Section 3. Determination of needed inpatient psychiatric bed supply

Sec. 3. (1) Until changed by the Commission in accordance with Section 5, the use rate for the base year for the population age 0-17 is set forth in Appendix B.

(2) The number of child/adolescent inpatient psychiatric beds needed in a planning area shall be determined by the following formula:

(a) Determine the population for the planning year for each separate planning area for the population age 0-17.

(b) Multiply the population by the use rate established in Appendix B. The resultant figure is the total patient days.

(c) Divide the total patient days obtained in subsection (b) by 365 (or 366 for leap years) to obtain the projected average daily census (ADC).

(d) Divide the ADC by 0.75.

(e) For each planning area, all psychiatric hospitals or units with an average occupancy of 60% or less for the previous 24 months will have the ADC, for the previous 24 months, multiplied by 1.7. The net decrease from the current licensed beds will give the number to be added to the bed need.

(f) The adjusted bed need for the planning area is the sum of the results of subsections (d) and (e). round up to the nearest whole number.

(3) The number of needed adult inpatient psychiatric beds shall be determined by multiplying the population aged 18 years and older for the planning year for each planning area by either:

(a) The ratio of adult beds per 10,000 adult population set forth in Appendix A; or

(b) The statewide ratio of adult beds per 10,000 adult population set forth in Appendix A, whichever is lower; and dividing the result by 10,000. If the ratio set forth in Appendix A for a specific planning area is "0", the statewide ratio of adult beds per 10,000 adult population shall be used to determine the number of needed adult inpatient psychiatric beds.

(c) For each planning area, an addition to the bed need will be made for low occupancy facilities. All psychiatric hospitals or units with an average occupancy of 60% or less for the previous 24 months will have the ADC, for the previous 24 months, multiplied by 1.5. The net decrease from the current licensed beds will give the number to be added to the bed need.

(d) The adjusted bed need for the planning area is the sum of the results of subsections (b) and (c).

Section 4. Bed need for inpatient psychiatric beds

Sec. 4. (1) The bed need numbers determined pursuant to Section 3 shall apply to projects subject to review under these standards, except where a specific CON review standard states otherwise.

(2) The Department shall apply the bed need methodologies in Section 3 on a biennial basis.

(3) The effective date of the bed need numbers shall be established by the Commission.

(4) New bed need numbers shall supercede previous bed need numbers and shall be posted on the State of Michigan CON web site as part of the Psychiatric Bed Inventory.

(5) Modifications made by the Commission pursuant to this Section shall not require Standard Advisory Committee action, a public hearing, or submittal of the standard to the Legislature and the Governor in order to become effective.

Section 5. Modification of the child/adolescent use rate by changing the base year

Sec. 5. (1) The Commission may modify the base year based on data obtained from the Department and presented to the Commission. The Department shall calculate the use rate for the population age 0-17 and biennially present the revised use rate based on the most recent base year information available biennially to the CON Commission.

(2) The Commission shall establish the effective date of the modifications made pursuant to subsection (1).

(3) Modifications made by the Commission pursuant to subsection (1) shall not require Standard Advisory Committee action, a public hearing, or submittal of the standard to the Legislature and the Governor in order to become effective.

Section 6. Requirements for approval to initiate service

Sec. 6. An applicant proposing the initiation of an adult or child/adolescent psychiatric service shall demonstrate or provide the following:

(1) The number of beds proposed in the CON application shall not result in the number of existing adult or child/adolescent psychiatric beds, as applicable, in the planning area exceeding the bed need. However, an applicant may request and be approved for up to a maximum of 10 beds if, when the total number of existing adult beds or existing child/adolescent beds is subtracted from the bed need for the planning area, the difference is equal to or more than 1 or less than 10.

(2) A written recommendation, from the Department or the CMH that serves the county in which the proposed beds or service will be located, shall include an agreement to enter into a contract to meet the needs of the public patient. At a minimum, the letter of agreement shall specify the number of beds to be allocated to the public patient and the applicant's intention to serve patients with an involuntary commitment status.

(3) The number of beds proposed in the CON application to be allocated for use by public patients shall not be less than 50% of the beds proposed in the CON application. Applications proposed in direct response to a Department plan pursuant to subsection (5) shall allocate not less than 80% of the beds proposed in the CON application.

