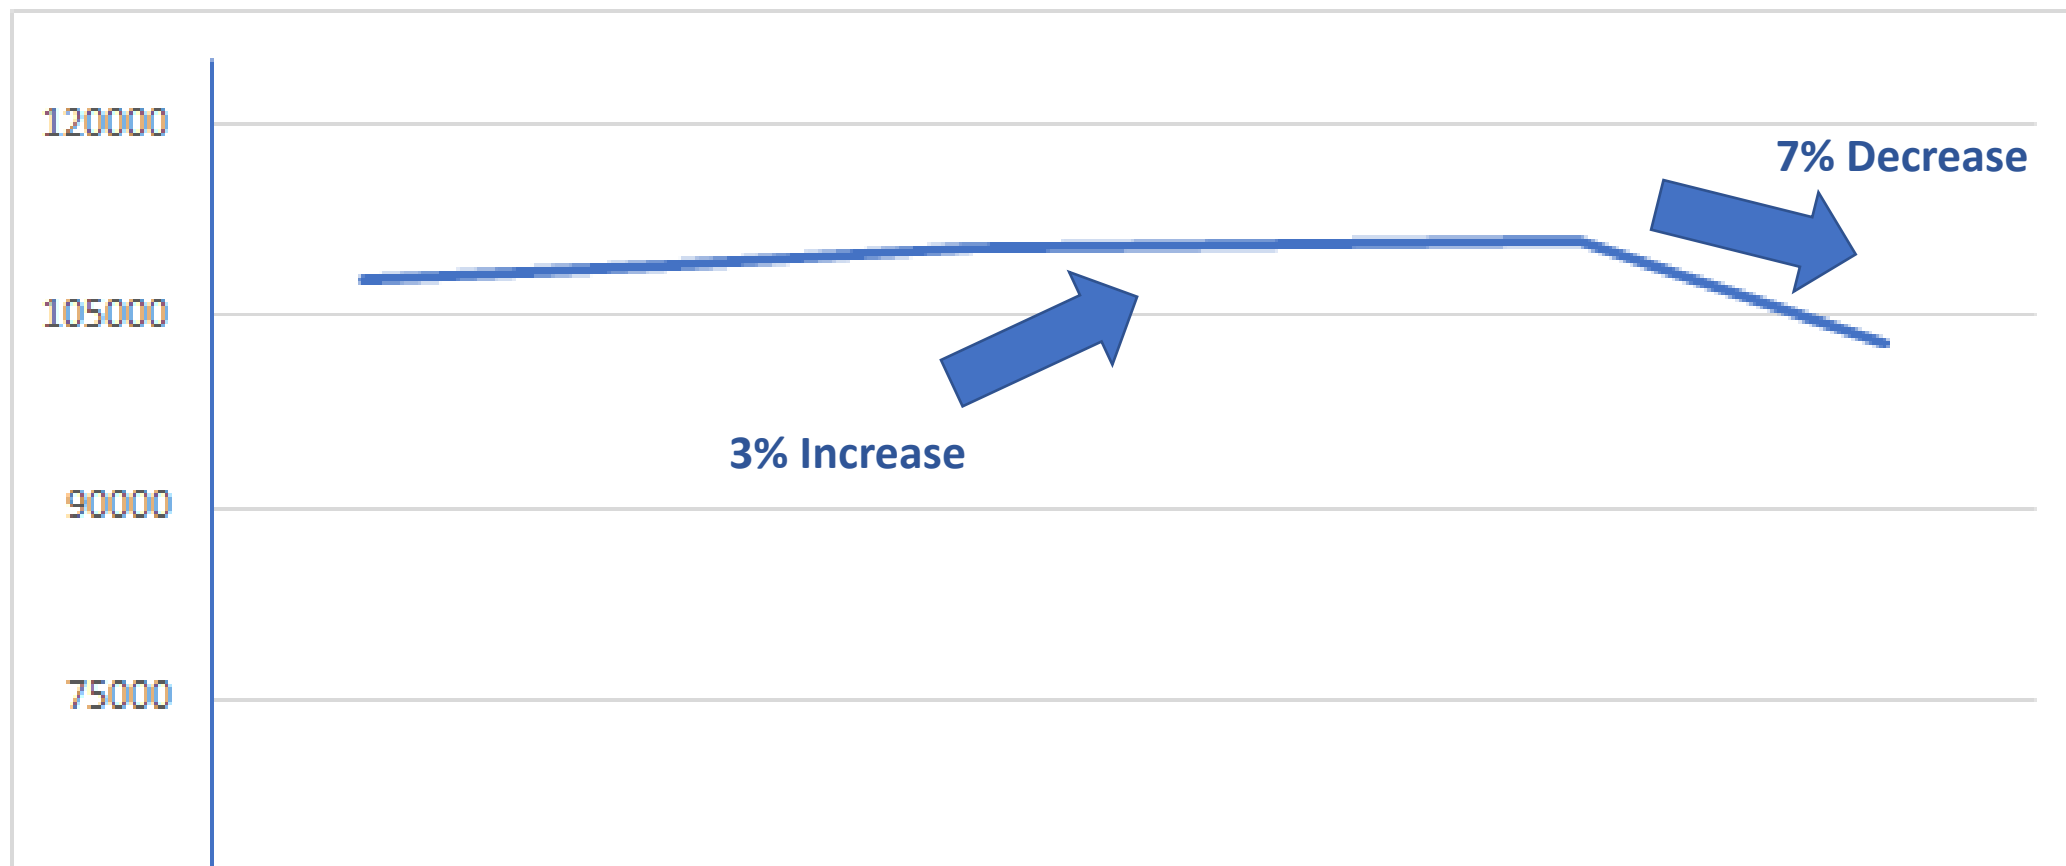

- State investment to hire mental health providers in schools statewide
 - \$37.8M in Section 31n(6) of the state school aid act
 - \$14.3M in Section 31n(5) of the state school aid act
 - \$240M in Section 31o of the state school aid act – New for FY22—To hire nurses, guidance counselors, social workers, and school psychologists.
- Caring for Students (C4S): Medicaid match strategy that expanded Michigan's existing School Services Program (SSP) to provide services to Medicaid-eligible general education students.
- Federal Elementary and Secondary School Emergency Relief (ESSER) Fund
 - Michigan's total ESSER Allocation \$5.8 billion
 - MDE Education Equity Fund - \$7.65M in competitive grant awards to provide mental health services and supports
- \$500K grant from the Michigan Health Endowment Fund to help support the development of SEL in applicant districts across the state.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
- 4. Expand secondary learning opportunities for all students**
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

Goal 4: Recap

- Michigan public schools made impressive gains in secondary school programs—career and technical education, Advanced Placement, International Baccalaureate, Early Middle College, dual enrollment, and transition services—pre-pandemic, many of which went unreported or under-reported in the media.
- These gains have slowed in some cases during the pandemic.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
- 5. Increase the percentage of all students who graduate from high school**
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

MI School Data

Goal 5: Recap

- Graduation rate increases: **9 of the last 10 years.**
- Secondary school programs have helped increase graduation rates.

Goal 5: Efforts

- Special Education Instructional Leadership Network (SEILN)
- Focus on inclusion and quality tier one instruction
- Personal curriculum (available to all students)
- Expansions in the following secondary school programs: Career and Technical Education, Early Middle College, Dual Enrollment, Advanced Placement, and International Baccalaureate
- Graduation Alliance funded last year by the state legislature.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
- 6. Increase the percentage of adults with a post-secondary credential**
7. Increase the numbers of certified teachers in areas of shortage
8. Provide adequate and equitable school funding

Number of Adults (ages 25-64) with a Certificate or Degree (Post-Secondary Credential)

2015	2016	2017	2018	2019	4-year percentage point (p.p.) change
43.4%	43.7%	45.0%	48.9%*	49.1%	5.4 p.p.

*In 2018, certifications obtained outside the work environment were added in the calculation by the Lumina Foundation to post-secondary credentials, which had previously included workforce certificates, associate degrees, bachelor's degrees, graduate or professional degrees.

