Part F.

Line 2.a. does not equal Part A,. Line 12.b. because of amortization of insurance gain due to replacement of property lost in a fire on Jan. 13, 2004. This resulted in a reduction of \$26,254. to depreciation expense for 2012. The balance of this gain is shown as a liabliity in Part B., Line 49 "Deferred Credits".

Depreciation per Part F., Line 2.a. Amortization of insurance gain Depreciation per Part A., Line 12.b. 2,756,843 (26,254) 2,730,589

## IMPORTANT CHANGES DURING THE YEAR

Give particulars (details) concerning the matters indicated below. Make the statements explicit and precise, and number them in accordance with the inquiries. Each inquiry should be answered. Enter "none", "not acceptable" or "NA" where applicable. If information which answers an inquiry is given elsewhere in the report, make a reference to the schedule in which it appears.

- 1. Changes in and important additions to franchise rights: Describe the actual consideration given therefor and state from whom the franchise rights were acquired. If acquired without the payment of consideration, state that fact.
- 2. Acquisition of ownership in other companies by reorganization, merger, or consolidation with other companies: Give names of companies involved, particulars concerning the transactions, name of the Commission authorizing the transaction, and reference to Commission authorization.
- 3. Purchase or sale of an operating unit or system: Give a brief description of the property, and of the transactions relating thereto, and reference to Commission authorization, if any was required. Give date journal entries called for by the Uniform System of Accounts were submitted to the Commission.
- 4. Important leaseholds (other than leaseholds for natural gas lands) that have been acquired or given, assigned or surrendered: Give effective dates, lengths of terms, names of parties, rents and other conditions. State name of Commission authorizing lease and give reference to such authorization.
- 5. Important extension or reduction of transmission or distribution system: State territory added or relinquished and date operations began or ceased and give reference to Commission authorization, if any was required. State also the approximate number of customers added or lost and approximate annual revenues of each class of service. Each natural gas company must also state major new continuing sources of gas made available to it from purchases, development, purchase contract or otherwise, giving location and approximate total gas volumes available, period of contracts, and other parties to any such arrangements etc.
- 6. Obligations incurred as a result of issuance of securities or assumption of liabilities or guarantees including issuance of short-term debt and commercial paper having a maturity of one year or less. Give reference to FERC or State Commission authorization, as appropriate, and the amount of obligation or guarantee.
- 7. Changes in articles of incorporation or amendments to charter: Explain the nature and purpose of such changes or amendments.
- 8. State the estimated annual effect and nature of any important wage scale changes during the year.
- 9. State briefly the status of any materially important legal proceedings pending at the end of the year, and the results of any such proceedings culminated during the year.
- 10. Describe briefly and materially important transactions of the respondent not disclosed elsewhere in this report in which an officer, director, security holder reported on page 106, voting trustee, associated company or known associate of any of these persons was a party or in which any such person had a material interest.
- 11. (Reserved.)
- 12. If the important changes during the year relating to the respondent company appearing in the annual report to stockholders are applicable in every respect and furnish the data required by instruction 1 to 11 above, such notes may be attached to this page.

# RECEIVABLES FROM ASSOCIATED COMPANIES (Accounts 145, 146)

- 1. Report particulars of notes and accounts receivable from associated companies\* at end of year.
- 2. Provide separate headings and totals for Accounts 145, Notes Receivable from Associated Companies, and 146, Accounts Receivable from Associated Companies, in addition to a total for the combined accounts.
- 3. For notes receivable, list each note separately and state purpose for which received. Show also in column (a) date of note, date of maturity and interest rate.
- 4. If any note was received in satisfaction of an open account, state the period covered by such open account.
- 5. Include in column (f) interest recorded as income during the year including interest on accounts and notes held any time during the year.
- 6. Give particulars of any notes pladged or discounted, also of any collateral held as guarantee of payment of any note or account.

\* NOTE: "Associated companies" means companies or persons that, directly or indirectly, through one or more intermediaries, control, or are controlled by, or are under common control with, the account company. This includes related parties.

"Control" (including the terms "controlling," "controlled by," and "under common control with") means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a company, whether such power is exercised through one or more intermediary companies, or alone, or in conjunction with, or pursuant to an agreement, and whether such power is established through a majority or minority ownership or voting of securities, common directors, officers or stockholders, voting trusts, holding trusts, associated companies, contract or any other direct or indirect means.

