

EMResource Long Term Care Bed and
Equipment Availability Quick User Guide

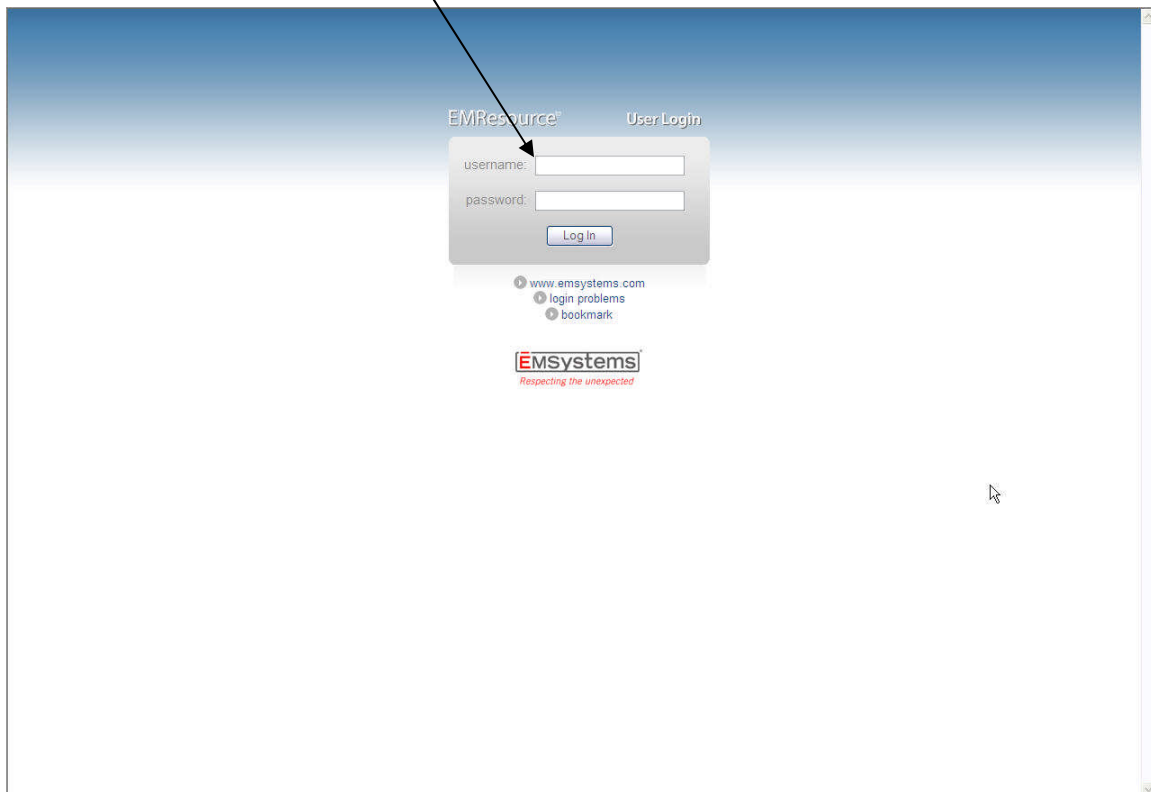

STEP 1

Go To:

<https://emresource.emsystem.com/>

STEP 2

Input your USERNAME and PASSWORD in the designated fields and click Log In

STEP 3

Click on Acknowledge All Notifications to continue.

If this option is unavailable or information is not provided, skip STEP 3.

The screenshot displays the EMResource web application interface. At the top, the header shows "Michigan - Region 2S" and "Lutheran Home - Monroe (LHM)". Navigation tabs include "Setup", "View", "Preferences", "Form", "Report", and "Regional Info". A "User Links" section contains "Contact Us", "Help", "Log Out", "EMTrack", and "EMCredential". Below the header, a "LTC Region View" section shows three tabs: "TEST - Region 2 South LTC Equipment Availability - TEST", "TEST - Region 2 South LTC Bed Availability - TEST", and "Region 2 South Daily HAvBED Reporting". The main content area is a table with columns "LTC - Monroe Co.", "LTC Divert", "Comment", and "Last Update". The table lists various facilities such as "Lutheran Home-Monroe", "Maplewood Manor", "Medlodge of Monroe", "Mercy Memorial Nursing Center", and "Tendercare of Monroe". A "Notifications" dialog box is overlaid on the table, featuring a "snooze" button and an "Acknowledge All Notifications" button. The dialog box contains two notification entries: "TEST - Region 2 South LTC Equipment Availability - TEST" dated "24 Nov 2009 15:49" and "TEST - Region 2 South LTC Bed Availability - TEST" dated "24 Nov 2009 15:48". Both entries include a link to "TEST - Region 2 South LTC Equipment Availability - TEST". The dialog box also has an "Acknowledge All Notifications" button at the bottom.

LTC Bed Availability Categories and Definitions

Note: If your facility does not have one or more of the below capabilities just enter "0," do not leave field blank.

NUMBER OF REGULAR BEDS - FEMALE

The total number of regular (not specialty) beds available in your facility.

NUMBER OF REGULAR BEDS - MALE

The total number of regular (not specialty) beds available in your facility.

NUMBER OF ISOLATION BEDS - FEMALE

This will be the total number of private or empty rooms that are available as isolation rooms, include any negative pressure rooms at your facility.

NUMBER OF ISOLATION BEDS - MALE

This will be the total number of private or empty rooms that are available as isolation rooms, include any negative pressure rooms at your facility.

NUMBER OF LOCKED UNIT BEDS - FEMALE

If your facility has a locked unit or a unit that could be locked, list the total number of available beds on that unit.

NUMBER OF LOCKED UNIT BEDS - MALE

If your facility has a locked unit or a unit that could be locked, list the total number of available beds on that unit.

NUMBER OF VENTILATOR BEDS - FEMALE

If your facility has ventilator beds, indicate the total number of beds available. If you do not have the capability of caring for ventilator patients just enter 0.

NUMBER OF VENTILATOR BEDS - MALE

If your facility has ventilator beds, indicate the total number of beds available. If you do not have the capability of caring for ventilator patients just enter 0.

NUMBER OF DIALYSIS BEDS - FEMALE

Number of dialysis beds you have available. If you do not have the equipment to do dialysis put 0.

NUMBER OF DIALYSIS BEDS - MALE

Number of dialysis beds you have available. If you do not have the equipment to do dialysis put 0.

NUMBER OF BARIATRIC BEDS - FEMALE

Number of bariatric beds (beds that can hold patients over 300 pounds) that you have available.

NUMBER OF BARIATRIC BEDS - MALE

Number of bariatric beds (beds that can hold patients over 300 pounds) that you have available.

NUMBER OF VIRTUAL BEDS

Number of beds you could possibly fit in your facility, include beds in storage. This must be beds that you not only have space for but actually have extra beds. You would include the total number of all male and female beds.
