PRODIGY™

BEDROOM SERIES

2020

ENGINEERED TO ENDURE®

NORIX®

Prodigy™ Bedroom

Warmth of Wood, Performance of Polymer

Prodigy™ features the latest Norix innovations in an uncompromising line of high performing and aesthetically pleasing bedroom furniture. It is designed and engineered to overcome the daunting challenge of creating a humanized environment without sacrificing safety, security and long term performance. Prodigy™ is at the vanguard of innovation and advances the Norix legacy of spearheading breakthroughs in behavioral healthcare.

Prodigy™ shown in Harvest color and paired with Vesta guest chair in Canyon

Prodigy™ Bedroom Series

Crafted in a specially formulated polymer with proprietary innovations to deliver superior durability, maintenance free cleanability and humanizing aesthetic appeal. Each piece is uniquely fashioned with specialized TruGrain™ polymer to replicate natural wood and deliver a residential, non-institutional appearance.

Therapeutically Attractive

Attractive wood grain appearance to enhance the calming familiarity of a home-like environment.

Designed for Safety

Superior to wood in infection-control and ligature, fluid, tamper, infestation and contraband resistance. Concealed anchoring.

Durable

Structurally reinforced for superior durability, impact resistance and security.

Maintenance-Free

Seamless one-piece construction delivers unmatched cleanability and long-term, maintenance-free performance.

Environmentally Responsible

Recyclable polymer is made responsibly with recycled content.

Panel Bed

Anti-ligature bed with inset panel design aesthetic creates a "classic" residential look yet allows placement flush against wall or in corners. Raised lip on bed deck with grooved sleep surface for fluid management. Select free-standing version with fully closed bottom or floor-anchor model (all anchoring hardware included.) Optional restraint rings.

Nightstand

The Prodigy™ Nightstand is the perfect complement to the Panel Bed. Smaller top cubby keeps essentials within easy reach; bottom cubby holds larger items. Includes all anchoring hardware for floor mounting and optional non-removable floor guide kit for a free-standing alternative.

Open Chest

Ideal anti-ligature solution - storage for larger items with no doors, drawers or hinges. Includes all anchoring hardware for floor mounting and optional non-removable floor guide kit for a free-standing alternative.

Desk

Classic table desk with modesty panel. Attractive inset panel design allows for placement flush against wall or in corners.

Prodigy™ shown in Java color and paired with Vesta guest chair in Meadow.

CONTRABAND RESISTANT

Residential inset panel allows for flush wall mounting.

TAMPER RESISTANT

One-piece security conscious design for greater safety.

ROUNDED EDGES

Radiused to avoid dangerous sharp edges.

UNMATCHED CLEANABILITY

Non-absorbent polymer for greater infection control.

CLASSIC PANEL DESIGN

Humanizing aesthetic for a therapeutic environment

EXTREMELY DURABLE

Impact resistant and tested to 1,500 lbs. static load.

ENVIRONMENTALLY RESPONSIBLE

Recyclable & made with recycled content.

TRUGRAIN™ TECHNOLOGY

Warmth of wood, performance of polymer.

ANTI-LIGATURE

Careful flush to the floor design avoids tie offs.

CONCEALED HARDWARE

For secure and attractive floor anchoring.

Proprietary TruGrain™ aesthetic provides authentic texture and gradation that replicates natural wood. Each piece is uniquely fashioned to deliver a residential, non-institutional appearance. Special polymer delivers superior durability, maintenance-free cleanability, and humanizing aesthetic appeal.

Prodigy™ shown in Java color and paired with Vesta guest chair in Sea Spray.

AT NORIX, WE DESIGN INNOVATIVE, ROBUST FURNITURE
THAT MEETS THE REAL-WORLD NEED FOR HUMANIZING
CHALLENGING ENVIRONMENTS.

Individual attributes vary by product. See specification sheet for details

SPECIFICATIONS

Model

PRD700 - Prodigy Open Chest with concealed anchoring for maximum security (anchoring mechanism and anchoring hardware included).

Weight

55 lbs

*Intended for indoor use only

Dimensions

Height 42"
Overall Length 30"
Overall Width 18"
Total Volume 6.9 cu. ft.
Cubby Volume 2.3 cu. ft.
Note: Dimensional tolerances are +1% due to manufacturing process.

DETAILS

Colors

Harvest (light), Java (dark)

*Proprietary TruGrain™ aesthetic provides authentic texture and gradation that replicates natural wood. Variations in color and finish vary from product to product and lot to lot, just like natural wood. Due to differences in monitors, printers and materials, actual product colors may vary.

Options

Ballasting Available (50 lbs)

Patents

Patents Pending

Fabrication & Material

One-piece, 100% seamless, specially formulated polymer construction is structurally reinforced for superior durability, impact resistance and security. Rounded edges for added safety. Each piece is uniquely fashioned with proprietary TruGrain™ polymer formulation to replicate natural wood, and deliver a residential, non-institutional appearance. The seamless, one-piece construction delivers long-term, maintenance-free performance superior to wood in infection-control, fluid, tamper, infestation, contraband resistance and anti-ligature design. Contains a minimum of 30% recycled content. Made in the U.S.A.

Installation

Proprietary anti-ligature floor anchoring system with concealed hardware (mechanism and all anchoring hardware included). Anchoring mechanism and hardware intended for concrete floors. (Please consult contractor or facility management as necessary.) Tamper-resistant non-removable steel encased floor glides are included and may be field installed. Security caulk may be applied to the perimeter after anchoring. Optional Norix Authorized Installation services reinforce Limited Warranty.

Warranty

10 year limited replacement warranty.

Cleaning & Maintenance

For routine and regular cleaning, Norix recommends the use of Simple Green® or an equivalent cleaning product. Prodigy products are bleach cleanable and suitable for use with hospital-grade disinfectants (such as Clorox® Clean-Up Cleaner + Bleach, Virex® or Wexide®).

