

## Protecting your child's priceless smile.

Besides brushing twice a day, seeing a dentist twice a year can help keep your child's mouth healthy and their teeth cavity-free.

Kids should see a dentist when their first tooth appears, or no later than their first birthday.

The next time you call to make an appointment, tell them you have Healthy Kids Dental.

## Healthy Kids Dental: the right choice for bright smiles.

## What is Healthy Kids Dental?

The Healthy Kids Dental program (HKD) helps children with Medicaid have healthy, happy smiles at NO cost to you.

## Is my child eligible?

HKD coverage is as wide as your child's grin. If your children have Medicaid and are under the age of 21, they have Healthy Kids Dental.

## Does my dentist accept HKD?

Finding dental care is easy with HKD, because 8 out of 10 Michigan dentists accept it. So if you have HKD, make sure you use your benefit.

## Healthy smile, healthy child.

Maintaining a healthy mouth is smart. Kids may miss less school, make friends more easily, speak more clearly and learn better in class when they have healthy teeth and mouths.

When children see HKD dentists, they have access to covered services like:

- Oral exams
- Teeth cleanings
- Fluoride treatments
- X-rays
- Screenings and assessments
- Fillings
- Sealants
- Stainless steel or resin crowns
- Crown buildup, including pins
- Space maintainers
- Re-cementing of crowns, bridges and space maintainers
- Root canals
- Extractions
- Complete, partial and temporary partial dentures
- Denture adjustments and repairs
- Denture rebases and relines
- Emergency treatment to reduce pain
- IV sedation (when needed)

## Finding an HKD dentist is EASY.

To find a dentist near you, visit [HealthyKidsDental.org](https://HealthyKidsDental.org).

To receive services at no cost to you, your child must see an HKD dentist. You may switch to another HKD dentist at any time. If you see a dentist who doesn't accept HKD, you may have to pay for provided services.