# LONG-TERM DEBT (Accounts 221, 222, 223 and 224)

- 1. Report by balance sheet account the particulars (details) concerning long-term debt included in Accounts 221, Bonds, 222, Reacquired Bonds, 223, Advances from Associated Companies, and 224, Other Long-Term Debt.
- 2. In column (a), for new issues, give Commission authorization numbers and dates.
- 3. For bonds assumed by the respondent, include in column (a) the name of the issuing company as well as a description of the bonds.
- 4. For advances from Associated Companies, report separately advances on notes and advances on open accounts. Designate demand notes as such. Include in column (a) names of associated companies from which advances were received.
- 5. For receivers' certificates, show in column (a) the name of the court and date of court order under which such certificates were issued.
- 6. In column (b) show the principal amount of bonds or other long-term debt originally issued.
- 7. In column (c) show the expense, premium or discount with respect to the amount of bonds or other long-term debt originally issued.
- 8. For column (c) the total expenses should be listed first for each issuance, then the amount of premium (in parentheses) or discount. Indicate the premium or discount with a notation, such as (P) or (D). The expenses, premium or discount should not be netted.
- 9. Furnish in a footnote particulars (details) regarding the treatment of unamortized debt expense, premium or discount associated with issues redeemed during the year. Also, give in a footnote the date of the Commission's authorization of treatment other than as specified by the Uniform System of Accounts.

# LONG-TERM DEBT (Accounts 221, 222, 223 and 224) (Continued)

- 10. Identify separate undisposed amounts applicable to issues which were redeemed in prior years.
- 11. Explain any debits and credits other than amortizaiton debited to Account 428, Amortization of Debt-Discount and Expense, or credited to Account 429, *Amortization of Premium on Debt-Credit.*
- 12. In a footnote, give explanatory particulars (details) for Accounts 223 and 224 of net changes during the year. With respect to long-term advances, show for each company: (a) principal advanced during year, (b) interest added to principal amount, and (c) principal repaid during year. Give Commission authorization numbers and dates.
- 13. If the respondent has pledged any of its long-term debt securities give particulars (details) in a footnote including name of pledgee and purpose of the pledge.
- 14. If the respondent has any long-term debt securities which have been nominally issued and are nominally outstanding at end of year, describe such securities in a footnote.
- 15. If interest expense was incurred during the year on any obligations retired or reacquired before end of year, include such interest expense in column (i). Explain in a footnote any difference between the total of column (i) and the total of Account 427, Interest on Long-Term Debt, and Account 430, Interest on Debt to Associated Companies.
- 16. Give particulars (details) concerning any long-term debt authorized by a regulatory commission but not yet issued.

## PAYABLES TO ASSOCIATED COMPANIES\* (Accounts 233, 234)

- 1. Report particulars of notes and accounts payable to associated companies at end of year.
- 2. Provide separate totals for Accounts 233, Notes Payable to Associated Companies, and 234, Accounts Payable to Associated Companies, in addition to total for the combined accounts.
- 3. List each note separately and state the purpose for which issued. Show also in column (a) date of note, maturity and interest rate.
- 4. Include in column (f) the amount of any interest expense during the eyar on notes or accounts that were paid before the end of the year.
- 5. If collateral has been pledged as security to the payment of any note or account, describe such collateral.

# CHARGES FOR OUTSIDE PROFESSIONAL AND OTHER CONSULTATIVE SERVICES

- 1. Report the information specified below for all charges made during the year included in any account (including plant accounts) for outside consultative and other professional services. (These services include rate, management, construction, engineering research, financial, valuation, legal, accounting, purchasing, advertising, labor relations, and public relations, rendered the respondent under written or oral arrangement, for which aggregate payments were made during the year to any corporation, partnership, organization of any kind, or individual (other than for services as an employee or for payments made for medical and related services) amounting to more than \$25,000, including payments for legislative services, except those which should be reported in Account.
- 426.4, Expenditures for Certain civic, Political and Related Activities.)
- (a) Name and address of person or organization rendering services,
- (b) description of services received during year and project or case to which services relate,
  - (c) basis of charges,
- (d) total charges for the year, detailing utility department and account charged.
- 2. For any services which are of a continuing nature, give the date and term of contract and date of Commission authorization, if contract received Commission approval.
- 3. Designate with an asterisk associated companies.