TESTING

Flammability Test Standards

- State of California, Technical Bulletin No. 133, Flammability Test Procedure for Seating Furniture for Use in Public Occupancies
- UL 1056 Fire Test of Upholstered Furniture
- ASTM E1537 Test Method for Fire testing of Real Scale Upholstered Furniture Items
- NFPA 261 Cigarette Ignition Resistance of Upholstered Furniture

Environmental Test Standards

- Compliant with Healthier Hospitals guidelines
- GREENGUARD and GREENGUARD Gold Certified by UL Environment. Product certified for low chemical emissions to UL 2818. UL.COM/GG

Performance Test Standards

Tested to 1,000 lbs static load

STATE OF MICHIGAN

STANDARD CONTRACT TERMS

This STANDARD CONTRACT ("**Contract**") is agreed to between the State of Michigan (the "**State**") and Norix Group, Inc. ("**Contractor**"), an Illinois Corporation. This Contract is effective on February 1, 2020 ("**Effective Date**"), and unless terminated, expires on January 31, 2025.

This Contract may be renewed for up to 5, additional 1-year period(s). Renewal is at the sole discretion of the State and will automatically extend the Term of this Contract. The State will document its exercise of renewal options via Change Notice.

The parties agree as follows:

1. **Duties of Contractor.** Contractor must perform the services and provide the deliverables described in **Schedule A – Statement of Work** (the "**Contract Activities**"). An obligation to provide delivery of any commodity is considered a service and is a Contract Activity.

Contractor must furnish all labor, equipment, materials, and supplies necessary for the performance of the Contract Activities, and meet operational standards, unless otherwise specified in Schedule A.

Contractor must: (a) perform the Contract Activities in a timely, professional, safe, and workmanlike manner consistent with standards in the trade, profession, or industry; (b) meet or exceed the performance and operational standards, and specifications of the Contract; (c) provide all Contract Activities in good quality, with no material defects; (d) not interfere with the State's operations; (e) obtain and maintain all necessary licenses, permits or other authorizations necessary for the performance of the Contract; (f) cooperate with the State, including the State's quality assurance personnel, and any third party to achieve the objectives of the Contract; (g) return to the State any State-furnished equipment or other resources in the same condition as when provided when no longer required for the Contract; (h) not make any media releases without prior written authorization from the State; (i) assign to the State any claims resulting from state or federal antitrust violations to the extent that those violations concern materials or services supplied by third parties toward fulfillment of the Contract; (j) comply with all State physical and IT security policies and standards which will be made available upon request; and (k) provide the State priority in performance of the Contract except as mandated by federal disaster response requirements. Any breach under this paragraph is considered a material breach.

Contractor must also be clearly identifiable while on State property by wearing identification issued by the State, and clearly identify themselves whenever making contact with the State.

2. **Notices.** All notices and other communications required or permitted under this Contract must be in writing and will be considered given and received: (a) when verified by written receipt if sent by courier; (b) when actually received if sent by mail without verification of receipt; or (c) when verified by automated receipt or electronic logs if sent by facsimile or email.

If to State:	If to Contractor:
Sarah Walter 525 W. Allegan St. Lansing, Michigan, 48819 WalterS6@michigan.gov 517-256-4237	Corie Kasper 1800 W. Hawthorne Lane, Suite N West Chicago, IL 60185 ckasper@norix.com 630-231-1331

3. **Contract Administrator.** The Contract Administrator for each party is the only person authorized to modify any terms of this Contract, and approve and execute any change under this Contract (each a “**Contract Administrator**”):

State:	Contractor:
Sarah Walter 525 W. Allegan St. Lansing, Michigan, 48819 WalterS6@michigan.gov 517-256-4237	Peter L Graves 1800 W. Hawthorne Lane, Suite N West Chicago, IL 60185 furniture@norix.com 630-231-1331

4. **Program Manager.** The Program Manager for each party will monitor and coordinate the day-to-day activities of the Contract (each a “**Program Manager**”):

State:	Contractor:
Jennifer Frank 235 S. Grand Ave. Lansing, Michigan 48933 FrankJ4@michigan.gov 517-241-6563	Corie Kasper 1800 w. Hawthorne Lane, Suite N West Chicago, IL 60185 ckasper@norix.com 630-231-1331

5. **Performance Guarantee.** Contractor must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the Contract and must provide proof upon request. The State may require a performance bond (as specified in Schedule A) if, in the opinion of the State, it will ensure performance of the Contract.
6. **Insurance Requirements.** Contractor must maintain the insurances identified below and is responsible for all deductibles. All required insurance must: (a) protect the State from claims that may arise out of, are alleged to arise out of, or result from Contractor's or a subcontractor's performance; (b) be primary and non-contributing to any comparable liability insurance (including self-insurance) carried by the State; and (c) be provided by a company with an A.M. Best rating of "A-" or better, and a financial size of VII or better.

Required Limits	Additional Requirements
Commercial General Liability Insurance	
<u>Minimum Limits:</u> \$1,000,000 Each Occurrence Limit \$1,000,000 Personal & Advertising Injury Limit \$2,000,000 General Aggregate Limit \$2,000,000 Products/Completed Operations <u>Deductible Maximum:</u> \$50,000 Each Occurrence	Contractor must have their policy endorsed to add “the State of Michigan, its departments, divisions, agencies, offices, commissions, officers, employees, and agents” as additional insureds using endorsement CG 20 10 11 85, or both CG 2010 07 04 and CG 2037 07 04. Coverage must not have exclusions or limitations related to sexual abuse and molestation liability.
Umbrella or Excess Liability Insurance	
<u>Minimum Limits:</u> \$5,000,000 General Aggregate	Contractor must have their policy follow form.

Automobile Liability Insurance	
<u>Minimum Limits:</u> \$1,000,000 Per Accident	Contractor must have their policy: (1) endorsed to add "the State of Michigan, its departments, divisions, agencies, offices, commissions, officers, employees, and agents" as additional insureds; and (2) include Hired and Non-Owned Automobile coverage.
Workers' Compensation Insurance	
<u>Minimum Limits:</u> Coverage according to applicable laws governing work activities.	Waiver of subrogation, except where waiver is prohibited by law.
Employers Liability Insurance	
<u>Minimum Limits:</u> \$500,000 Each Accident \$500,000 Each Employee by Disease \$500,000 Aggregate Disease.	

If any of the required policies provide **claims-made** coverage, the Contractor must: (a) provide coverage with a retroactive date before the effective date of the contract or the beginning of Contract Activities; (b) maintain coverage and provide evidence of coverage for at least three (3) years after completion of the Contract Activities; and (c) if coverage is cancelled or not renewed, and not replaced with another claims-made policy form with a retroactive date prior to the contract effective date, Contractor must purchase extended reporting coverage for a minimum of three (3) years after completion of work.

