	M-STEP	PSAT 8/9
Pre-ID	Completed in OEAA Secure Site	Completed in OEAA Secure Site
Timing	Untimed	College Board assessments are timed and do not allow self-pacing. Students must use the entire time allotted for each test. If approved for extended time, students must use the entire time for which they are approved.
Testing Mode	Option Available	Paper/Pencil administration only
Test Day	Flexible	Unless absent, students are expected to test on the primary test day.
Student Accommodations	No approval needed but must align with those documented in students' IEP or 504 plan.	Advance accommodation request for the universal tools, designated supports, and accommodations required by students that would have traditionally been used on the M-STEP is required. Schools must request accommodations through the College Board Online system, known as SSD Online.

Roles and Responsibilities of Testing Staff

Test coordinators, backup coordinators and SSD coordinators must be identified in the Educational Entity Master (EEM).

- **Test coordinator:** Responsible for all aspects of the administration at the school
- **Backup test coordinator:** Responsible for the administration if the test coordinator is not available
- **SSD coordinator:** Responsible for requesting accommodations for students with disabilities and supports for English learners
- **Proctor:** The test administrator in a testing room
- **Room monitor:** Assists the proctor with monitoring students in the testing room
- **Hall monitor:** Monitoring the hallways on test day and provides breaks to other test staff

Roles and Responsibilities of Testing Staff

Test Coordinator

The **test coordinator** is responsible for all aspects of the administration at a school, including:

- Preparation activities
 - Planning rooms and identifying staff to serve as **proctors, room monitors, and hall monitors** for test day
 - Receive, inventory, and secure test materials
- Activities on test day
 - Distribution of materials
 - Monitoring of all test day activities and staff
 - Packaging and returning test materials
 - Completing necessary forms
- The test coordinator may choose to enlist the aid of others at the school to help with test day planning and set-up.
 - The test coordinator will remain the main contact and receive communications from the College Board.
 - The test coordinator should coordinate with the SSD coordinator to ensure that students with disabilities and English learners are appropriately planned for.

Roles and Responsibilities of Testing Staff

SSD Coordinator

The **Services for Students with Disabilities (SSD) Coordinator** is responsible for:

- Being the school's liaison with the College Board's Services for Students with Disabilities office.
 - Submitting accommodation requests and planning for English learner supports for all students who request them at his/her school.
 - Printing the roster of students approved for accommodations (Nonstandard Administration Report – NAR).
- Schools may have more than one SSD Coordinator; however, one person will be identified as a primary SSD coordinator who will receive communications from College Board.
 - If a school has multiple SSD coordinators, the primary SSD coordinator should share any communications with other SSD coordinators.
 - The SSD coordinator and test coordinator should also collaborate with the district English learner (EL) coordinator to help plan for testing students with EL supports.

Roles and Responsibilities of Testing Staff

Proctor

The **proctor(s)** is responsible for:

- Managing all activities that happen in the testing room
- Conducting the test and monitor test-takers to ensure a fair administration

Each room requires one proctor.

Roles and Responsibilities of Testing Staff

Room Monitor and Hall Monitor

The **room monitor(s)** and **hall monitor(s)** are responsible for assisting the test coordinator and proctor.

- Room monitors help set up the testing area and monitor testing.
- Hall monitors patrol the hallways during testing to make sure the testing area remains quiet and secure.

Staff with Related Students

- Staff **with children** cannot have access to any test materials for the same assessment(s) the child is taking before test day:
 - If a staff member's child will be taking the PSAT 8/9, he/she cannot have access to testing materials before test day for the PSAT 8/9 no matter if the child lives with the staff member or not.
 - He/she may access testing materials prior to test day for PSAT 10 or SAT.
- Staff with students **who reside in the same household** cannot have access to any test materials for the same assessment(s) the child is taking before test day.
 - If a staff member's niece will be taking the SAT and the niece does not live in the same house with the staff member, he/she can have access to testing materials before test day for the SAT.
- Proctors may not administer the test to any member of his/her family.
- Additional flexibility may be available to small schools, if needed. Call the Michigan Educator Hotline for guidance.