## Report on the Financial Statements

We have audited the accompanying financial statements of Tri-County Electric Cooperative, Inc., which comprise the balance sheets as of December 31, 2012 and 2011, and the related statements of operations, members' equity, and cash flows for the years then ended, and the related notes to the financial statements

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

# **Basis for Qualified Opinion**

As more fully described in Note 5 to the financial statements, the Cooperative reports its investment in Tri-Co Services, Inc., a wholly owned subsidiary, on the equity method of accounting. In our opinion, accounting principles generally accepted in the United States of America require that all majority-owned subsidiaries be accounted for as consolidated subsidiaries. If the financial statements of Tri-Co Services, Inc. had been consolidated with those of Tri-County Electric Cooperative, Inc., total assets and total liabilities and equities would be increased by \$1,229,477 and \$1,393,041 as of December 31, 2012 and 2011, and revenues and expenses would be increased by \$4,535,188 and \$5,261,311 for the years then ended.

# **Qualified Opinion**

In our opinion, except for the effects of not consolidating Tri-Co Services, Inc., as discussed in the above paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Tri-County Electric Cooperative, Inc. as of December 31, 2012 and 2011, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Fargo, North Dakota March 19, 2013

# Note 1 - Summary of Significant Accounting Policies

# **Principal Business Activity**

Tri-County Electric Cooperative, Inc. dba HomeWorks (the Cooperative), a Michigan corporation, provides for the electric energy needs of its members, the rural residents of the central Michigan area.

#### Consolidation Policy and Preparation of Financial Statements

The financial statements of the Cooperative have been prepared on the accrual basis of accounting. The Cooperative reports its investment in its wholly owned subsidiary, Tri-Co Services, Inc., using the equity method. Accounting principles generally accepted in the United States of America require wholly owned subsidiaries to be consolidated. In arriving at the decision not to consolidate its subsidiary, management concluded that since the primary users of the statements are the Board of Directors, management and members, consolidation of the subsidiary's statements would tend to obscure the financial position and activities of the Cooperative.

# Regulation

As of April 6, 2010, the Cooperative is self-regulated for rates, billing practices, and accounting standards. All other aspects of electric service continue to be regulated by the Michigan Public Service Commission. The Cooperative's accounting policies and the accompanying financial statements, except as noted above, conform to generally accepted accounting principles applicable to rate-regulated enterprises and reflect the effects of the ratemaking process.

As a result of the ratemaking process, the Cooperative applies Accounting Standards Codification (ASC) 980, Regulated Operations. The application of generally accepted accounting principles by the Cooperative differs in certain respects from the application by non-regulated businesses as a result of applying ASC 980. Such differences generally relate to the time at which certain items enter into the determination of net margins in order to follow the principle of matching costs and revenues.

## **Electric Plant and Retirements**

Electric plant is stated at cost less contributions in aid of construction. The cost of additions to electric plant includes contracted work, direct labor and materials and allocable overheads. When units of property that are specifically identifiable are retired, sold or otherwise disposed of in the ordinary course of business, their book cost less net salvage is recognized as a gain or loss. All other units of property that are retired, sold or otherwise disposed of in the ordinary course of business, their average book cost less net salvage is charged to accumulated depreciation. Repairs and the replacement and renewal of items determined to be less than units of property are charged to maintenance expense.

## Depreciation

Depreciation is computed using the straight-line method based upon the estimated useful lives of the various classes of property.

#### Cash and Cash Equivalents

Short-term highly liquid investments that are readily converted to known amounts of cash and present insignificant risks of changes in value are considered cash equivalents. Investments in commercial paper are considered cash equivalents and valued at cost which approximates market.

#### **Investments**

Investments in other cooperatives and associated organizations are recorded at initial cost including allocated equities. Other investments representing less than a 20% ownership interest are recorded at cost. The Cooperative's investment in its wholly owned subsidiary, Tri-Co Services, Inc., is recorded using the equity method. Under this method, the investment is adjusted for the subsidiary's underlying earnings and losses.

#### Receivables and Credit Policies

Trade receivables are uncollateralized customer obligations due under normal trade terms requiring payment within 21 days from the billing date. Unpaid trade receivables with dates over 30 days old are assessed a late fee of 2% (residential) or 5% (large power and general service) of the unpaid balance or the amount of the bill less tax, whichever is less. Non-interest bearing notes receivable are stated at principal balance and are collateralized by equipment.