Contractor must: (a) provide insurance certificates to the Contract Administrator, containing the agreement or delivery order number, at Contract formation and within 20 calendar days of the expiration date of the applicable policies; (b) require that subcontractors maintain the required insurances contained in this Section; (c) notify the Contract Administrator within 5 business days if any insurance is cancelled; and (d) waive all rights against the State for damages covered by insurance. Failure to maintain the required insurance does not limit this waiver.

This Section is not intended to and is not to be construed in any manner as waiving, restricting or limiting the liability of either party for any obligations under this Contract (including any provisions hereof requiring Contractor to indemnify, defend and hold harmless the State).

7. **Administrative Fee and Reporting.** Contractor must pay an administrative fee of 1% on all payments made to Contractor under the Contract including transactions with the State (including its departments, divisions, agencies, offices, and commissions), MiDEAL members, and other states (including governmental subdivisions and authorized entities). Administrative fee payments must be made by check payable to the State of Michigan and mailed to:

Department of Technology, Management and Budget
Cashiering
P.O. Box 30681
Lansing, MI 48909

Contractor must submit an itemized purchasing activity report, which includes at a minimum, the name of the purchasing entity and the total dollar volume in sales. Reports should be mailed to MiDeal@michigan.gov.

The administrative fee and purchasing activity report are due within 30 calendar days from the last day of each calendar quarter.

8. **Extended Purchasing Program.** This contract is extended to MiDEAL members. MiDEAL members include local units of government, school districts, universities, community colleges, and nonprofit hospitals. A current list of MiDEAL members is available at www.michigan.gov/mideal.

Upon written agreement between the State and Contractor, this contract may also be extended to: (a) other states (including governmental subdivisions and authorized entities) and (b) State of Michigan employees.

If extended, Contractor must supply all Contract Activities at the established Contract prices and terms. The State reserves the right to impose an administrative fee and negotiate additional discounts based on any increased volume generated by such extensions.

Contractor must submit invoices to, and receive payment from, extended purchasing program members on a direct and individual basis.

9. **Independent Contractor.** Contractor is an independent contractor and assumes all rights, obligations and liabilities set forth in this Contract. Contractor, its employees, and agents will not be considered employees of the State. No partnership or joint venture relationship is created by virtue of this Contract. Contractor, and not the State, is responsible for the payment of wages, benefits and taxes of Contractor's employees and any subcontractors. Prior performance does not modify Contractor's status as an independent contractor.
10. **Subcontracting.** Contractor may not delegate any of its obligations under the Contract without the prior written approval of the State. Contractor must notify the State at least 90 calendar days before the proposed delegation and provide the State any information it requests to determine whether the delegation is in its best interest. If approved, Contractor must: (a) be the sole point of contact regarding all contractual matters, including payment and charges for all Contract Activities; (b) make all payments to the subcontractor; and (c) incorporate the terms and conditions contained in this Contract in any subcontract with a subcontractor. Contractor remains responsible for the completion of the Contract Activities, compliance with the terms of this Contract, and the acts and omissions of the subcontractor. The State, in its sole discretion, may require the replacement of any subcontractor.
11. **Staffing.** The State's Contract Administrator may require Contractor to remove or reassign personnel by providing a notice to Contractor.
12. **Background Checks.** Pursuant to Michigan law, all agencies subject to IRS Pub. 1075 are required to ask the Michigan State Police to perform fingerprint background checks on all employees, including Contractor and Subcontractor employees, who may have access to any database of information maintained by the federal government that contains confidential or personal information, including, but not limited to, federal tax information. Further, pursuant to Michigan law, any agency described above is prohibited from providing Contractors or Subcontractors with the result of such background check. For more information, please see Michigan Public Act 427 of 2018. Upon request, Contractor must perform background checks on all employees and subcontractors and its employees prior to their assignment. The scope is at the discretion of the State and documentation must be provided as requested. Contractor is responsible for all costs associated with the requested background checks. The State, in its sole discretion, may also perform background checks.
13. **Assignment.** Contractor may not assign this Contract to any other party without the prior approval of the State. Upon notice to Contractor, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Contract to any other party. If the State determines that a novation of the Contract to a third party is necessary, Contractor will agree to the novation and provide all necessary documentation and signatures.
14. **Change of Control.** Contractor will notify within 30 days of any public announcement or otherwise once legally permitted to do so, the State of a change in Contractor's organizational structure or ownership. For purposes of this Contract, a change in control means any of the following: (a) a sale of more than 50% of Contractor's stock; (b) a sale of substantially all of Contractor's assets; (c) a change in a majority of Contractor's board members; (d) consummation of a merger or consolidation of Contractor with any other entity; (e) a change in ownership through a transaction or series of transactions; (f) or the board (or the stockholders) approves a plan of complete liquidation. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes.

In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract.

15. **Ordering.** Contractor is not authorized to begin performance until receipt of authorization as identified in Schedule A.

16. **Acceptance.** Contract Activities are subject to inspection and testing by the State within 30 calendar days of the State's receipt of them ("**State Review Period**"), unless otherwise provided in Schedule A. If the Contract Activities are not fully accepted by the State, the State will notify Contractor by the end of the State Review Period that either: (a) the Contract Activities are accepted but noted deficiencies must be corrected; or (b) the Contract Activities are rejected. If the State finds material deficiencies, it may: (i) reject the Contract Activities without performing any further inspections; (ii) demand performance at no additional cost; or (iii) terminate this Contract in accordance with Section 23, Termination for Cause.

Within 10 business days from the date of Contractor's receipt of notification of acceptance with deficiencies or rejection of any Contract Activities, Contractor must cure, at no additional cost, the deficiency and deliver unequivocally acceptable Contract Activities to the State. If acceptance with deficiencies or rejection of the Contract Activities impacts the content or delivery of other non-completed Contract Activities, the parties' respective Program Managers must determine an agreed to number of days for re-submission that minimizes the overall impact to the Contract. However, nothing herein affects, alters, or relieves Contractor of its obligations to correct deficiencies in accordance with the time response standards set forth in this Contract.

If Contractor is unable or refuses to correct the deficiency within the time response standards set forth in this Contract, the State may cancel the order in whole or in part. The State, or a third party identified by the State, may perform the Contract Activities and recover the difference between the cost to cure and the Contract price plus an additional 10% administrative fee.

