

# Provider Relations

## Policy and reporting requirements for the attending provider specific to Federally Qualified Health Center (FQHC), Rural Health Clinic (RHC), Tribal Federally Qualified Health Center (FQHC), and Tribal Health Centers (THC)

### Policy Background

Michigan Medicaid Provider Manual Chapter Billing and Reimbursement for Institutional Providers Section 2.3.B Attending Provider, MSA 21-47. The attending provider NPI is a requirement for all claims submitted within the institutional claim format with one exception. Hospital-owned ambulance Medicaid enrolled providers submitting Emergency Ambulance Transport claims may report the attending provider NPI, however, completion of this field is not required. If the attending NPI is not reported, not enrolled in Community Health Automated Medicaid Processing System (CHAMPS), not enrolled on the date of service, or enrolled with a specialty/subspecialty other than what is identified below, the claim will be denied. This also applies to out-of-state providers and emergency services. Providers are encouraged to utilize the CHAMPS Provider Verification Tool to verify enrollment.

### Claims

Claims denied for the attending provider can be identified with the following Claim Adjustment Reason Codes (CARC) and Remittance Advice Remark Codes (RARC):

CARC B7 & RARC M143 The provider is not certified/eligible to be paid for this procedure/service on this date of service	<p>Is the provider enrolled in CHAMPS?</p> <p>Is the provider's enrollment active for the dates of service being billed on the claim? Verify in the CHAMPS Provider Verification Tool</p>
CARC 183 & RARC N767 or N574 The provider is not eligible to bill for the services	<p><a href="#">Is the NPI reported the individual/type 1 NPI?</a></p> <p>Is the provider one of the allowed provider types?</p>
CARC 16 & RARC N253 Missing/Incomplete/Invalid attending provider	Is there an attending NPI reported on the claim?

**Corrections or modifications to a provider's enrollment information must be completed within the CHAMPS provider enrollment subsystem.**