(4) The minimum number of beds in a psychiatric unit shall be at least 10 beds. If a psychiatric unit has or proposes to operate both adult and child/adolescent beds, each unit shall have a minimum of 10 beds. The Department may approve an application for a unit of less than 10 beds, if the applicant demonstrates to the satisfaction of the Department, that travel time to existing units would significantly limit access to care.

(5) An applicant shall not be required to be in compliance with subsection (1) if the applicant demonstrates that the application meets both of the following:

(a) The Director of the Department determines that an exception to subsection (1) should be made and certifies in writing that the proposed project is a direct response to a Department plan for reducing the use of public institutions for acute mental health care through the closure of a state-owned psychiatric hospital; and

(b) The proposed beds will be located in the area currently served by the public institution that will be closed, as determined by the Department.

Section 7. Requirements for approval to replace beds

Sec. 7. An applicant proposing to replace beds shall not be required to be in compliance with the needed bed supply if the applicant demonstrates all of the following:

(1) The applicant shall specify whether the proposed project is to replace the existing licensed psychiatric hospital or unit to a new site or to replace a portion of the licensed psychiatric beds at the existing licensed site.

(2) The proposed licensed site is in the replacement zone.

(3) Not less than 50% of the beds proposed to be replaced shall be allocated for use by public patients.

Sec. 8. (1) The proposed project to relocate beds, under this section, shall constitute a change in bed capacity under Section 1(3) of these standards.

(2) Any existing licensed inpatient psychiatric hospital or unit may relocate all or a portion of its beds to another existing licensed inpatient psychiatric hospital or unit located within the same planning area.

(3) The inpatient psychiatric hospital or unit from which the beds are being relocated, and the inpatient psychiatric hospital or unit receiving the beds, shall not require any ownership relationship.

(4) The relocated beds shall be licensed to the receiving inpatient psychiatric hospital or unit and will be counted in the inventory for the applicable planning area.

(5) The relocation of beds under this section shall not be subject to a mileage limitation.

(6) The relocation of beds under this section shall not result in initiation of a new adult or child/adolescent service EXCEPT FOR AN EXISTING ADULT INPATIENT PSYCHIATRIC SERVICE REQUESTING TO INITIATE A CHILD/ADOLESCENT INPATIENT PSYCHIATRIC SERVICE IN AN OVERBEDDED CHILD/ADOLESCENT PLANNING AREA PURSUANT TO SECTION 9(11).

Section 9. Requirements for approval to increase beds

Sec. 9. An applicant proposing an increase in the number of adult or child/adolescent beds shall demonstrate or provide the following:

(1) The number of beds proposed in the CON application will not result in the number of existing adult or child/adolescent psychiatric beds, as applicable, in the planning area exceeding the bed need. However, an applicant may request and be approved for up to a maximum of 10 beds if, when the total number of existing adult beds or existing child/adolescent beds is subtracted from the bed need for the planning area, the difference is equal to or more than 1 or less than 10.

(2) The average occupancy rate for the applicant's facility, where the proposed beds are to be located, was at least 70% for adult or child/adolescent beds, as applicable, during the most recent, consecutive 12-month period, as of the date of the submission of the application, for which verifiable data are available to the Department. For purposes of this section, average occupancy rate shall be calculated as follows:

(a) Divide the number of patient days of care provided by the total number of patient days, then multiply the result by 100.

(3) Subsections (1) and (2) shall not apply if all of the following are met:

(a) The number of existing adult or child/adolescent psychiatric beds in the planning area is equal to or exceeds the bed need.

(b) The beds are being added at the existing licensed site.

(c) The average occupancy rate for the applicant's facility was at least 75% for facilities with 19 beds or less and 80% for facilities with 20 beds or more, as applicable, during the most recent, consecutive 12-month period, as of the date of the submission of the application, for which verifiable data are available to the Department.

(i) For a facility with flex beds,

(A) calculate the average occupancy rate as follows:

(1) For adult beds:

(a) Adult bed days are the number of licensed adult beds multiplied by the number of days they were licensed during the most recent consecutive 12-month period.

(b) Flex bed days are the number of licensed flex beds multiplied by the number of days the beds were used to serve a child/adolescent patient.