17. **Delivery.** Contractor must deliver all Contract Activities F.O.B. destination, within the State premises with transportation and handling charges paid by Contractor, unless otherwise specified in Schedule A. All containers and packaging become the State's exclusive property upon acceptance.
18. **Risk of Loss and Title.** Until final acceptance, title and risk of loss or damage to Contract Activities remains with Contractor. Contractor is responsible for filing, processing, and collecting all damage claims. The State will record and report to Contractor any evidence of visible damage. If the State rejects the Contract Activities, Contractor must remove them from the premises within 10 calendar days after notification of rejection. The risk of loss of rejected or non-conforming Contract Activities remains with Contractor. Rejected Contract Activities not removed by Contractor within 10 calendar days will be deemed abandoned by Contractor, and the State will have the right to dispose of it as its own property. Contractor must reimburse the State for costs and expenses incurred in storing or effecting removal or disposition of rejected Contract Activities.
19. **Warranty Period.** The warranty period, if applicable, for Contract Activities is a fixed period commencing on the date specified in Schedule A. If the Contract Activities do not function as warranted during the warranty period, the State may return such non-conforming Contract Activities to the Contractor for a full refund.
20. **Terms of Payment.** Invoices must conform to the requirements communicated from time-to-time by the State. All undisputed amounts are payable within 45 days of the State's receipt. Contractor may only charge for Contract Activities performed as specified in Schedule A. Invoices must include an itemized statement of all charges. The State is exempt from State sales tax for direct purchases and may be exempt from federal excise tax, if Services purchased under this Agreement are for the State's exclusive use. All prices are exclusive of taxes, and Contractor is responsible for all sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state, or local governmental entity on any amounts payable by the State under this Contract.

The State has the right to withhold payment of any disputed amounts until the parties agree as to the validity of the disputed amount. The State will notify Contractor of any dispute within a reasonable time. Payment by the State will not constitute a waiver of any rights as to Contractor's continuing obligations, including claims for deficiencies or substandard Contract Activities. Contractor's acceptance of final payment by the State constitutes a waiver of all claims by Contractor against the State for payment under this Contract, other than those claims previously filed in writing on a timely basis and still disputed.

The State will only disburse payments under this Contract through Electronic Funds Transfer (EFT). Contractor must register with the State at <http://www.michigan.gov/SIGMAVSS> to receive electronic fund transfer payments. If Contractor does not register, the State is not liable for failure to provide payment. Without prejudice to any other right or remedy it may have, the State reserves the right to set off at any time any amount then due and owing to it by Contractor against any amount payable by the State to Contractor under this Contract.

21. **Liquidated Damages.** Liquidated damages, if applicable, will be assessed as described in Schedule A.

22. **Stop Work Order.** The State may suspend any or all activities under the Contract at any time. The State will provide Contractor a written stop work order detailing the suspension. Contractor must comply with the stop work order upon receipt. Within 90 calendar days, or any longer period agreed to by Contractor, the State will either: (a) issue a notice authorizing Contractor to resume work, or (b) terminate the Contract or delivery order. The State will not pay for Contract Activities, Contractor's lost profits, or any additional compensation during a stop work period.
23. **Termination for Cause.** The State may terminate this Contract for cause, in whole or in part, if Contractor, as determined by the State: (a) endangers the value, integrity, or security of any location, data, or personnel; (b) becomes insolvent, petitions for bankruptcy court proceedings, or has an involuntary bankruptcy proceeding filed against it by any creditor; (c) engages in any conduct that may expose the State to liability; (d) breaches any of its material duties or obligations; or (e) fails to cure a breach within the time stated in a notice of breach. Any reference to specific breaches being material breaches within this Contract will not be construed to mean that other breaches are not material.

If the State terminates this Contract under this Section, the State will issue a termination notice specifying whether Contractor must: (a) cease performance immediately, or (b) continue to perform for a specified period. If it is later determined that Contractor was not in breach of the Contract, the termination will be deemed to have been a Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in Section 24, Termination for Convenience.

The State will only pay for amounts due to Contractor for Contract Activities accepted by the State on or before the date of termination, subject to the State's right to set off any amounts owed by the Contractor for the State's reasonable costs in terminating this Contract. The Contractor must pay all reasonable costs incurred by the State in terminating this Contract for cause, including administrative costs, attorneys' fees, court costs, transition costs, and any costs the State incurs to procure the Contract Activities from other sources.

24. **Termination for Convenience.** The State may immediately terminate this Contract in whole or in part without penalty and for any reason, including but not limited to, appropriation or budget shortfalls. The termination notice will specify whether Contractor must: (a) cease performance of the Contract Activities immediately, or (b) continue to perform the Contract Activities in accordance with Section 25, Transition Responsibilities. If the State terminates this Contract for convenience, the State will pay all reasonable costs, as determined by the State, for State approved Transition Responsibilities.
25. **Transition Responsibilities.** Upon termination or expiration of this Contract for any reason, Contractor must, for a period of time specified by the State (not to exceed 90 calendar days), provide all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the Contract Activities to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Contract Activities to the State or its designees. Such transition assistance may include, but is not limited to: (a) continuing to perform the Contract Activities at the established Contract rates; (b) taking all reasonable and necessary measures to transition performance of the work, including all applicable Contract Activities, training, equipment, software, leases, reports and other documentation, to the State or the State's designee; (c) taking all necessary and appropriate steps, or such other action as the State may direct, to preserve, maintain, protect, or return to the State all materials, data, property, and confidential information provided directly or indirectly to Contractor by any entity, agent, vendor, or employee of the State; (d) transferring title in and delivering to the State, at the State's discretion, all completed or partially completed deliverables prepared under this Contract as of the Contract termination date; and (e) preparing an accurate accounting from which the State and Contractor may reconcile all outstanding accounts (collectively, "**Transition Responsibilities**"). This Contract will automatically be extended through the end of the transition period.
26. **General Indemnification.** Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and employees harmless, without limitation, from and against any and all actions, claims, losses, liabilities, damages, costs, attorney fees, and expenses (including those required to establish the right to indemnification), arising out of or relating to: (a) any breach by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable) of any of the promises, agreements, representations, warranties, or insurance requirements contained in this Contract; (b) any infringement, misappropriation, or other violation of any intellectual property right or other right of any third party; (c) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (d) any acts or omissions of Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

The State will notify Contractor in writing if indemnification is sought; however, failure to do so will not relieve Contractor, except to the extent that Contractor is materially prejudiced. Contractor must, to the satisfaction of the State, demonstrate its financial ability to carry out these obligations.