Payments on trade and notes receivables are allocated to the earliest unpaid billings. The carrying amounts of trade receivables are reduced by a valuation allowance that reflects management's best estimate of the amount that will not be collected. Management reviews all trade receivable balances periodically and adjusts the allowance accounts based on current economic conditions and past experience.

## Materials and Supplies

Material and supplies are stated at average moving cost.

#### **Deferred Debits**

Deferred debits consist primarily of engineering costs for future work plans and equipment clearing accounts. Engineering costs are amortized over the remaining term of the work plan. Clearing charges are spread to work orders based on equipment use for those work orders.

# Patronage Capital

The Cooperative operates on a nonprofit basis. Amounts received from the furnishing of electric energy in excess of operating costs and expenses are assigned to patrons on a patronage basis. All other amounts received by the Cooperative from its operations in excess of costs and expenses are also allocated to its patrons on a patronage basis to the extent they are not needed to offset current or prior losses, at the discretion and determination of the board of directors.

#### Revenue Recognition and Unbilled Revenues

The Cooperative recognizes revenue on members' unbilled accounts based upon estimated usage in the current billing cycle.

#### **Power Costs**

Power costs include all power delivered to the Cooperative, regardless of whether the power supplier has billed the Cooperative for power delivered.

#### **Deferred Credits**

Deferred credits consist primarily of deferred gains on early extinguishment of debt, deferred gains related to insurance proceeds, customer advances on construction, advance payments made by consumers in connection with electric service, and unclaimed capital credit checks. Deferred gains on early extinguishment of debt are amortized over the remaining term of the original debt. Deferred gains from insurance proceeds are amortized over the useful lives of the assets replaced.

#### **Post-Retirement Benefits**

The Cooperative sponsors an unfunded defined benefit post-retirement health plan that covers certain employees who retire after obtaining age 62 and 15 years of service. Spouses of beneficiaries are also included, with coverage continuing to the spouse after the beneficiaries' death. The Cooperative's share of the estimated costs of benefits that will be paid after retirement is being accrued by charges to expense accounts over the employees' active service periods to dates they are fully eligible for benefits.

#### **Business and Credit Risk**

Financial instruments which potentially subject the Cooperative to concentrations of credit risk consist primarily of temporary cash instruments and trade receivables. The Cooperative provides electrical service on account to its members which are located primarily in the central Michigan area. The Cooperative has established policies for extending the credit based upon factors surrounding the credit risk of specified customers, historical trends and other information. Concentrations of credit risk with respect to trade receivables are limited due to the Cooperative's large number of customers. Nonetheless, the Cooperative's ability to collect from its members is affected by the economic conditions in which it operates.

The Cooperative maintains its temporary cash investments and cash balances with high credit quality financial institutions. Although such investments and cash balances may exceed the federally insured limit of \$250,000 from time to time, they are, in the opinion of management, subject to minimal risk.

#### **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Sales Taxes

The Cooperative has customers in a state which imposes a sales tax on certain sales. The Cooperative collects those sales taxes from its customers and remits the entire amount to the state of Michigan. The Cooperative's accounting policy is to exclude the tax collected and remitted from revenue and cost of revenue.

#### Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures which provides a framework for measuring fair value under generally accepted accounting principles, became effective to Cooperative as of January 1, 2008. In accordance with the provision of ASC 820-10, the Cooperative has deferred the adoption of ASC 820 for one year for non-financial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a nonrecurring basis. Therefore, the Cooperative adopted ASC 820 on January 1, 2009. There was no adjustment to financial assets as a result of the adoption of ASC 820.

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. Level 3 inputs are unobservable inputs related to the asset or liability.

The Cooperative does not have any assets or liabilities subject to the level 1, 2, or 3 valuation as of December 31, 2012 and 2011 and does not anticipate participating in transactions of this type in the future.

#### **Advertising Costs**

Advertising costs are expensed as incurred.

# **Income Taxes**

The Cooperative is exempt from federal income tax under Section 501(c)(12) of the United States Internal Revenue Code, therefore no provision for federal income tax is recorded. However, income from unrelated business activities is subject to income tax at normal corporate rates.

The Cooperative has adopted the provisions of FASB Accounting Standards Codification Topic ASC 740-10, effective January 1, 2009. Implementation resulted in no cumulative effect adjustment to retained earnings as of the date of adoption. The Cooperative had no unrecognized tax benefits as of December 31, 2012 and 2011.