Data Source: Lumina Foundation:

<https://luminafoundation.org/our-work/stronger-nation>

2020 Data anticipated in February 2022

Number of Adults (ages 25-64) with a Certificate or Degree (Post-Secondary Credential)

	2018		2019	
	Percentage	Number	Percentage	Number
Certificates and Industry-recognized Certifications	7.4%	382,430	7.4%	380,854
Associate Degree	10.3%	528,877	10.1%	516,354

Graduate or Professional Degree	11.6%	594,650	11.7%	601,493
Total	48.9%	2,517,483	49.1%	2,517,732

Data Source: Lumina Foundation:

<https://luminafoundation.org/our-work/stronger-nation>

2020 Data anticipated in February 2022

Goal 6: School District and Department Focused Efforts

- **Career and Technical Education**
 - Postsecondary Recognized Credential
 - Career Pathway Program of Study
- **Early Middle College**
 - Blended High School and Postsecondary Coursework
 - Students Commit to a 13th Year of School
- **Advanced Placement**
 - Students Complete AP Curriculum and Assessment
- **Transition Services**
 - Student Develop a Post-High School Success Plan

Goal 6: State of Michigan Focused Efforts

Michigan Reconnect

Michigan Reconnect is a scholarship program that pays for individuals to attend an in-district community college tuition-free and provides one-time grants for enrollment in approved training programs.

Futures for Frontliners offers essential workers an opportunity to complete high school or community college tuition-free.

Michigan Career & Technical Institute

Michigan Career & Technical Institute (MCTI) develops customized workforce solutions for businesses and individuals with disabilities and provides an educational center for adults with disabilities in Michigan that offer career assessment services to help students explore job options.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
7. Increase the numbers of certified teachers in areas of shortage
- 8. Provide adequate and equitable school funding**

2020-21 Pre-K-12 Funding

- **Local Revenue**

- Local district millages to support foundation allowances
- ISD millages (e.g., operating and special education)

- **State Revenue**

- At-risk funding, CTE, and other funding

- **Federal Revenue**

- Title funding, Individuals with Disabilities Education Act funding

Local Revenue	\$3,700,000,000
State Revenue	\$13,900,000,000
Federal Revenue	\$1,800,000,000
Total Funding for Pre-K-12	\$19,400,000,000

Note: These funds do not include non-recurring federal pandemic relief funds

FY22: Historic School Aid Budget Investments

The governor and the legislature agreed to the following historic investment in public schools:

- Increase in the minimum foundation allowance to \$8,700 per pupil.
- Increase in Great Start Readiness Program (GSRP) funding by \$168 million.
- Funding of \$240 million to help districts hire school nurses, social workers, counselors, and psychologists.
- Increase in the *EarlyOn* program from \$7.5 million to \$14.5 million.
- Provision of \$1.67 million to help districts with Grow Your Own programs to help school support staff explore careers in teaching.

This budget demonstrates a **rising bipartisan consciousness** that Michigan public schools have been underfunded and require more funding.

Comparing School Finance Research Collaborative (SFRC) Funding Recommendations and Actual 2020-21 Funding

SFRC Recommendations

- SFRC recommended a base funding of \$9,590 per student with specific substantial additional weights for students with disabilities, poor children, and English learners.
- SFRC recommended further exploration of three other areas of school underfunding:
 - Transportation Costs
 - Capital Costs
 - Higher Poverty

Transportation Costs

- In January 2018, SFRC recommended a \$731 per rider estimate to address transportation costs, approximately **\$430 million**.

BUT

- Total transportation costs for 2019-20 were **\$860 million**.
- SFRC recommended an additional research study on transportation costs.

Capital Costs

- SFRC recommended a \$400 per student estimate to allow districts to address ongoing maintenance, which would cost approximately **\$500 million**.

BUT

- Total capital costs for 2019-20 were **\$3.3 billion**.
 - \$1.6 billion in operations and maintenance costs.
 - \$1.7 billion in building acquisition, construction, and improvement costs.
- SFRC recommended an additional research study on capital costs.

