

MICHIGAN
STATE BOARD OF EDUCATION

POSITIVE BEHAVIOR SUPPORT POLICY

The vision of the State Board of Education is to create learning environments that prepare students to be successful citizens in the 21st Century. The educational community must provide a system that will support students' efforts to manage their own behavior and assure academic achievement. An effective behavior support system is a proactive, positive, skill-building approach for the teaching and learning of successful student behavior. Positive behavior support systems ensure effective strategies that promote pro-social behavior and respectful learning environments. Research-based positive behavior support systems are appropriate for all students, regardless of age.

The principles of Universal Education reflect the beliefs that each person deserves and needs a positive, concerned, accepting educational community that values diversity and provides a comprehensive system of individual supports from birth to adulthood. A positive behavior support policy incorporates the demonstration and teaching of positive, proactive social behaviors throughout the school environment.

A positive behavior support system is a data-based effort that concentrates on adjusting the system that supports the student. Such a system is implemented by collaborative, school-based teams using person-centered planning. School-wide expectations for behavior are clearly stated, widely promoted, and frequently referenced. Both individual and school-wide learning and behavior problems are assessed comprehensively. Functional assessment of learning and behavior challenges is linked to an intervention that focuses on skill building. The effectiveness of the selected intervention is evaluated and reviewed, leading to data-based revisions. Positive interventions that support adaptive and pro-social behavior and build on the strengths of the student lead to an improved learning environment. Students are offered a continuum of methods that help them learn and maintain appropriate behavior and discourage violation of codes of student conduct.

In keeping with this vision, it is the policy of the State Board of Education that each school district in Michigan implement a system of school-wide positive behavior support strategies.