The Cooperative will recognize future accrued interest and penalties related to unrecognized tax benefits in income tax expense if such penalties and interest are incurred. Under normal circumstances, the Cooperative is no longer subject to Federal and State tax examinations by tax authorities for years before 2009.

The Cooperative undergoes an annual analysis of its various tax positions, assessing the likelihood of those positions being upheld upon examination with relevant tax authorities, as defined by ASC 740-10.

# **Subsequent Events**

The Cooperative has evaluated subsequent events through March 19, 2013, the date which the financial statements were available to be issued.

# Note 2 - Electric Plant and Depreciation

Major classes of electric plant at December 31, 2012 and 2011 consist of the following:

		2012		2011
General plant	\$	8,195,910	\$	8,352,139
Distribution plant		82,874,624		79,709,066

Other memberships and investments	37,477	37,477
	\$ 26,450,598	\$ 24,526,399

# Note 5 - Investment in Subsidiary

The Cooperative reports its investment in its wholly owned subsidiary, Tri-Co Services, Inc., using the equity method. Accounting principles generally accepted in the United States of America require wholly owned subsidiaries to be consolidated. In arriving at the decision not to consolidate its subsidiary, management concluded that since the primary users of the statements are the Board of Directors, management and members, consolidation of the subsidiary's statements would tend to obscure the financial position and activities of the Cooperative. Inclusion of the following condensed financial information of the subsidiary as of and for the years ended December 31, 2012 and 2011 permits users of these statements to be more fully informed.

Financial information related to Tri-Co Services, Inc. at December 31, 2012 and 2011 is as follows:

	2012	2011
Balance Sheet		
Current assets	\$ 3,230,760	\$ 3,595,719
Investments and other assets	5,037,486	5,344,776
	\$ 8,268,246	\$ 8,940,495
Current liabilities	\$ 940,083	\$ 1,070,314
Long-term liabilities	346,000	355,000
Equity	6,982,163	7,515,181
	\$ 8,268,246	\$ 8,940,495
Operations		
Operating revenues	\$ 4,570,028	\$ 5,425,455
Operating expenses	(4,632,804)	(5,212,235)
Other revenue - net	29,758	163,720
Net income/(loss)	\$ (33,018)	\$ 376,940

During 2012, Tri-Co Services, Inc. declared and paid a \$500,000 cash dividend to the Cooperative.

As a result of not consolidating Tri-Co Services, Inc., the Cooperative's financial statements are understated as follows at December 31, 2012 and 2011:

	2012	2011
Assets and liabilities	\$ 1,229,477	\$ 1,393,041
Revenues and expenses	\$ 4,535,188	\$ 5,261,311

# **Note 6 - Power Supply Cost Recovery**

Up until April 2010 the Cooperative was required by the Michigan Public Service Commission to maintain power supply cost recovery over-collections (PSCR) and refundable customer contributions in restricted accounts to be used only for the purpose for which they are intended. As of April 6, 2010, the Cooperative became self-regulated for rates, billing practices, and accounting standards and is no longer subject to this requirement.

Wolverine Power Supply Cooperative, Inc. and the member-distribution cooperatives including Tri-County Electric Cooperative, Inc. and Subsidiary were required to obtain authority to implement and apply PSCR clauses and monthly factors. Because the Cooperative became self-regulated as noted above, the PSCR clauses and monthly factors were approved by the Board of Directors. Tri-County's average monthly factor for residential customers was .0045 and .0002 mills per KWH during 2012 and 2011, respectively.

Due to fluctuations in market conditions, over-collections or under-collections could result between the generation cooperative and distribution cooperative as well as between the distribution cooperative and their member-consumers. Power cost recovery over-collections must be remedied by refunds and power cost recovery under-collection must be remedied by additional collections.

# Note 7 - Patronage Capital

Patronage capital balances at December 31, 2012 and 2011 consisted of the following:

	2012	2011
Assignable Assigned to date	\$ 2,659,713 49,988,963	\$ 3,060,438 46,928,525
Total	52,648,676	49,988,963
Retired to date	(8,692,161)	(7,701,954)
Balance	\$ 43,956,515	\$ 42,287,009

The mortgage provisions restrict the retirement of patronage capital unless, after retirement, the capital of the Cooperative equals at least 20% of the total assets of the Cooperative; provided, however, that retirements can be made if such distributions do not exceed 30% of the preceding year's margins. No distribution can be made if there is unpaid, when due, any installments of principal or interest on the notes or, if after giving effect to any distribution, the total current and accrued assets would be less than the total current and accrued liabilities. During 2012 and 2011, the Cooperative's capital exceeded 20% of total assets.