Using the Educational Entity Master (EEM)

- Educational Entity Master (EEM) is the repository of entity and contact information for educational systems in Michigan.
- College Board will use the data in EEM to identify:
 - Contact information for testing staff (email addresses listed are used to send emails)
 - Address to send testing materials
- **Review and update the testing staff in the EEM at a building level as soon as possible.**
 - If there is more than one person listed for a role, College Board will use the **most recent**.
 - If the information listed is correct, no action is needed.
 - If the information is incorrect, EEM should be updated by the district authorized user.
- Anytime the identified staff changes during the school year, EEM should be updated to reflect the changes.
 - College Board receives the updates 7-10 days after making the change.

EEM for Testing Staff

Update, if required, the roles in EEM at the building level as soon as changes occur.

If EEM information is not accurate, you will NOT receive critical testing communications.

Identify or update in EEM at the **building level** as necessary:

- PSAT Grade 8 Test Coordinator
- PSAT Grade 8 Backup Test Coordinator
- PSAT Grade 8 Services for Students with Disabilities Coordinator

Establishment Process

How College Board knows which schools are administering PSAT-related assessments or SAT with Essay

- All schools need a valid Attending Institution (AI) Code to administer College Board assessments.
 - Will also be referred to as school code (this is different than your Michigan-assigned building code)
 - Six digits, usually starting with 23
 - Purpose: Connects student data to a school
- To confirm your AI code:
 - Can be looked up online:
<https://collegereadiness.collegeboard.org/k-12-school-code-search>
 - As establishment activities are completed, AI codes will be included in the Test Center Participation Page of the OEAA Secure Site.

There are two general routes for establishment:

- Public School Process
- Nonpublic School Process

Establishment Process

Public Schools

- MDE and College Board have determined rules in which some schools are automatically established to participate for an assessment.
 - If a school has been automatically established and plans to administer the assessment, no action is needed.
 - If a school does not meet the autoestablishment rules for a particular assessment, the school will need to indicate their intent to participate (yes or no) for that assessment.
 - If a school has been automatically established and does not plan to administer the assessment, contact College Board immediately to request to be unestablished. Be ready to provide a reason for requesting unestablishment.

PSAT 8/9 for Grade 8 Establishment

Public Schools

Grades Authorized (Summary)	7-12
Grades Actual (Summary)	7-12

- Schools will be automatically established to administer PSAT 8/9 for Grade 8 if:
 - The “actual grade” listed in EEM includes 8 **AND**
 - Your school tested at least 5 students combined in the last 2 testing years (M-STEP in 2019 and PSAT 8/9 for 8th grade in 2021).

OR

- The “actual grade” listed in EEM includes 8 **AND**
- Your school is new in 2021-2022

Establishment Process

Nonpublic Schools

- Must indicate intent to participate **every year for each assessment**.
- If you choose to administer PSAT 8/9, you must administer the M-STEP.
- Roles should be identified or reviewed in EEM as soon as possible.
 - If you need to make updates, contact nonpublicschools@michigan.gov
- Using the contact information provided by MDE, College Board will send an email to all nonpublic schools requesting confirmation of their intent to participate in PSAT 8/9 the week of November 1.
 - To confirm, call (866) 870-3127 or email michiganadministratorsupport@collegeboard.org
 - Provide your state-assigned district and building codes, the name of your school, and the assessments you plan to administer.
 - Must respond by **November 22, 2021** or your school may not be able to administer the assessments.

Intent to Participate Outreach

- District assessment coordinators, principals, and test coordinators will receive an “intent to participate” email the week of November 1 if a school was not automatically established.
 - Includes all nonpublic schools
 - Certain public schools that did not meet the autoestablishment rules previously discussed.
- **ACTION REQUIRED:** Respond to the “intent to participate” communication, if received.
 - If schools do not respond by **November 22, 2021**, they may not be able to administer the assessments.
 - Follow the directions in the email even if you don’t plan to participate, so that we can remove you from the communication list.
- MDE has a Test Center Participation Page in the OEAA Secure Site where schools can verify the assessments they are established for.
 - Establishment processes have begun and will continue on a rolling basis.
 - Participation will be updated in the OEAA Secure Site as new establishment activities occur.
- **Allow for potential updates.**
 - Contact the Michigan Educator Hotline at 866-870-3127 only if establishment information is not correct in the OEAA Secure Site by December 17, 2021.

Common Issues

Common issues that delay a school's establishment:

- The “actual” grades listed in EEM are inaccurate.
- Coordinator information is inaccurate in EEM.
- The address associated with the coordinator record in EEM is inaccurate.
- Schools don't respond to the intent to participate communication by the deadline.
- Updates to EEM are made at the district-level instead of the building-level.

