STATE SUPERINTENDENT

MEMORANDUM

DATE: March 5, 2020
TO: Local and Intermediate School District Superintendents
Public School Academy Directors
FROM: Venessa A. Keesler, Ph.D., Deputy Superintendent *V. Keesler*
Division of Educator, Student, and School Supports
SUBJECT: Michigan Integrated Continuous Improvement Process Testing Partners

Testing partners in 34 intermediate school districts and 39 local school districts have joined the Michigan Department of Education (MDE) and the Michigan Collaborative Hub to assist in the development of the platform for the Michigan Integrated Continuous Improvement Process (MICIP). MICIP is a pathway for districts to improve student outcomes by assessing whole child needs to develop plans and coordinate funding.

Development of the MICIP platform uses a method where programmers and testing partners form a collaborative to construct the application that is effective and user friendly. Programmers will develop the application in small increments, which will allow for constant verification by the testing partners.

After a request to participate as testing partners, intermediate school districts and local districts were selected to work in partnership with MDE and the Michigan Collaborative Hub (a part of Michigan Association of Intermediate School Administrators).

MDE appreciates all selected testing partners:
