INTRODUCTION AND GENERAL INFORMATION

INTRODUCTION

The Michigan Department of Community Health (MDCH) announces the availability of Fiscal Year 2011 funds for grants to support local Applied Suicide Intervention Skills Training (ASIST) workshops, Assessing and Managing Suicide Risk (AMSR) trainings, or training of safeTALK trainers. This grants program is primarily intended to support communities and Tribes that have not been able to recently offer these trainings in implementing well-thought-out and coordinated presentations of known best practice training programs for suicide prevention.

More information on the ASIST and safeTALK Training for Trainers (T4T) programs is available at <http://www.livingworks.net>. Contact information for Michigan-based ASIST trainers and the Michigan-based safeTALK trainer of trainers is included in *Attachment B^a*.

More information on the AMSR program is available at <http://www.sprc.org/traininginstitute/amr/clincomp.asp>. A list of AMSR trainers authorized in Michigan is available on that site.

This Request for Proposals (RFP) addresses one of the key objectives set forth in the *Suicide Prevention Plan for Michigan^b*, released in September 2005.

This RFP is to provide potential contractors with sufficient information to enable them to prepare and submit proposals for consideration by the State of Michigan to satisfy its need for health promotion inquiry and intervention. It is issued by the Injury and Violence Prevention (IVP) Section, Division of Chronic Disease and Injury Control, Michigan Department of Community Health.

EXPECTATIONS OF APPLICANTS

It is expected that successful applicants will implement one or more ASIST, safeTALK T4T, and/or AMSR trainings that will take place sometime between July 1 and September 30, 2011.

HOW MUCH MONEY IS AVAILABLE?

Approximately \$70,000 is available in Fiscal Year 2011 to support up to 14 community-based trainings. The maximum award will be \$5,000 per training, with an expected range of \$2,500 to \$5,000 per training. Applicants can apply for funding for up to four trainings.

^a The listing of ASIST trainers may not be comprehensive. If you are an ASIST trainer and would like to be added to this list, send an email to Pat Smith at smithpatk@michigan.gov

^b The *Suicide Prevention Plan for Michigan* is available at:
http://www.Michigan.gov/documents/Michigan_Suicide_Prevention_Plan_2005_135849_7.pdf

FEDERAL FUNDING LIMITATIONS/RESTRICTIONS

Youth Suicide Prevention Program grant funds must be used for purposes supported by the program and may not be used to:

- Pay for any lease beyond the project period.
- Provide services to incarcerated populations (defined as those persons in jail, prison, detention facilities, or in custody where they are not free to move about in the community).
- Pay for the purchase or construction of any building or structure to house any part of the program.
- Pay for incentives to induce individuals to enter treatment. However, a grantee or treatment provider may provide up to \$20 or equivalent (coupons, bus tokens, gifts, child care, and vouchers) to individuals as incentives to participate in required data collection follow-up. This amount may be paid for participation in each required interview.
- Implement syringe exchange programs, such as the purchase and distribution of syringes and/or needles.
- Pay for pharmacologies for HIV antiretroviral therapy, sexually transmitted diseases (STD)/sexually transmitted illnesses (STI), TB, and hepatitis B and C, or for psychotropic drugs.
- Pay for or refer for abortion.
- Pay a “research” indirect cost rate. The grantee must use the “other sponsored program rate” or the lowest rate available.

ELIGIBLE APPLICANTS

Eligible applicants are local community mental health agencies; non-profit community-based organizations; federally recognized Indian tribal governments, Indian tribes, or Indian tribal organizations; hospitals; universities; colleges and community colleges; and churches or other religious community organizations; local or county government agencies, except for local health departments; local school systems or Intermediate School Districts.

Applicants do not have to be located in the county or counties where they are proposing to do the training(s). However, it must be clear in the application that they have partners within the county committed to the effort and have a substantive role in planning and/or implementing the training program.

KEY DATES

Release Date: March 18, 2011

Proposal Submission Receipt Date: April 27, 2011

Review Date: on or about May 5, 2011

Earliest Anticipated Start Date: June 1, 2011

◆ ALL TRAININGS MUST TAKE PLACE NO LATER THAN SEPTEMBER 30, 2011. ◆

SPECIFIC OBJECTIVES OF THE AWARDS

These grants will help support the implementation at the community level of three training programs—ASIST, safeTALK T4T, and AMSR. Preference will be given to proposed trainings in counties or Tribes where ASIST or AMSR (whichever is proposed) has not been offered in the last three years, or where a safeTALK T4T has not previously been held.

GENERAL REVIEW CRITERIA

Applications will be evaluated for their technical merit and responsiveness to this RFP. Efforts will be made to achieve broad geographic distribution of the funded proposals. Final funding decisions will be made by the IVP Section based on: reviewer rating, geographic balance of proposed projects, the needs of the MDCH Suicide Prevention Program, and the availability of funds.

Conciseness and clarity of expression will contribute to a favorable review of the proposal, as will adherence to the format presented in the Application Content section of this RFP.

ADMINISTRATIVE GUIDELINES

1. Type of Contract

The contract will be a cost reimbursement contract. The contract agreed upon will be most advantageous to the Michigan Department of Community Health (MDCH), cost and other factors considered.

2. Rejection of Proposals

MDCH reserves the right to award portions of proposals or reject any and all proposals received as a result of this RFP.

3. Incurring Costs

MDCH is not liable for any costs incurred by the grantee or its fiduciary prior to issuance of a contract fully signed by all necessary parties.

4. Contractor Responsibilities

The applicant whose proposal has been selected for funding (the grantee) will be required to assume responsibility for all services offered in its proposal, whether or not the applicant is the agency performing those services. Further, MDCH will consider the selected applicant to be the sole point of contact with regard to contractual matters, including payment of any and all charges resulting from the contract. All subcontracts entered into by the applicant, subsequent to the contract award, must be approved by MDCH before they can be put into effect.

5. Project Control and Reports

The grantee will carry out the project activities in consultation with, and approval of, the IVP Section, Division of Chronic Disease and Injury Control, Michigan Department of Community Health. A Project Officer from the IVP Section will be the sole point of contact for MDCH.

The grantee's Project Director and the MDCH Project Officer will confer regularly, at a mutually agreed upon interval, for the purpose of reviewing progress and providing necessary guidance to the grantee in solving problems that arise. Documentation of the content of the meetings will be prepared by the grantee.

The MDCH Project Officer will schedule a negotiation session the week of May 9, 2011 with a representative of the applicant agency receiving the award to address any concerns expressed by the reviewers and to work out final details of the budget and work plan. Within five working day of the negotiation session, the grantee will submit to the MDCH Project Officer for final approval a work plan that includes, if necessary, a revised budget.

The grantee will submit a progress report to the MDCH Project Officer within 15 days after completion of the final training funded by the grant, using the format provided by the Project Officer.

6. Contract Payment Schedule

Financial Status Reports, which reflect actual program expenditures, shall be prepared and submitted to MDCH on a monthly basis for payment.

The Program Narrative (sections C–H) may be no longer than 11 pages total if you are applying for only one type of training. If you are applying for more than one type of training, the Program Narrative can be up to an additional 5 pages long for each additional type of training.^c

The proposal should include the following information:

A. Cover Sheet and Proposal Completion Checklist:

The **Application Cover Sheet** (in *Attachment A*) must be attached to the *front* of your application. The following elements must be filled in on this cover page:

1. Brief, descriptive title of the program.
2. Total amount of funding requested for the program for this budget period (cannot exceed \$20,000).
3. Name and address of the organization applying for the grant.
4. Name and contact information for the person who is able to answer questions about the application.
5. Name and phone number of the person to be contacted in the case of an award (if different than the person named in #4).

^c For example, if you are proposing to offer two ASIST trainings, your Program Narrative can be no longer than 11 pages. If you are proposing to offer all three types of trainings, your Program Narrative can be up to 21 pages long.

7. Name and contact information for the person to be contacted for contract negotiations in the event an award is made.
8. An email address to which acknowledgement of receipt of the application can be sent.

The **Proposal Completion Checklist** must be filled in and inserted behind the Application Cover Sheet.

B. Proposal Summary:

This **half-page** summary of the proposed program should briefly outline the program's goals and objectives, the priority population(s), the proposed partners and collaborators, the proposed activities, and the desired outcomes. **CONCISE WORDING *RATHER* THAN SMALLER TYPE, SINGLE SPACING, OR SMALLER MARGINS MUST BE USED TO GET THE SUMMARY ON HALF A PAGE.**

C. Background and Need: [20 points]

In this section, the applicant must:

1. Describe, to the extent possible, the pattern of suicide mortality and morbidity within the geographic area or Tribe to be served, including that of youth and young adults ages 10–24. Also briefly describe identified risk factors for suicide in the area to be served.
2. Describe the geographic area to be served and justify the selection, including a brief discussion of what, if any, gatekeeper or professional suicide prevention trainings have been offered in the area in the last three years.
3. Describe the priority group(s) to be focused on for the proposed trainings. Justify your selection(s). Provide estimates of the numbers individuals to be trained.
4. Describe in particular how individuals who have contact or work with young people ages 10–24 will be recruited for the training(s).
5. Describe exactly why the training program is needed, given the priority population(s) and geographic area(s) selected.