The State is entitled to: (i) regular updates on proceeding status; (ii) participate in the defense of the proceeding; (iii) employ its own counsel; and to (iv) retain control of the defense if the State deems necessary. Contractor will not, without the State's written consent (not to be unreasonably withheld), settle, compromise, or consent to the entry of any judgment in or otherwise seek to terminate any claim, action, or proceeding. To the extent that any State employee, official, or law may be involved or challenged, the State may, at its own expense, control the defense of that portion of the claim.

Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. An attorney designated to represent the State may not do so until approved by the Michigan Attorney General and appointed as a Special Assistant Attorney General.

27. **Infringement Remedies.** If, in either party's opinion, any piece of equipment, software, commodity, or service supplied by Contractor or its subcontractors, or its operation, use or reproduction, is likely to become the subject of a copyright, patent, trademark, or trade secret infringement claim, Contractor must, at its expense: (a) procure for the State the right to continue using the equipment, software, commodity, or service, or if this option is not reasonably available to Contractor, (b) replace or modify the same so that it becomes non-infringing; or (c) accept its return by the State with appropriate credits to the State against Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.
28. **Limitation of Liability and Disclaimer of Damages. IN NO EVENT WILL THE STATE'S AGGREGATE LIABILITY TO CONTRACTOR UNDER THIS CONTRACT, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR BY STATUTE OR OTHERWISE, FOR ANY CLAIM RELATED TO OR ARISING UNDER THIS CONTRACT, EXCEED THE MAXIMUM AMOUNT OF FEES PAYABLE UNDER THIS CONTRACT.** The State is not liable for consequential, incidental, indirect, or special damages, regardless of the nature of the action.
29. **Disclosure of Litigation, or Other Proceeding.** Contractor must notify the State within 14 calendar days of receiving notice of any litigation, investigation, arbitration, or other proceeding (collectively, "**Proceeding**") involving Contractor, a subcontractor, or an officer or director of Contractor or subcontractor, that arises during the term of the Contract, including: (a) a criminal Proceeding; (b) a parole or probation Proceeding; (c) a Proceeding under the Sarbanes-Oxley Act; (d) a civil Proceeding involving: (1) a claim that might reasonably be expected to adversely affect Contractor's viability or financial stability; or (2) a governmental or public entity's claim or written allegation of fraud; or (e) a Proceeding involving any license that Contractor is required to possess in order to perform under this Contract.
30. **State Data.** All data and information provided to Contractor by or on behalf of the State, and all data and information derived therefrom, is the exclusive property of the State ("**State Data**"); this definition is to be construed as broadly as possible. Upon request, Contractor must provide to the State, or a third party designated by the State, all State Data within 10 calendar days of the request and in the format requested by the State. Contractor will assume all costs incurred in compiling and supplying State Data. No State Data may be used for any marketing purposes.
31. **Reserved.**
32. **Non-Disclosure of Confidential Information.** The parties acknowledge that each party may be exposed to or acquire communication or data of the other party that is confidential, privileged communication not intended to be disclosed to third parties. The provisions of this Section survive the termination of this Contract.
 - a. Meaning of Confidential Information. For the purposes of this Contract, the term "**Confidential Information**" means all information and documentation of a party that: (a) has been marked "confidential" or with words of similar meaning, at the time of disclosure by such party; (b) if disclosed orally or not marked "confidential" or with words of similar meaning, was subsequently summarized in writing by the disclosing party and marked "confidential" or with words of similar meaning; and, (c) should reasonably be recognized as confidential information of the disclosing party. The term "Confidential Information" does not include any information or documentation that was: (a) subject to disclosure under the Michigan Freedom of Information Act (FOIA); (b) already in the possession of the receiving party without an

obligation of confidentiality; (c) developed independently by the receiving party, as demonstrated by the receiving party, without violating the disclosing party's proprietary rights; (d) obtained from a source other than the disclosing party without an obligation of confidentiality; or, (e) publicly available when received, or thereafter became publicly available (other than through any unauthorized disclosure by, though, or on behalf of, the receiving party). For purposes of this Contract, in all cases and for all matters, State Data is deemed to be Confidential Information.

- b. Obligation of Confidentiality. The parties agree to hold all Confidential Information in strict confidence and not to copy, reproduce, sell, transfer, or otherwise dispose of, give or disclose such Confidential Information to third parties other than employees, agents, or subcontractors of a party who have a need to know in connection with this Contract or to use such Confidential Information for any purposes whatsoever other than the performance of this Contract. The parties agree to advise and require their respective employees, agents, and subcontractors of their obligations to keep all Confidential Information confidential. Disclosure to a subcontractor is permissible where: (a) use of a subcontractor is authorized under this Contract; (b) the disclosure is necessary or otherwise naturally occurs in connection with work that is within the subcontractor's responsibilities; and (c) Contractor obligates the subcontractor in a written contract to maintain the State's Confidential Information in confidence. At the State's request, any employee of Contractor or any subcontractor may be required to execute a separate agreement to be bound by the provisions of this Section.
- c. Cooperation to Prevent Disclosure of Confidential Information. Each party must use its best efforts to assist the other party in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the foregoing, each party must advise the other party immediately in the event either party learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Contract and each party will cooperate with the other party in seeking injunctive or other equitable relief against any such person.
- d. Remedies for Breach of Obligation of Confidentiality. Each party acknowledges that breach of its obligation of confidentiality may give rise to irreparable injury to the other party, which damage may be inadequately compensable in the form of monetary damages. Accordingly, a party may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies which may be available, to include, in the case of the State, at the sole election of the State, the immediate termination, without liability to the State, of this Contract or any Statement of Work corresponding to the breach or threatened breach.
- e. Surrender of Confidential Information upon Termination. Upon termination of this Contract or a Statement of Work, in whole or in part, each party must, within 5 calendar days from the date of termination, return to the other party any and all Confidential Information received from the other party, or created or received by a party on behalf of the other party, which are in such party's possession, custody, or control; provided, however, that Contractor must return State Data to the State following the timeframe and procedure described further in this Contract. Should Contractor or the State determine that the return of any Confidential Information is not feasible, such party must destroy the Confidential Information and must certify the same in writing within 5 calendar days from the date of termination to the other party. However, the State's legal ability to destroy Contractor data may be restricted by its retention and disposal schedule, in which case Contractor's Confidential Information will be destroyed after the retention period expires.

