BRIAN J. WHISTON
STATE SUPERINTENDENT

MEMORANDUM

DATE: September 1, 2016

TO: Local and Intermediate School District Superintendents and
Public School Academy Directors

FROM: Susan Broman, Deputy Superintendent *SB*
P-20 System and Student Transitions

SUBJECT: Determinations Requirements under Part B of the Individuals with
Disabilities Education Act

The Individuals with Disabilities Education Act (IDEA) of 2004 established reporting requirements under Section 616, mandating states to make annual determinations on the performance of each local special education program serving students with individualized education programs (IEPs). Most of the data used corresponds to the State Performance Plan indicators as required by the U.S. Department of Education's Office of Special Education Programs. In Michigan, the determination is based on selected 2014-2015 data from the Michigan Student Data System, audit findings, and additional required sources.

States are required to use the following determination categories outlined in the IDEA to evaluate each special education program:

- Meets the requirements and purposes of Part B;
- Needs assistance in implementing the requirements of Part B;
- Needs intervention in implementing the requirements of Part B; or
- Needs substantial intervention in implementing the requirements of Part B.

A detailed process of the elements the Office of Special Education used to assign determination categories to each local special education program serving students with an IEP is available as a link on the September 2016 "Reports" page in the Continuous Improvement Monitoring System (CIMS), which will be released on September 15, 2016.

We appreciate your efforts to improve results for students with IEPs and look forward to continuing our work with you. Please feel free to contact Jessica Brady at BradyJ@michigan.gov if you have any questions.