D. Community Access and Collaboration [20 points]

In this section, the applicant must:

1. Provide evidence that it or a community partner has access to the priority population(s) to be recruited for the proposed trainings. Details on how the potential participants will be accessed and recruited for the trainings *must* also be provided.
2. Provide evidence that it or a community partner has expertise and experience in the management and delivery of programming at the community level.

3. Provide details of all community partnerships as related to this project. Describe the roles and responsibilities of participating organizations and demonstrate their commitment to the project.
4. Include in an appendix letters of commitment from all community partners and any other agencies or organizations that will have significant involvement with the trainings. **THESE LETTERS ARE VERY IMPORTANT TO THE APPLICATION.** THEY MUST PRECISELY STATE THE NATURE OF PROPOSED COLLABORATIONS WITH THE APPLICANT ORGANIZATION AND THE PRODUCTS, SERVICES, AND OTHER ACTIVITIES THAT WILL BE PROVIDED BY AND TO THE APPLICANT THROUGH THE COLLABORATION ON THE PROPOSED PROJECT. Be sure that any cash or in-kind contributions that will be made to support the project are identified in the letters.

E. Goals and Objectives [10 points]

This section should clearly state the purpose and goal(s) of the community-based training project, and describe how their achievement will advance the existing local suicide prevention effort.

This section should also contain *specific* objectives^d related to the goal(s). **ALL OBJECTIVES MUST BE WRITTEN SO THAT THEY ARE MEASURABLE, ACHIEVABLE, AND TAKE PLACE WITHIN A SPECIFIED TIME PERIOD.** It should be clear to which goal(s) the individual objectives relate.

F. Plan of Operation [35 points]

1. Provide a detailed description of the **specific activities** that are needed to achieve *each* of the program objectives. This description must include not only **what** will be done, but also **how** it will be done. For each activity, describe **who** will do **what** to implement the activity. Also describe how the proposed activities will produce the desired outcomes. If you prefer, this information can be provided as a table.
2. Provide a realistic, detailed timeline (chart or graph) of the project showing key activities, milestones, and responsible staff. This timeline *must* be part of the narrative. It should not be placed in an appendix.
3. Discuss how the proposed activities address the needs identified in Section C (Background and Need) of your narrative.

^d *Process objectives* measure the amount and quality of the activities or services undertaken to achieve the outcome objectives, such as hiring project staff or enrolling a specified number of individuals into the program. SAMPLE PROCESS OBJECTIVE WORDING: "Program staff will complete the registration process for the training by September 15."

Outcome objectives measure the success of the activities related to the goals of the program, such as increasing the number of trained providers in the community. SAMPLE OUTCOME OBJECTIVE WORDING: "By September 30, 2011, at least 75% of known mental health providers in the community will have completed the ASIST or AMSR training."

4. Describe the setting for the training(s). The application also needs to describe the relevance of this setting to the priority participants and outcomes, i.e., why was this particular setting chosen?
5. Describe how you will ensure that services will be provided in a location that is adequate, accessible, compliant with the Americans with Disabilities Act (ADA), and appropriate for the priority participants(s).
6. If it is anticipated that youth under the age of 18 may participate in the training(s), describe how active parental consent will be obtained
7. Describe the potential barriers to successful conduct of the proposed activities and how you will overcome them.
8. Identify and describe any foreseeable risks or potential adverse effects to individuals that might result from participation in training activities.^e
9. Describe the procedures that will be followed to minimize or protect participants against potential risks.
10. Identify plans to provide guidance and assistance in the event there are adverse effects to participants.

Applicants are encouraged to utilize existing programs, delivery systems, and personnel to support their project in order to maximize the cost effectiveness.

G. Project Evaluation [5 points]

In the section the applicant must state their commitment to:

- using and submitting the standardized training evaluation tools used by the ASIST, safeTALK T4T, and AMSR programs (as appropriate);
- using and submitting the standardized training evaluation tools used by the *Transforming Youth Suicide Prevention in Michigan* program;
- participating in the training evaluation program being conducted as part of the *Transforming Youth Suicide Prevention in Michigan* program.

Although not required, applicants may also discuss any locally developed tools or other evaluation activities they plan to undertake.

^e Because of the subject matter covered in the trainings, “There are no foreseeable risks or potential adverse effects for participants,” is likely not a reasonable response.