33. **Reserved.**

34. **Reserved.**

35. **Reserved.**

36. **Records Maintenance, Inspection, Examination, and Audit**. The State or its designee may audit Contractor to verify compliance with this Contract. Contractor must retain and provide to the State or its designee and the auditor general upon request, all financial and accounting records related to the Contract through the term of the Contract and for 4 years after the latter of termination, expiration, or final payment under this Contract or any extension ("**Audit Period**"). If an audit, litigation, or other action involving the records is initiated before the end of the Audit Period, Contractor must retain the records until all issues are resolved.

Within 10 calendar days of providing notice, the State and its authorized representatives or designees have the right to enter and inspect Contractor's premises or any other places where Contract Activities are being performed, and examine, copy, and audit all records related to this Contract. Contractor must cooperate and

provide reasonable assistance. If any financial errors are revealed, the amount in error must be reflected as a credit or debit on subsequent invoices until the amount is paid or refunded. Any remaining balance at the end of the Contract must be paid or refunded within 45 calendar days.

This Section applies to Contractor, any parent, affiliate, or subsidiary organization of Contractor, and any subcontractor that performs Contract Activities in connection with this Contract.

37. **Warranties and Representations.** Contractor represents and warrants: (a) Contractor is the owner or licensee of any Contract Activities that it licenses, sells, or develops and Contractor has the rights necessary to convey title, ownership rights, or licensed use; (b) all Contract Activities are delivered free from any security interest, lien, or encumbrance and will continue in that respect; (c) the Contract Activities will not infringe the patent, trademark, copyright, trade secret, or other proprietary rights of any third party; (d) Contractor must assign or otherwise transfer to the State or its designee any manufacturer's warranty for the Contract Activities; (e) the Contract Activities are merchantable and fit for the specific purposes identified in the Contract; (f) the Contract signatory has the authority to enter into this Contract; (g) all information furnished by Contractor in connection with the Contract fairly and accurately represents Contractor's business, properties, finances, and operations as of the dates covered by the information, and Contractor will inform the State of any material adverse changes; (h) all information furnished and representations made in connection with the award of this Contract is true, accurate, and complete, and contains no false statements or omits any fact that would make the information misleading; and that (i) Contractor is neither currently engaged in nor will engage in the boycott of a person based in or doing business with a strategic partner as described in 22 USC 8601 to 8606. A breach of this Section is considered a material breach of this Contract, which entitles the State to terminate this Contract under Section 23, Termination for Cause.
38. **Conflicts and Ethics.** Contractor will uphold high ethical standards and is prohibited from: (a) holding or acquiring an interest that would conflict with this Contract; (b) doing anything that creates an appearance of impropriety with respect to the award or performance of the Contract; (c) attempting to influence or appearing to influence any State employee by the direct or indirect offer of anything of value; or (d) paying or agreeing to pay any person, other than employees and consultants working for Contractor, any consideration contingent upon the award of the Contract. Contractor must immediately notify the State of any violation or potential violation of these standards. This Section applies to Contractor, any parent, affiliate, or subsidiary organization of Contractor, and any subcontractor that performs Contract Activities in connection with this Contract.
39. **Compliance with Laws.** Contractor must comply with all federal, state and local laws, rules and regulations.
40. **Prevailing Wage.** Contractor must comply with prevailing wage requirements, to the extent applicable to this Contract.
41. **Reserved.**
42. **Nondiscrimination.** Under the Elliott-Larsen Civil Rights Act, 1976 PA 453, MCL 37.2101, *et seq.*, the Persons with Disabilities Civil Rights Act, 1976 PA 220, MCL 37.1101, *et seq.*, and Executive Directive 2019-09. Contractor and its subcontractors agree not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of race, color, religion, national origin, age, sex (as defined in Executive Directive 2019-09), height, weight, marital status, partisan considerations, any mental or physical disability, or genetic information that is unrelated to the person's ability to perform the duties of a particular job or position. Breach of this covenant is a material breach of this Contract.
43. **Unfair Labor Practice.** Under MCL 423.324, the State may void any Contract with a Contractor or subcontractor who appears on the Unfair Labor Practice register compiled under MCL 423.322.
44. **Governing Law.** This Contract is governed, construed, and enforced in accordance with Michigan law, excluding choice-of-law principles, and all claims relating to or arising out of this Contract are governed by Michigan law, excluding choice-of-law principles. Any dispute arising from this Contract must be resolved in Michigan Court of Claims. Contractor consents to venue in Ingham County, and waives any objections, such as lack of personal jurisdiction or *forum non conveniens*. Contractor must appoint agents in Michigan to receive service of process.
45. **Non-Exclusivity.** Nothing contained in this Contract is intended nor will be construed as creating any requirements contract with Contractor. This Contract does not restrict the State or its agencies from acquiring similar, equal, or like Contract Activities from other sources.