(c) Subtract the flex bed days from the adult bed days and divide the adult patient days of care by this number, then multiply the result by 100.

(2) For child/adolescent beds:

(a) Child/adolescent bed days are the number of licensed child/adolescent beds multiplied by the number of days they were licensed during the most recent 12-month period.

(b) Flex bed days are the number of licensed flex beds multiplied by the number of days the beds were used to serve a child/adolescent patient.

(c) Add the flex bed days to the child/adolescent bed days and divide the child/adolescent patient days of care by this number, then multiply the result by 100.

(d) The number of beds to be added shall not exceed the results of the following formula:

(ii) Multiply the facility's average daily census for the most recent, consecutive 12-month period, as of the date of the submission of the application, for which verifiable data are available to the Department by 1.5 for adult beds and 1.7 for child/adolescent beds.

(iii) Subtract the number of currently licensed beds from the number calculated in (ii) above. This is the maximum number of beds that may be approved pursuant to this subsection.

(4) Proof of current contract or documentation of contract renewal, if current contract is under negotiation, with at least one CMH or its designee that serves the planning area in which the proposed beds or service will be located.

(5) Previously made commitments, if any, to the Department or CMH to serve public patients have been fulfilled.

(6) The number of beds proposed in the CON application to be allocated for use by public patients shall not be less than 50% of the beds proposed in the CON application. Applications proposed in direct response to a Department plan pursuant to subsection (9) shall allocate not less than 80% of the beds proposed in the CON application.

(7) The minimum number of beds in a psychiatric unit shall be at least 10 beds. If a psychiatric unit has or proposes to operate both adult and child/adolescent beds, then each unit shall have a minimum of 10 beds. The Department may approve an application for a unit of less than 10 beds, if the applicant demonstrates, to the satisfaction of the Department, that travel time to existing units would significantly impair access to care.

(8) Subsection (2) shall not apply if the Director of the Department has certified in writing that the proposed project is a direct response to a Department plan for reducing the use of public institutions for acute mental health care through the closure of a state-owned psychiatric hospital.

(9) An applicant shall not be required to be in compliance with subsection (1) if the applicant demonstrates that the application meets both of the following:

(a) The Director of the Department determines that an exception to subsection (1) should be made and certifies in writing that the proposed project is a direct response to a Department plan for reducing the use of public institutions for acute mental health care through the closure of a state-owned psychiatric hospital; and

(b) The proposed beds will be located in the area currently served by the public institution that will be closed as determined by the Department.

(10) An applicant proposing to add new adult and/or child/adolescent psychiatric beds, as the receiving licensed inpatient psychiatric hospital or unit under Section 8, shall demonstrate that it meets all of the requirements of this subsection and shall not be required to be in compliance with the bed need if the application meets all other applicable CON review standards and agrees and assures to comply with all applicable project delivery requirements.

(a) The approval of the proposed new inpatient psychiatric beds shall not result in an increase in the number of licensed inpatient psychiatric beds in the planning area.

(b) The applicant meets the requirements of subsections (4), (5), (6), and (7) above.

(c) The proposed project to add new adult and/or child adolescent psychiatric beds, under this subsection, shall constitute a change in bed capacity under Section 1(2) of these standards.

(d) Applicants proposing to add new adult and/or child/adolescent psychiatric beds under this subsection shall not be subject to comparative review.

(11) AN APPLICANT PROPOSING TO INITIATE A NEW CHILD/ADOLESCENT PSYCHIATRIC SERVICE, AS THE RECEIVING LICENSED INPATIENT PSYCHIATRIC HOSPITAL OR UNIT UNDER SECTION 8(6), SHALL DEMONSTRATE THAT IT MEETS ALL OF THE REQUIREMENTS OF THIS SUBSECTION AND SHALL NOT BE REQUIRED TO BE IN COMPLIANCE WITH THE BED NEED IF THE APPLICATION MEETS ALL OTHER APPLICABLE CON REVIEW STANDARDS AND AGREES AND ASSURES TO COMPLY WITH ALL APPLICABLE PROJECT DELIVERY REQUIREMENTS.

(a) THE APPROVAL OF THE PROPOSED NEW INPATIENT PSYCHIATRIC BEDS SHALL NOT RESULT IN AN INCREASE IN THE NUMBER OF LICENSED INPATIENT PSYCHIATRIC BEDS IN THE PLANNING AREA.