# Note 8 - Other Equities

Other Equities as of Decemb	er 31, 2012 and 2011	consist of the following:
-----------------------------	----------------------	---------------------------

- quality and a second of the following.	2012	 2011
Donated capital memberships Retired capital credits - gain Pre 1979 margins	\$ 1,136,301 241,262 1,603,211	\$ 798,082 241,262 1,603,211
	\$ 2,980,774	\$ 2,642,555
Other equities from Tri-Co Services, Inc. consist of the following:		
	2012	 2011
Tri-Co Services equity Unallocated Tri-Co Services dividend	\$ 6,982,163 500,000	\$ 7,515,181
	\$ 7,482,163	\$ 7,515,181

# Note 9 - Long-Term Debt

Long-term debt at December 31, 2012 and 2011 is as follows:

	2012	2011
National Rural Utilities Cooperative Finance Corporation (CFC) notes bearing interest at 1.358% to 6.7% per annum. The notes are payable in installments and mature at various times through February 2045.	\$ 42,966,949	\$ 44,511,847
Less current maturities	(1,576,005)	(1,544,899)
Total long-term debt	\$ 41,390,944	\$ 42,966,948

Maturities of long-term debt are as follows:

Year Ending December 31,	Amount
2013	\$ 1,576,005
2014	1,615,609
2015	1,618,871
2016	1,663,783
2017	1,125,238
Thereafter	35,367,443
	\$ 42,966,949

The loan agreements with CFC are secured by substantially all assets of the Cooperative and include certain positive and negative covenants with which the Cooperative has complied. Additionally, the Cooperative has available unadvanced loan funds from CFC of \$24,865,200.

The security agreement (mortgage) restricts the Cooperative's debt limit to \$120,000,000.

#### Note 10 - Lines of Credit

The Cooperative has executed a perpetual, variable rate (2.90% at December 31, 2012) line of credit with CFC, providing it with short-term loans in the total amount of \$5,000,000. There were no outstanding balances on the line at December 31, 2012 and 2011. During 2009, the Cooperative executed an additional variable rate (2.13% at December 31, 2012) line of credit with CFC, providing it with short-term loans in the total amount of \$10,000,000 maturing July 2013. The balance outstanding on the line totaled \$1,650,000 and \$0 at December 31, 2012 and 2011, respectively.

#### Note 11 - Retirement Plan

The National Rural Electric Cooperative Association (NRECA) Retirement Security Plan (RS Plan) is a defined benefit pension plan qualified under Section 401 and tax-exempt under Section 501(a) of the Internal Revenue Code. It is a multiemployer plan under the accounting standards. The plan sponsor's Employer Identification Number is 53-0116145 and the Plan Number is 333.

A unique characteristic of a multiemployer plan compared to a single employer plan is that all plan assets are available to pay benefits of any plan participant. Separate asset accounts are not maintained for participating employers. This means that assets contributed by one employer may be used to provide benefits to employees of other participating employers.

#### Plan Information

Tri- County Electric Cooperative, Inc. contributions to the RS Plan in 2012 and in 2011represented less than 5 percent of the total contributions made to the plan by all participating employers. Tri- County Electric Cooperative, Inc. made contributions to the plan of \$871,000 in 2012 and \$825,000 in 2011. There have been no significant changes that affect the comparability of 2012 and 2011contributions.

In the RS Plan, a "zone status" determination is not required, and therefore not determined, under the Pension Protection Act (PPA) of 2006. In addition, the accumulated benefit obligations and plan assets are not determined or allocated separately by individual employer. In total, the Retirement Security Plan was between 65 percent and 80 percent funded at January 1, 2012 and January 1, 2011 based on the PPA funding target and PPA actuarial value of assets on those dates.

Because the provisions of the PPA do not apply to the RS Plan, funding improvement plans and surcharges are not applicable. Future contribution requirements are determined each year as part of the actuarial valuation of the plan and may change as a result of plan experience.