46. **Force Majeure.** Neither party will be in breach of this Contract because of any failure arising from any disaster or acts of god that are beyond their control and without their fault or negligence. Each party will use commercially reasonable efforts to resume performance. Contractor will not be relieved of a breach or delay caused by its subcontractors. If immediate performance is necessary to ensure public health and safety, the State may immediately contract with a third party.
47. **Dispute Resolution.** The parties will endeavor to resolve any Contract dispute in accordance with this provision. The dispute will be referred to the parties' respective Contract Administrators or Program Managers. Such referral must include a description of the issues and all supporting documentation. The parties must submit the dispute to a senior executive if unable to resolve the dispute within 15 business days. The parties will continue performing while a dispute is being resolved, unless the dispute precludes performance. A dispute involving payment does not preclude performance.
- Litigation to resolve the dispute will not be instituted until after the dispute has been elevated to the parties' senior executive and either concludes that resolution is unlikely or fails to respond within 15 business days. The parties are not prohibited from instituting formal proceedings: (a) to avoid the expiration of statute of limitations period; (b) to preserve a superior position with respect to creditors; or (c) where a party makes a determination that a temporary restraining order or other injunctive relief is the only adequate remedy. This Section does not limit the State's right to terminate the Contract.
48. **Media Releases.** News releases (including promotional literature and commercial advertisements) pertaining to the Contract or project to which it relates must not be made without prior written State approval, and then only in accordance with the explicit written instructions of the State.
49. **Website Incorporation.** The State is not bound by any content on Contractor's website unless expressly incorporated directly into this Contract.
50. **Reserved.**
51. **Entire Agreement and Order of Precedence.** This Contract, which includes Schedule A – Statement of Work, and schedules and exhibits which are hereby expressly incorporated, is the entire agreement of the parties related to the Contract Activities. This Contract supersedes and replaces all previous understandings and agreements between the parties for the Contract Activities. If there is a conflict between documents, the order of precedence is: (a) first, this Contract, excluding its schedules, exhibits, and Schedule A – Statement of Work; (b) second, Schedule A – Statement of Work as of the Effective Date; and (c) third, schedules expressly incorporated into this Contract as of the Effective Date. NO TERMS ON CONTRACTOR'S INVOICES, ORDERING DOCUMENTS, WEBSITE, BROWSE-WRAP, SHRINK-WRAP, CLICK-WRAP, CLICK-THROUGH OR OTHER NON-NEGOTIATED TERMS AND CONDITIONS PROVIDED WITH ANY OF THE CONTRACT ACTIVITIES WILL CONSTITUTE A PART OR AMENDMENT OF THIS CONTRACT OR IS BINDING ON THE STATE FOR ANY PURPOSE. ALL SUCH OTHER TERMS AND CONDITIONS HAVE NO FORCE AND EFFECT AND ARE DEEMED REJECTED BY THE STATE, EVEN IF ACCESS TO OR USE OF THE CONTRACT ACTIVITIES REQUIRES AFFIRMATIVE ACCEPTANCE OF SUCH TERMS AND CONDITIONS.
52. **Severability.** If any part of this Contract is held invalid or unenforceable, by any court of competent jurisdiction, that part will be deemed deleted from this Contract and the severed part will be replaced by agreed upon language that achieves the same or similar objectives. The remaining Contract will continue in full force and effect.
53. **Waiver.** Failure to enforce any provision of this Contract will not constitute a waiver.
54. **Survival.** The provisions of this Contract that impose continuing obligations, including warranties and representations, termination, transition, insurance coverage, indemnification, and confidentiality, will survive the expiration or termination of this Contract.
55. **Contract Modification.** This Contract may not be amended except by signed agreement between the parties (a "Contract Change Notice"). Notwithstanding the foregoing, no subsequent Statement of Work or Contract Change Notice executed after the Effective Date will be construed to amend this Contract unless it specifically states its intent to do so and cites the section or sections amended.

Federal Provisions Addendum

The provisions in this addendum may apply if the purchase will be paid for in whole or in part with funds obtained from the federal government. If any provision below is not required by federal law for this Contract, then it does not apply and must be disregarded. If any provision below is required to be included in this Contract by federal law, then the applicable provision applies, and the language is not negotiable. If any provision below conflicts with the State's terms and conditions, including any attachments, schedules, or exhibits to the State's Contract, the provisions below take priority to the extent a provision is required by federal law; otherwise, the order of precedence set forth in the Contract applies. Hyperlinks are provided for convenience only; broken hyperlinks will not relieve Contractor from compliance with the law.

- 1. Federally Assisted Construction Contracts.** If this contract is a “**federally assisted construction contract**” as defined in 41 CFR Part 60-1.3, and except as otherwise may be provided under 41 CFR Part 60, then during performance of this Contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government

contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

2. Davis-Bacon Act (Prevailing Wage)

- a. If applicable, the Contractor (and its Subcontractors) for **prime construction contracts** in excess of \$2,000 must comply with the Davis-Bacon Act (40 USC 3141-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").
 - b. The Contractor (and its Subcontractors) shall pay all mechanics and laborers employed directly on the site of the work, unconditionally and at least once a week, and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment, computed at wage rates not less than those stated in the advertised specifications, regardless of any contractual relationship which may be alleged to exist between the Contractor or subcontractor and the laborers and mechanics;
 - c. The Contractor will post the scale of wages to be paid in a prominent and easily accessible place at the site of the work;
 - d. There may be withheld from the Contractor so much of accrued payments as the contracting officer considers necessary to pay to laborers and mechanics employed by the Contractor or any Subcontractor on the work the difference between the rates of wages required by the Contract to be paid laborers and mechanics on the work and the rates of wages received by the laborers and mechanics and not refunded to the Contractor or Subcontractors or their agents.
- 3. Copeland "Anti-Kickback" Act.** If applicable, the Contractor must comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"), which prohibits the Contractor and subrecipients from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.
- 4. Contract Work Hours and Safety Standards Act.** If the Contract is **in excess of \$100,000** and **involves the employment of mechanics or laborers**, the Contractor must comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5), as applicable.
- 5. Rights to Inventions Made Under a Contract or Agreement.** If the Contract is funded by a federal "funding agreement" as defined under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.
- 6. Clean Air Act.** If this Contract is **in excess of \$150,000**, the Contractor must comply with all applicable standards, orders, and regulations issued under the Clean Air Act (42 USC 7401-7671q) and the Federal Water Pollution Control Act (33 USC 1251-1387). Violations must be reported to the federal awarding agency and the regional office of the Environmental Protection Agency.

7. **Debarment and Suspension.** A “contract award” (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.
8. **Byrd Anti-Lobbying Amendment.** If this Contract **exceeds \$100,000**, bidders and the Contractor must file the certification required under 31 USC 1352.
9. **Procurement of Recovered Materials.** Under 2 CFR 200.322, a non-Federal entity that is a state agency or agency of a political subdivision of a state **and its contractors** must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Byrd Anti-Lobbying Certification

The following certification and disclosure regarding payments to influence certain federal transactions are made under FAR 52.203-11 and 52.203-12 and [31 USC 1352](#), the “Byrd Anti-Lobbying Amendment.” Hyperlinks are provided for convenience only; broken hyperlinks will not relieve Contractor from compliance with the law.