(b) THE APPLICANT MEETS THE REQUIREMENTS OF SUBSECTIONS (4), (5), AND (6) ABOVE.

(c) THE APPLICANT IS REQUESTING A MINIMUM OF 10 CHILD/ADOLSCENT PSYCHIATRIC BEDS TO A MAXIMUM OF 20 BEDS.

(d) THE APPLICANT:

(i) IS RELATED THROUGH COMMON OWNERSHIP, IN WHOLE OR IN PART, OR THROUGH COMMON CONTROL, WITH AN ACUTE-CARE HOSPITAL THAT HAS AN EMERGENCY DEPARTMENT THAT PROVIDES 24-HOUR EMERGENCY CARE SERVICES AND WHERE

CHILD/ADOLESCENT PATIENTS WITH A PSYCHIATRIC AND/OR DEVELOPMENTAL DISABILITY DIAGNOSIS PRESENT AT AN AVERAGE OF AT LEAST 100 VISITS PER YEAR FOR EACH OF THE THREE MOST RECENT YEARS IN WHICH THERE IS DATA VERIFIABLE BY THE DEPARTMENT; AND

Sec. 12. (1) Any application subject to comparative review under Section 22229 of the Code, being Section 333.22229 of the Michigan Compiled Laws, or under these standards, shall be grouped and reviewed comparatively with other applications in accordance with the CON rules.

(2) Each application in a comparative group shall be individually reviewed to determine whether the application has satisfied all the requirements of Section 22225 of the Code being Section 333.22225 of the Michigan Compiled Laws and all other applicable requirements for approval in the Code and these standards. If the Department determines that two or more competing applications satisfy all of the requirements for approval, these projects shall be considered qualifying projects. The Department shall approve those qualifying projects which, when taken together, do not exceed the need, as defined in Section 22225(1) of the Code, and which have the highest number of points when the results of subsection (3) are totaled. If two or more qualifying projects are determined to have an identical number of points, then the Department shall approve those qualifying projects which, when taken together, do not exceed the need, in the order in which the applications were received by the Department, based on the date and time stamp placed on the applications by the Department in accordance with rule 325.9123.

(3)(a) A qualifying project application will be awarded 5 points if, within six months of beginning operation and annually thereafter, 100% of the licensed psychiatric beds (both existing and proposed) at the facility will be Medicaid certified.

(b) A qualifying project will have 4 points deducted if, on or after November 26, 1995, the records maintained by the Department document that the applicant was required to enter into a contract with either the Department or a CMH to serve the public patient and did not do so.

(c) A qualifying project will have 5 points deducted if, on or after November 26, 1995, the records maintained by the Department document that the applicant entered into a contract with MDCH or CMH but never admitted any public patients referred pursuant to that contract.

(d) A qualifying project will have 5 points deducted if, on or after November 26, 1995, the records maintained by the Department document that an applicant agreed to serve patients with an involuntary commitment status but has not admitted any patients referred with an involuntary commitment status.

(e) A qualifying project will be awarded 3 points if the applicant presents, in its application, a plan, acceptable to the Department, for the treatment of patients requiring long-term treatment. For purposes of this subsection, long-term treatment is defined to mean an inpatient length of stay in excess of 45 days.

(f) A qualifying project will be awarded 3 points if the applicant currently provides a partial hospitalization psychiatric program, outpatient psychiatric services, or psychiatric aftercare services, or the applicant includes any of these services as part of their proposed project, as demonstrated by site plans and service contracts.

(g) A qualifying project will have 4 points deducted if the Department has issued, within three years prior to the date on which the CON application was deemed submitted, a temporary permit or provisional license due to a pattern of licensure deficiencies at any psychiatric hospital or unit owned or operated by the applicant in this state.

(h) A qualifying project will have points awarded based on the percentage of the hospital's indigent volume as set forth in the following table.

<u>Hospital Indigent Volume</u>	<u>Points Awarded</u>
0 - <6%	1
6 - <11%	2
11 - <16%	3

For purposes of this subsection, indigent volume means the ratio of a hospital's indigent charges to its total charges expressed as a percentage as determined by the Department pursuant to Chapter VIII of the Medical Assistance Program manual. The indigent volume data being used for rates in effect at the time the application is deemed submitted will be used by the Department in determining the number of points awarded to each qualifying project.

