

Retirement Plan Decision Guide

Welcome to the Michigan Public School Employees' Retirement System. You may be thinking it's too soon to be talking about retirement, but taking the time now to learn about your options can make a big difference when you're retired.

You have the choice between two options: the **Pension Plus 2** plan or the **Defined Contribution (DC)** plan. Which retirement plan should you choose? There's no right or wrong answer. Everyone's situation is different.

What is important is that you understand your options and make a choice. Once you decide, wait for your welcome letter from the Michigan Office of Retirement Services (ORS) with your member ID, then log in to miAccount and make your election.

This is a companion sheet to the *Retirement Plan Election Guide (R0606C)*.

Which retirement plan is best for you?

In the table below, mark the box to the left of the statement in each row that applies more to you. Tally the number of marked boxes you have for each column and write it in the last box for that column.

Pension Plus 2 plan	DC plan
I plan on working for a Michigan public school employer at least 10 years during my lifetime, even if I leave public school employment and return later.	I plan on working for a Michigan public school employer less than 10 years during my lifetime.
I want a guaranteed monthly pension for life plus the opportunity to potentially build additional retirement income through the savings plan.	I want the opportunity to potentially build the value of my savings plan, which could be more or less than what the Pension Plus 2 plan provides.
I'm comfortable with managing my retirement savings plan and having ORS manage my pension.	I'm comfortable managing my retirement savings plan.
I want ORS to manage my monthly pension. Plus, I want to decide how much and when I withdraw money from my savings plan when I'm retired, following IRS rules.	I want to decide how much and when I withdraw money from my savings plan when I'm retired, following IRS rules.
I would rather have a guaranteed monthly benefit for life in retirement than full control over what my contributions will be during my working career.	I would rather have full control over what my contributions will be during my working career than have a guaranteed monthly benefit for life in retirement.
If you have more selections in this column, then you might consider the Pension Plus 2 plan which pairs a pension component with a savings component.	If you have more selections in this column, then you might consider the DC plan which is a savings plan only.
