

Bulletin Number: MSA 20-14

Distribution: Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Providers, Hospitals, Physicians, Pharmacies, Medicaid Health Plans (MHPs), Integrated Care Organizations (ICOs)

Issued: March 26, 2020

Subject: COVID-19 Response: Home Delivery of Durable Medical Equipment and Medical Supplies

Effective: Immediately

Programs Affected: Medicaid, Healthy Michigan Plan, Children's Special Health Care Services (CSHCS)

Per Centers for Disease Control and Prevention (CDC) and State recommendations, social distancing is encouraged to slow the spread of COVID-19 and thus preserve the health system capacity for the duration of this pandemic. Minimizing face-to-face contact whenever possible is strongly encouraged. These temporary policy changes offer flexibility for providers to meet the needs of beneficiaries through alternative means while protecting the health and welfare of both parties.

The purpose of this guidance is to announce temporary policy changes regarding the delivery of respiratory equipment/supplies and home delivery of medical supplies to protect the health and welfare of beneficiaries and providers while maintaining access to vital services during the COVID-19 pandemic. The temporary policy changes in this guidance also apply to Medicaid Health Plans (MHPs) and Integrated Health Organizations (ICO's). MHP's and ICO's are reminded that these services during the COVID-19 emergency may not be more restrictive than fee-for-service Medicaid. The Michigan Department of Health and Human Services (MDHHS) will:

- waive quantity limits, prior authorization (PA) and documentation requirements for respiratory equipment/supplies (e.g., ventilators, suction catheters, oxygen, etc.),
- waive quantity limits, prior authorization (PA) and documentation requirements for medical supplies the beneficiary typically receives through home delivery (e.g. diabetic supplies, incontinence supplies, enteral formulas, etc.),
- add coverage of surgical masks, hand sanitizer and patient gowns,
- recommend ordering physicians utilize telemedicine to meet Affordable Care Act (ACA) face-to-face requirements, and
- refer durable medical equipment/medical suppliers to the Centers for Disease Control (CDC) Covid-19 Personal Protection Equipment (PPE) guidelines.

This guidance will be in effect for 30 days following the termination of the Governor's Declaration of a State Emergency Order (2020-04, COVID-19), or on the first of the following month, whichever is later.

Medical Equipment/Medical Supplies:

To avoid potential delays or interruptions to home delivery of medical supplies to beneficiaries during the COVID-19 emergency, MDHHS will waive quantity limits, PA and documentation requirements for healthcare common procedure coding system (HCPCS) codes indicated in Attachment A.

The ordering practitioner must establish medical necessity for specified equipment/supplies and quantities on the order. The physician order must be kept in the beneficiary file and be available upon request. All other documentation requirements (e.g. documentation timelines, medical records, tests results, etc.) are waived during the COVID-19 emergency.

In addition to waiving PA and documentation for items listed in Attachment A, MDHHS will waive PA and the need for new medical documentation for the replacement of medical equipment/supplies that have been lost, destroyed, irreparably damaged, or otherwise rendered unusable or unavailable COVID-19 emergency.

The following items will be covered for beneficiaries during the COVID-19 emergency:

- Surgical masks (HCPCS A4928), 20 per unit.
- Hand Sanitizer (A9286) and patient gowns (HCPCS E1399).

Specific coding and billing instructions will be addressed in an upcoming bulletin.

Ordering Physician Face-to-Face Encounters:

To expedite patient care and access to equipment/supplies during the COVID-19 emergency, MDHHS encourages physicians to utilize telemedicine. In addition, telemedicine is an acceptable mode of care to meet Affordable Care Act (ACA) durable medical equipment face-to-face requirements as indicated in current policy. Refer to the Provider Manual for telemedicine policy.

Executive order: No. 2020-21

On Monday, March 23, 2020, Governor Whitmer issued Executive Order No. 2020-21 (Stay Home Stay Safe). The order requires Michigan residents to stay-at-home with some exceptions, including for those persons considered "essential critical infrastructure workers." Durable medical equipment/medical suppliers are considered essential workers and must take necessary safety precautions when entering beneficiary homes. Full details of the order are located at www.michigan.gov/coronavirus >> Resources >> Executive Orders and Directives >> Executive Orders >> EO 2020-21.

MDHHS has posted guidance for health professionals at: www.michigan.gov/coronavirus >> Resources >> For Health Professionals.

Durable medical equipment/medical supplies must also comply with the Centers for Disease Control (CDC) COVID-19 personal protection equipment (PPE) guidelines discussed in the section below.

Centers for Disease Control (CDC) Covid-19 Personal Protection Equipment (PPE) Guidelines:

The COVID-19 virus has spread quickly throughout Michigan, durable medical equipment, prosthetics, orthotics and supplies (DMEPOS) providers are reminded to follow the Centers for Disease Control (CDC) guidelines regarding the use of person protection equipment (PPE) when delivering and setting up equipment/medical supplies in beneficiary homes. The National Institute for Occupational Safety and Health (NIOSH), a division of the U.S. Center for Disease Control (CDC) defines PPE as: “specialized clothing or equipment, worn by an employee for protection against infectious materials.”

At a minimum the CDC guidelines indicate healthcare professionals when in contact with persons either diagnosed with or suspected to have COVID-19 don the following:

- Eye protection (e.g., goggles or face shield),
- Surgical mask,
- Gowns, and
- Gloves.

The CDC indicates that N95 respirators are only necessary when performing aerosol-generating procedures (e.g., sputum induction, open suctioning of airways).

The CDC further indicates that beneficiaries diagnosed or suspected to have COVID-19 should wear a mask. The CDC does not currently recommend the general public wear facemasks, but rather practice every day preventative actions, such as regularly washing their hands, covering their mouths when coughing and staying home when ill.

Public Comment

The public comment portion of the policy promulgation process is being conducted concurrently with the implementation of the change noted in this bulletin. Any interested party wishing to comment on the change may do so by submitting comments in writing to:

Attn: Lisa Trumbell
E-mail: Trumbell@michigan.gov

When responding by e-mail, please include "COVID-19 Response: Home Delivery of Durable Medical Equipment and Medical Supplies" in the subject line.

Comments received will be considered for revisions to the change implemented by this bulletin.

Manual Maintenance

Information is time-limited and will not be incorporated into any policy or procedure manuals.

Questions

Any questions regarding this bulletin should be directed to Provider Inquiry, Department of Health and Human Services, P.O. Box 30731, Lansing, Michigan 48909-8231, or e-mailed to ProviderSupport@michigan.gov. When you submit an e-mail, be sure to include your name, affiliation, NPI number, and phone number so you may be contacted if necessary. Providers may phone toll-free 1-800-292-2550.

Approved

Kate Massey, Director
Medical Services Administration