(i) A qualifying project will have points deducted based on the applicant's record of compliance with applicable safety and operating standards for any psychiatric hospital or unit owned and/or operated by the applicant in this state. Points shall be deducted in accordance with the following schedule if, on or after November 26, 1995, the Department records document any non-renewal or revocation of license for cause or non-renewal or termination of certification for cause of any psychiatric hospital or unit owned or operated by the applicant in this state.

<u>Psychiatric Hospital/Unit Compliance Action</u>	<u>Points Deducted</u>
Non-renewal or revocation of license	4
Non-renewal or termination of:	
Certification - Medicare	4
Certification - Medicaid	4

(4) Submission of conflicting information in this section may result in a lower point award. If an application contains conflicting information which could result in a different point value being awarded in this section, the Department will award points based on the lower point value that could be awarded from the conflicting information. For example, if submitted information would result in 6 points being awarded, but other conflicting information would result in 12 points being awarded, then 6 points will be awarded. If the conflicting information does not affect the point value, the Department will award points accordingly. For example, if submitted information would result in 12 points being awarded and other conflicting information would also result in 12 points being awarded, then 12 points will be awarded.

Section 13. Requirements for approval -- all applicants

Sec. 13. (1) An applicant shall provide verification of Medicaid participation. An applicant that is a new provider not currently enrolled in Medicaid shall certify that proof of Medicaid participation will be provided to the Department within six (6) months from the offering of services if a CON is approved.

(2) The applicant certifies all outstanding debt obligations owed to the State of Michigan for Quality Assurance Assessment Program (QAAP) or Civil Monetary Penalties (CMP) have been paid in full.

(3) The applicant certifies that the health facility for the proposed project has not been cited for a state or federal code deficiency within the 12 months prior to the submission of the application. If a code deficiency has been issued, then the applicant shall certify that a plan of correction for cited state or federal code deficiencies at the health facility has been submitted and approved by the Bureau of Health Systems within the Department or, as applicable, the Centers for Medicare and Medicaid Services. If code deficiencies include any unresolved deficiencies still outstanding with the Department or the Centers for Medicare and Medicaid Services that are the basis for the denial, suspension, or revocation of an applicant's health facility license, poses an immediate jeopardy to the health and safety of patients, or meets a federal conditional deficiency level, the proposed project cannot be approved without approval from the Bureau of Health Systems.

 - (iii) maintain information by payor and non-paying sources to indicate the volume of care from each source provided annually. Compliance with selective contracting requirements shall not be construed as a violation of this term.

 - (i) Calculate average occupancy rate for adult beds as follows:
 - (A) Add the number of adult patient days of care to the number of child/adolescent patient days of care provided in the flex beds; divide this number by the adult bed days, then multiply the result by 100.
 - (ii) Calculate average occupancy rate for child/adolescent beds as follows:
 - (A) Subtract the number of child/adolescent patient days of care provided in the flex beds from the number of child adolescent patient days of care; divide this number by the child/adolescent bed days, then multiply the result by 100.

However, the psychiatric hospital or unit shall not be reduced to less than 10 beds.

(d) The applicant shall participate in a data collection network established and administered by the Department or its designee. The data may include, but is not limited to: annual budget and cost information, operating schedules, and demographic, diagnostic, morbidity and mortality information, as well as the volume of care provided to patients from all payor sources. The applicant shall provide the required data on a separate basis for each licensed site; in a format established by the Department; and in a mutually agreed upon media. The Department may elect to verify the data through on-site review of appropriate records.

(e) The applicant shall provide the Department with a notice stating the date the beds or services are placed in operation and such notice shall be submitted to the Department consistent with applicable statute and promulgated rules.

(f) An applicant required to enter into a contract with a CMH(s) or the Department pursuant to these standards shall have in place, at the time the approved beds or services become operational, a signed contract to serve the public patient. The contract must address a single entry and exit system including discharge planning for each public patient. The contract shall specify that at least 50% or 80% of the approved beds, as required by the applicable sections of these standards, shall be allocated to the public patient, and shall specify the hospital's or unit's willingness to admit patients with an involuntary commitment status. The contract need not be funded.