Higher Poverty Student Costs

- SFRC recommended an additional research study on the added costs of serving *higher* poverty students.
- *“Based on the study team's current research in Michigan, these [higher poverty] students are likely to require approximately an added .15 weight to be adequately served [above and beyond the 0.35 for other poor students].”* Costing Out the Resources Needed to Meet Michigan’s Standards and Requirements (SFRC Study), Final Report January 12, 2018
- One potential method would be to consider the total number of children eligible for free/reduced price lunch relative to a school building's total population.
 - Cost for buildings with an eligible student population of 75% or higher: **\$423 million.**
 - Cost solely for buildings with an eligible student population of 90% or higher: **\$177 million.**

Goal 8: Summary

Even with historic state investments in public education this fiscal year, with the inclusion of capital costs, higher poverty student costs, and transportation costs, Michigan schools continue to be underfunded by approximately \$5-7 billion annually.

Goals

1. Expand early childhood learning opportunities
2. Improve early literacy achievement
3. Improve the health, safety, and wellness of all learners
4. Expand secondary learning opportunities for all students
5. Increase the percentage of all students who graduate from high school
6. Increase the percentage of adults with a post-secondary credential
- 7. Increase the numbers of certified teachers in areas of shortage**
8. Provide adequate and equitable school funding

Why is there a teacher shortage?

- There is a teacher shortage in many states across the country. What factors have exacerbated the shortage in Michigan?
- Michigan ranked 50th of 50 states in total education revenue growth, inflation-adjusted, from 1995 to 2015 according to a Michigan State University study.

Source: Michigan School Finance at the Crossroads: A Quarter Century of State Control (Michigan State University, 2019)

Why is there a teacher shortage?

- In 2011, the legislature decreased funding by \$470 per student. The result: teacher and other staff pay freezes and reductions, teacher and other staff layoffs, higher class sizes, and fewer support staff.
- Educators were mandated to pay a greater share of health insurance and retirement costs.
- The state mandate for annual evaluations of all educators was established in legislation that passed in 2009 and was updated with further legislation in June 2011. The requirement for use of student growth data, including state tests, in teacher ratings and the imposition of consequences for ineffective evaluations took effect a few years later.

Teacher Preparation Enrollment

Year	Enrollees	Completers	Total
2013-14	18,483	4,720	23,203

African American/Black Teachers on the Rise

Although there was a decrease of Black or African American teachers prior to 2015, since that time there has been an increase of more than 660 Black or African American teachers.

An effort to highlight: **In-Demand** provides Black men in Detroit opportunities to become educators, mentors, and volunteers in their schools and communities.

Goal 7: School District and Department Efforts

- Teachers and would-be teachers regularly cite compensation—and particularly entry-level compensation—as the major issue relative to entering and staying in the teaching profession. I’ve said it before, I’ll say it again: we need to boost teacher compensation, particularly beginning early-career salaries. We have an opportunity with some of our new funding, but we need to be careful to put ***recurring*** expenditures only on ***recurring*** revenue.
- We also need to improve teaching and learning conditions in our schools, including providing more opportunities for our teachers to share their voices and experience.

Goal 7: School District and Department Efforts

Grow Your Own (current students and/or staff)

- Grow Your Own programs for support staff to become teachers, based on the needs of the potential educators and the local school community.
- Grow Your Own programs for students with an interest in exploring and possibly becoming teachers.

Goal 7: School District and Department Efforts

Future Proud Michigan Educator Explore Program (students)

- Provides opportunities for high school students to engage in hands-on teaching experiences with students, with supervision and mentoring by educators.
- MDE awarded \$1.1 million in Grow Your Own implementation grants to 44 school districts to encourage interest of students in teaching, developed and shared content standards and curriculum, and provided free professional development for mentors.

Goal 7: School District and Department Efforts

Welcome Back Proud Michigan Educator (formerly certified)

- In the spring, MDE sent tens of thousands of postcards to formerly certificated individuals.
 - 1,162 formerly certificated individuals have provided an email address to be contacted by districts.
 - 161 districts have submitted waiver requests to MDE for 228 eligible educators to be recertified under the waiver criteria.

Goal 7: School District and Department Efforts

Welcome Back Proud Michigan Educator (currently certified)

- In October, MDE sent 35,454 letters to educators with valid certificates who are currently not teaching in a public school.
 - 1,111 have provided an email address to be contacted by districts.
- 336 eligible districts have participated in the campaign by receiving weekly updates of contact information for individuals who have agreed to share.