H. Project Management and Staffing [10 Points]

In this section the applicant must:

1. List the proposed staffing for the project—paid and voluntary—noting existing staff as well as additional staffing needs. A Project Director/Coordinator must be designated and it must be clear that this person has sufficient authority, responsibility, expertise, and dedicated work time to carry out the project.
2. Describe by staff position the responsibilities of individual staff members, including the level of effort and allocation of time for each project activity. The time that the personnel are budgeted for on the project must be sufficient and in proportion to the stated activities. Also describe where each staff member will be housed and supervised.
3. Describe the qualifications and experience of the Project Director and other key personnel.
4. Describe the qualifications, roles, and responsibilities of any subcontractors that will participate. Include letters of commitment from the proposed subcontractors.
 - ◆ If you are proposing to offer ASIST, you **MUST** include letters of commitment from the trainers that you will be contracting with to conduct the training(s). A roster of Michigan ASIST trainers is included in *Attachment B*.
 - ◆ If you are proposing to offer one or more AMSR trainings, you **MUST** include letters of commitment from the trainer(s) that you will be contracting with to conduct the training(s) and/or evidence that you have contacted the Suicide Prevention Resource Center to hold initial discussions about setting up the training.
5. Indicate the types of quality control mechanisms available to ensure smooth oversight, management, and day-to-day operations of this project.

I. Proposed Budget

This section of the proposal *must* contain a **detailed narrative justification** for budget components. Although there are no points given for the budget, POINTS WILL BE LOST IN THE REVIEW IF THE BUDGET NARRATIVE IS NOT INCLUDED. Also, a detailed project budget must be prepared using the budget forms and closely following the instructions provided in *Attachment C*.

The appropriateness of the budget will be evaluated given the proposed activities, the extent to which the budget request is clearly explained, adequately justified, reasonable, sufficient for the proposed project activities, weighted more toward project activities (including direct project administration) than indirect costs, and consistent with the intended use of Youth Suicide Prevention and Early Intervention Grant funds.

Salaries, benefits, and reasonable administrative costs are eligible for reimbursement.

Note that the funding provided through this RFP is likely not enough to fully fund a training. Other support, such as in-kind and/or registration fees, will be needed to make up the difference. Requiring at least a minimum registration fee also increases participants' commitment to attend the training. Anticipated registration fees should be included on the budget forms under "Program Income." Other supplemental support, including in-kind, should be discussed in the budget narrative, but not included on the budget forms.

Requirements for the proposed budget:

1. The budget items must coincide with the stated proposal objectives and delineated activities.
2. The budget must clearly state for what purpose(s) each budgeted item is requested.
3. Proposals reflecting a budget that places substantial emphasis on implementation (including direct staffing costs) with less weight placed on administrative overhead and/or indirect costs will be viewed favorably.
4. Proposals that include budget expenses that exceed the maximum award under this RFP will not be viewed favorably unless the budget shows a source of other funding to cover the additional expenses.
5. **Only organizations with federally negotiated indirect rates or indirect rates negotiated with a Michigan state agency (e.g., MDCH, MDE) can request indirect costs.** *Documentation of the approved indirect rate must be provided with the application.*
6. Include information on any local match and/or in-kind contributions **in the budget narrative only**. Do not include these funds on the budget forms. A table or chart showing what is covered by this grant versus what is covered by the match would be helpful.

PROPOSAL EVALUATION CRITERIA

Applications will be reviewed and rated according to the following criteria (maximum 100 points possible). Points will be subtracted from the final score if the technical instructions (e.g., page formatting, font size, etc.) are not followed or a detailed budget narrative is not included.

**MICHIGAN DEPARTMENT OF COMMUNITY HEALTH
INSTRUCTIONS FOR PREPARATION OF BUDGET FORMS (DCH-0385, DCH-0386)**

I. INTRODUCTION

The budget should reflect all expenditures and funding sources associated with the program, including fees and collections and local, state and federal funding sources. When developing a budget it is important to note that total expenditures for a program must equal total funds.

The Program Budget Summary (DCH-0385) is utilized to provide a standard format for the presentation of the financial requirements (both expenditure and funding) for each applicable program. Detail information supporting the Program Budget Summary is contained in the Program Budget-Cost Detail Schedule (DCH-0386). General instruction for the completion of these forms follows in Sections II-III. Budgets must be submitted on Michigan Department of Community Health approved forms.

II. PROGRAM BUDGET SUMMARY (DCH-0385) FORM PREPARATION

Use the **Program Budget Summary (DCH-0385)** supplied by the Michigan Department of Community Health. An example of this form is attached (**see Attachment B.1**) for reference.

The DCH-0386 form should be completed prior to completing the DCH-0385 form.

(Please note: the excel workbook version of the DCH 0385-0386 automatically updates the Program Summary amounts as the user completes the DCH-0386).

 3. Consultant or Vendor Services - These are costs for consultation services, professional fees and personnel hired on a private contracting basis related to the planning and operations of the program, or for some special aspect of the project. Travel and other costs of these consultants are to be included in this category.