(5) Compliance with this Section shall be determined by the Department based on a report submitted by the applicant and/or other information available to the Department.

9 MICHIGAN DEPARTMENT OF HEALTH AND HUMAN SERVICES

10
11 CON REVIEW STANDARDS
12 FOR PSYCHIATRIC BEDS AND SERVICES
13 --ADDENDUM FOR SPECIAL POPULATION GROUPS
14

15 (By authority conferred on the CON commission by Section 22215 of Act No. 368 of the Public Acts of
16 1978, as amended, and sections 7 and 8 of Act No. 306 of the Public Acts of 1969, as amended, being
17 sections 333.22215, 24.207 and 24.208 of the Michigan Compiled Laws.)
18

19 **Section 1. Applicability; definitions**
20

21 Sec. 1. (1) This addendum supplements the CON review standards for psychiatric beds and services
22 and shall be used for determining the need for projects established to better meet the needs of special
23 population groups within the mental health populations.
24

25 (2) Except as provided in sections 2, 3, 4, 5, 6, and 7 of this addendum, these standards supplement,
26 and do not supersede, the requirements and terms of approval required by the CON Review Standards
27 for Psychiatric Beds and Services.
28

29 (3) The definitions which apply to the CON Review Standards for Psychiatric Beds and Services shall
30 apply to these standards.
31

32 (4) For purposes of this addendum, the following terms are defined:

33 (a) "Developmental disability unit" means a unit designed for psychiatric patients (adult or
34 child/adolescent as applicable) who have been diagnosed with a severe, chronic disability as outlined in
35 Section 102, 42 USC 15002, of the Developmental Disabilities Assistance and Bill of Rights Act of 2000
36 (DD Act) and its update or future guideline changes.

37 (b) "Geriatric psychiatric unit" means a unit designed for psychiatric patients aged 65 and over.

38 (c) "Medical psychiatric unit" means a unit designed for psychiatric patients (adult or child/adolescent
39 as applicable) who have also been diagnosed with a medical illness requiring hospitalization, e.g.,
40 patients who may be on dialysis, require wound care or need intravenous or tube feeding.
41

42 **Section 2. Requirements for approval -- applicants proposing to increase psychiatric beds --**
43 **special use exceptions**
44

45 Sec. 2. A project to increase psychiatric beds in a planning area which, if approved, would otherwise
46 cause the total number of psychiatric beds in that planning area to exceed the needed psychiatric bed
47 supply or cause an increase in an existing excess as determined under the applicable CON review
48 standards for psychiatric beds and services, may nevertheless be approved pursuant to this addendum.
49

50 Section 3. Statewide pool for the needs of special population groups within the mental health populations
51

52 Sec. 3. (1) A statewide pool of additional psychiatric beds consists of 370 beds needed in the state is
53 established to better meet the needs of special population groups within the mental health populations.
54 The number of beds in the pool is based on five percent of the statewide bed need for psychiatric
55 inpatient beds rounded up to the next ten. Beds in the pool shall be distributed as follows and shall be
56 reduced in accordance with subsection (2):

57 (a) Developmental disability beds will be allocated 110 adult beds and 20 child/adolescent beds.

58 (b) Geriatric psychiatric beds will be allocated 110 adult beds.

59 (c) Medical psychiatric beds will be allocated 110 adult beds and 20 child/adolescent beds.
60

61 (2) By setting aside these beds from the total statewide pool, the Commission's action applies only to
62 applicants seeking approval of psychiatric beds pursuant to sections 4, 5, and 6. It does not preclude the

63 care of these patients in units of hospitals, psychiatric hospitals, or other health care settings in
64 compliance with applicable statutory or certification requirements.

65
66 (3) Increases in psychiatric beds approved under this addendum for special population groups shall
67 not cause planning areas currently showing an unmet bed need to have that need reduced or planning
68 areas showing a current surplus of beds to have that surplus increased.

69
70 (4) The Commission may adjust the number of beds available in the statewide pool for the needs of
71 special population groups within the mental health populations concurrent with the biennial recalculation
72 of the statewide psychiatric inpatient bed need. Modifying the number of beds available in the statewide
73 pool for the needs of special population groups within the mental health populations pursuant to this
74 section shall not require a public hearing or submittal of the standard to the Legislature and the Governor
75 in order to become effective.