Goal 7: School District and Department Efforts

Alternative Certification Programs (proposed by local school districts):

- [Detroit Public Schools Community District \(DPSCD\) On the Rise Academy program](#)
 - Supports aspiring teachers, including para-educators and academic interventionists currently employed by DPSCD, in earning initial teacher certification.
 - Supports certified teachers currently employed by DPSCD who want to earn additional endorsements in mathematics, science, and elementary education.
 - Enrolled 55 new teacher candidates in its first cohort; 87% identifying as Black or African-American.
- [New Paradigm for Education's program](#)
 - Focuses on increasing the diversity of Michigan's educator workforce, particularly in greater Detroit, to reflect more closely the diversity of public school students.
 - A residency-based alternative route to teacher certification program to recruit, train, and retain high-quality educators, particularly male teachers of color particularly teachers of color.
 - 13 new teacher candidates in its first cohort; 12 of the 13 candidates identify as Black or African-American.

Goal 7: School District and Department Efforts

Special Education Certification Flexibility

- Allows for greater flexibility in the placement of certified special education teachers with a waiver from MDE.

Social Worker Credentials Flexibility

- Allows candidates, with a waiver from MDE, to begin working as school social workers without having completed the courses that address all the MDE School Social Worker Standards (e.g., people who have a bachelor's degree or a master's degree in social work but not yet in school social work).

Teacher Shortage:

Additional Legislative Efforts are Needed

- Michigan's schools and students require a significant investment to address the systemic challenges causing the teacher shortage.
- **An investment of \$300 million-\$500 million** over the next five years is the beginning of the effort to recruit and retain the requisite number of high-quality educators for our students.
- The range of funding associated with each initiative represents a range of possibilities associated with the number of participants and the extent to which each of these participants is supported.

Teacher Shortage: Additional Legislative Efforts are Needed

- **Tuition and other expense reimbursement for current college students** who make a commitment to pursue teaching.
- **Loan forgiveness for current teachers** who are working to pay off college loans.
- If we expect a major commitment from a wave of young people as our next generation of educators in our great state, we need to provide support to these young people, both to recruit and retain them in the teaching profession.

Teacher Shortage: Additional Legislative Efforts are Needed

- **Scholarships for high school seniors** who aspire to and commit to a career in teaching.
 - States as close as Indiana have these sorts of programs. We should as well.

Teacher Shortage: Additional Legislative Efforts are Needed

- **Reviving and strengthening the teacher preparation pipeline in the Upper Peninsula and northern Lower Peninsula.**

Teacher Shortage: Additional Legislative Efforts are Needed

- Supporting the **mentoring of new teachers**.
 - Provision of grants to local education agencies (LEAs) to provide stipends to teacher mentors and development of mentor training.

Teacher Shortage: Additional Legislative Efforts are Needed

- Easing restrictions on **accepting teacher licenses from other states** to help recruit and retain quality teachers in Michigan. 1,160 out-of-state certificates issued in 2019-20.
- Michigan offers two types of certification to teachers from out-of-state who wish to teach in a Michigan classroom.

Teacher Shortage: Additional Legislative Efforts are Needed

- Supporting entry to the profession for individuals who completed preparation programs but did not obtain a credential.
- Expanding eligibility for [Child Development and Care reimbursement](#) to individuals enrolled in teacher preparation programs.
- Providing tuition reimbursement for the legislatively required reading course.

Teacher Shortage: Additional Legislative Efforts are Needed

- Program evaluation to assess the impact of programs and report evidence of success to the legislature and stakeholders.
- Additional grants to districts to develop programs for working with students in grades 6-12 who have an interest in teaching.
- Stipends to student teachers to help defray their living costs during student teaching.

Teacher Shortage: Additional Legislative Efforts are Needed

- There is a **rising bipartisan consciousness** of the existence of the teacher shortage across the state and country.
- With this raised consciousness needs to come a raised understanding—on both sides of the aisle—of the **need to help fund efforts to recruit and retain teachers** to this hugely important profession.
- We need to reinvest in and rebuild the teaching profession. We need a \$300 million-\$500 million investment to help support recruitment and retention initiatives. We can't build a better past, but we can sure build a better future. It's time to do so....now!

Thank you for your leadership and partnership!