Administration Timing

PSAT 8/9 for Grade 8

- Plan for approximately 3 hours for PSAT 8/9 to account for test day administrative activities, testing, and break times.
 - The schedule below does not include passing out and collecting test booklets or other test day administrative activities.
- **8th and 9th graders cannot test together.**

PSAT	PSAT 8/9 (in minutes)
Reading	55
Break	5
Writing and Language	30
Math (no calculator)	20
Break	5
Math (with calculator)	40
Total Testing Time	2 hours 35 minutes

Planning for Testing Rooms

- The size of cohort testing and the size of rooms used for testing will determine number of rooms needed.
- Options for rooms include:
 - Larger spaces, such as auditoriums and gymnasiums
 - Smaller spaces, such as classrooms
- Location of testing rooms within the building
 - Separated from other classes/tests on different schedules or taking different assessments
 - Minimize noise and other disruptions when classes or other assessments break
 - Area where there will be minimal noise/distractions from outside the building
 - Access to restrooms
- Follow local health department guidelines when determining room configurations for testing.

Seating and Furniture Requirements

- Use chairs with backs.
- Face seats in the same direction.
- Place chairs directly behind those in the preceding row.
- Separate each student by a minimum of 3 feet from right to left (measure from center of desks).
- At tables, students must be seating at least 3 feet apart and facing the same direction.
- Two students can be seated at a table that is at least 6 feet long.
- Ensure unimpeded access to every student by staff.
- Provide a large, smooth writing surface, preferably desks or tables.
- Tablet-arm chairs must have a minimum writing surface of 12 x 15 inches.
- Study carrels, lapboards, language laboratory booths, and tables with partitions or dividers are not acceptable.

Flexible Start Times

College Board permission to start later is not required.

Schools can start testing earlier and/or later than usual and split their students across multiple testing groups:

- All requirements for timing and breaks still apply, and all testing must be completed within the same school day (unless students are approved for a multiday testing accommodation).
- No group of students can begin testing after another group has completed the test.
- Mobile phones may be returned to exiting groups of students as they complete testing only after the last group of students has begun testing.
- Schools can use flexible start times when testing groups of students taking the same assessment or taking different assessments.
- Local health and safety guidelines may require that only a limited number of students may access the restroom or hallways at a time. In such cases, you may elect to double the time of scheduled breaks (including accommodated breaks) to ensure that students can access the restroom or hallway in an orderly fashion. You may allow students to consume snacks and drinks while standing behind their desks (away from test materials).
- Assign rooms for separate overlapping testing groups in different areas of the school building to limit contact between students.

Off-Site Testing

Requests must be submitted for Spring 2022 testing.

- Most schools participating in the Spring 2022 Michigan-provided assessments will use their schools as the test location.
 - However, if you need more space – or if, for example, your school is a virtual school, you can request an off-site testing location.
- Go to: www.sat.org/offsiterequest for both SAT and PSAT-related requests.
 - The form no longer requires information about the testing locations. Submitters will only need to identify how many off-sites locations are being utilized.
 - To request an offsite location, a request must be submitted by **January 21, 2022**, to ensure that additional return materials can be sent to your school.
 - If off-site testing is needed after the deadline, coordinator must call the Michigan Educator Hotline to request additional return materials.
- Submission of the request can be assumed to be automatically approved, unless otherwise communicated by College Board. No approval email will be sent to coordinators.
- Requests for off-site testing for College Board assessments must be done separately than off-site testing requests for M-STEP or ACT WorkKeys.

Pre-ID (Barcode) Labels

- With an increase in the number of student answer documents being returned without a barcode label or without a valid barcode label, MDE strongly emphasizes the following:
 - **Every student answer document for the PSAT 8/9 must have a valid barcode label attached in order for the answer document to be scored.**
 - **MDE may need to implement additional measures for addressing missing and invalid barcode labels if the issue cannot be improved during the 2021-2022 year.**

Tasks to Complete

Tasks to complete between now and the end of 2021:

- Ensure EEM is updated and accurate as soon as possible at the building-level.
- Respond to the intent to participate communication, if you received it, by November 22, 2021.
- If you didn't receive an intent to participate communication, verify in the Test Center Participation Page in the OEAA Secure Site that your school is established to participate in the appropriate assessments by December 17, 2021.