In addition to the above retirement plan, employees of the Cooperative are eligible to participate in the NRECA 401(k) Pension Plan. The Cooperative makes a contribution equal to 3.0% of each employee's base wages. Employees are required to contribute 4.0% of base pay and may voluntarily contribute more if desired. The Cooperative made contributions of \$118,000 and \$114,000 in 2012 and 2011, respectively.

#### Note 12 - Post-Retirement Benefits other than Pensions

The Cooperative sponsors an unfunded defined benefit post-retirement health plan that covers certain employees who retire after reaching age 62 and 15 years of service. Spouses of beneficiaries are also included, with coverage continuing to the spouse after the beneficiaries' death.

The following table sets forth the change in the post-retirement benefit obligation reconciled with the obligation recognized in the accompanying balance sheet at December 31:

		2012	 2011
Change in post-retirement benefit obligation Accumulated post-retirement benefit			
obligation at beginning of year	\$	887,600	\$ 958,411
Service cost		1,783	2,585
Interest cost		47,317	44,380
Actuarial (gain) loss		92,910	(46,763)
Benefits paid		(83,266)	 (71,013)
Accumulated post-retirement benefit obligation at end of year	\$	946,344	\$ 887,600
The plan is unfunded at December 31, 2012.	<u> </u>		,
Weighted average assumptions as of December 31:			
		2012	2011
Discount rate		3.71%	4.55%

For measurement purposes, a 16.0% annual rate of increase in the cost of covered health care benefits was assumed. The health care cost trend rate assumption has a significant effect on the calculated liability. The Plan does cap monthly health insurance premium costs for both individuals and families for employees that retired after a specific date. A one-percentage point change in assumed health care costs would have the following effect:

	Poin	1% t Increase	Poir	1% nt Decrease
Effect on total service and interest cost components	\$	1,183	\$	(1,128)
Effect on post-retirement benefit obligation	\$	23,654	\$	(22,558)

#### Note 13 - Deferred Credits

	2012		2011	
Customer construction deposits	\$	262,145	\$	204,966
Consumer energy prepayments		321,305		308,213
Unamortized gain on reacquired debt		364,476		460,721
Regulatory liability for fire		153,316		179,569
Energy optimization accrual		486,213		313,788
Unclaimed capital credits		500,176		337,865
Total deferred credits	\$	2,087,631	\$	1,805,122

# Note 14 - Related Party Transactions

The Cooperative provides Tri-Co Services, Inc. a wholly owned subsidiary, with personnel, office space, and other administrative support. Amounts reimbursed for these services during 2012 and 2011 totaled approximately \$880,991 and \$928,475, respectively. Amounts due (to) from Tri-Co Services, Inc. amounted to (\$56,606) and (\$32,273) at December 31, 2012 and 2011, respectively.

The Cooperative collects and remits voluntary contributions to the Tri-County Electric People Fund, Inc. (the Fund), a 501 (c)(3) nonprofit organization organized for charitable giving to individuals and organizations in the Cooperative's service area. The Cooperative reimburses the Fund for operating expenses which amounted to \$12,720 and \$11,519 for the years ended December 31, 2012 and 2011, respectively.

#### Note 15 - Commitments

The Cooperative has a commitment to purchase its electric power and energy requirements at wholesale from Wolverine Power Supply Cooperative, Inc. (Wolverine) until December 31, 2041 and Wolverine is obligated to sell to the Cooperative all of the Cooperative's electric power needs. The rates paid by the Cooperative under the contract are subject to review by the seller at such intervals, as it deems appropriate.

Following is a summary of transactions with Wolverine for the years ended December 31, 2012 and 2011:

	2012	2011
Purchase of wholesale power	\$ 28,715,222	\$ 25,758,132
Accounts payable for purchased power at December 31	\$ 2,298,145	\$ 2,261,769
Capital credits allocated during the year	\$ 2,302,114	\$ 1,471,455
Accumulated investment in patronage capital credits	\$ 23,437,571	\$ 21,564,628

# Note 16 - Lease Agreements

The Cooperative leases various vehicles under operating lease agreements. Lease expense for years ending December 31, 2012 and 2011 was \$39,819 and \$52,352, respectively. The leases expire from October 2012 to October 2016. The minimum future lease payments for the vehicle leases are as follows:

Years ending December 31	Amount
2013	\$ 30,734
2014	25,339
2015	22,561
2016	14,169