1. [FAR 52.203-12](#), “Limitation on Payments to Influence Certain Federal Transactions” is hereby incorporated by reference into this certification.
2. The bidder, by submitting its proposal, hereby certifies to the best of his or her knowledge and belief that:
 - a. No federal **appropriated** funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress on his or her behalf in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan, or cooperative agreement;
 - b. If any funds **other than federal appropriated funds** (including profit or fee received under a covered federal transaction) have been paid, or will be paid, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress on his or her behalf **in connection with this solicitation**, the bidder must complete and submit, with its proposal, [OMB standard form LLL, Disclosure of Lobbying Activities](#), to the Solicitation Manager; and
 - c. He or she will include the language of this certification in all subcontract awards at any tier and require that all recipients of subcontract awards in excess of \$150,000 must certify and disclose accordingly.
3. This certification is a material representation of fact upon which reliance is placed at the time of Contract award. Submission of this certification and disclosure is a prerequisite for making or entering into this Contract under [31 USC 1352](#). Any person making an expenditure prohibited under this provision or who fails to file or amend the disclosure form to be filed or amended by this provision is subject to a civil penalty of not less than \$10,000, and not more than \$100,000, for each such failure.

STATE OF MICHIGAN

Contract No. 200000000374
Statewide – Anti-Ligature Furnishing Services

SCHEDULE A STATEMENT OF WORK CONTRACT ACTIVITIES

BACKGROUND

Michigan Department of Health and Human Services (MDHHS)

MDHHS is seeking to establish a Contract(s) for the purchase of Anti-ligature furniture for all State Hospitals as well as Juvenile Detention Centers. The State of Michigan Hospitals are operated in accordance with the Standards set forth by The Joint Commission (TJC), Center for Medicare and Medicaid Services (CMS) and MDHHS regulations. The Contractor(s) assigned must be able to meet the specifications for furnishing as set in this Contract.

The following hospitals have a need for Anti-Ligature Furniture:

- Hawthorn Center – 18471 Haggerty Road, Northville, MI 48167
- Center for Forensic Psychiatry (CFP) – 8303 Platt Road, Saline, MI 48176
- Kalamazoo Psychiatric Hospital (KPH) – 1312 Oakland Drive, Kalamazoo, MI 49008
- Caro Center – 2000 Chambers Road, Caro, MI 48723
- Walter Reuther Psychiatric Hospital (WRPH) – 30901 Palmer Road, Westland, MI 48186
- Juvenile Justice Residential (JJB) Facility
 - Bay Pines Center – 2425 N 30th Street, Escanaba, MI 49829
 - Shawono Center – 10 N Howes Lake, Road, Grayling, MI 49738

Department Military and Veterans Affairs (DMVA)

DMVA is seeking to establish a means for purchase of Anti-ligature furniture for all State Facilities including live-in homes. DMVA facilities operate in accordance with the Standards set forth by the Joint Commission (TJC), Center for Medicare and Medicaid Services (CMS) and DMVA regulations. The Contractor assigned must be able to meet the specifications set in this Contract.

SCOPE

The Michigan Department of Health and Human Services (MDHHS) along with the Department for Military and Veterans Affairs (DMVA); have a need for anti-ligature, psychiatric/behavioral health furniture. Furniture must be designed in a way to eliminate points where a rope, clothing or bed sheet can be looped around to cause self-harm to a client. Furniture must also have a way to be secured to a wall or floor to prevent the piece of furniture from being picked up or moved. Furniture surfaces must be stain-resistant, and not be moisture absorbent.

Please Note: additional State Agencies may request use of this Contract; additional Agencies will be added via Contract Change Notice.

REQUIREMENTS

1. General Requirements

1.1. Product Specifications

The Contractor must be able to provide Anti-Ligature Furnishings meeting that specifications of Schedule C – Product Specifications, and the Standards set forth by The Joint Committee (TJC) and Center for Medicare and Medicaid Services (CMS), MDHHS regulations and/or DMVA regulation.

Please Note: Schedule C – is not an all-inclusive list of items, the State may request additional items for purchase on an as needed basis.

Please refer to Schedule D – Norix Product Lines for the following items:

- Norix Attenda
- Norix Forte
- Norix Hondo Nuevo
- Norix Integra
- Norix Rocksmart
- Norix Toughcare

For a full line of Norix Products and pricing please refer to: www.norix.com

1.2 Additional Products

The Contractor may offer alternate Anti-Ligature Furnishings that vary from the specifications outlined in Schedule C. Alternate furnishing must be clearly described, all variances from the specifications in this proposal must include descriptive literature that contains complete specifications.

Please Note:

- Completion of this requirement is only necessary if your organization wishes to include alternate items for consideration.
- For items offered that do not meet the specifications outline in Section 1.1 – DMVA reserves the right to request a Demo of proposed products.
- Please refer to **Schedule E – Vendor Products – Behavioral Healthcare** for further information

1.3. Warranties

The Contractor will handle an repairs or replacements for products recalled, and offers the following warranties:

- 10-year limited replacement warranty for all items, excluding mattresses
- Mattresses have a 5-year prorated warranty
- All Warranty claims must be submitted in writing to Norix's Customer service department at:
- For a further information regarding Norix warranties please refer to **Schedule F – Limited Warranty**.

Please Note: The State reserves the right to require additional warranties other than those identified by the Contractor in this Contract.

1.4. Recall Requirements and Procedures

The Contractor must notify the State's applicable Program Manger when a recall is issued, to schedule a date and time to repair items on-site or replace/exchange recalled items.

1.5. Quality Assurance Program

Explain your Quality Assurance Program(s). Proposed program(s) must be continuously evaluated and improve the quality of service received by the State. Any proposed program(s) must include the following components:

1. Measurement of Key Performance indicators (KPIs)
2. Implementation of individual and system interventions to improve the quality of services;
3. Evaluation of the effectiveness of the interventions, and
4. Planning and initiation of activities for increasing and maintaining improvements in service quality
5. Plan must ensure compliance with TJC standards, including the Seven Environments of care required by TJC. Please use the link below for further details:
https://www.jointcommission.org/assets/1/6/2019_All_Programs_Organization_Survey_Activity_Guide.pdf
 - a. Safety;
 - b. Security;
 - c. Hazardous materials and waste;
 - d. Emergency management

- e. Fire risk management
- f. Medical equipment, and
- g. Utilities

Please Note:

- The Contractor must work with the State to finalize and implement a quality assurance program(s), that meet the specifications above. Specifications are subject to change.
- Norix Inc. utilized several standards to test performance of products offered such as Greenguard, BIGMA, and TB133.

1.6. Incentives

Please refer to Schedule B – Pricing for special incentives or services including, but not limited to, return policies, restocking policies*, trade-in programs, quantity/volume discounts, or any other incentives offered.

*restocking fees, or associated charges must be built into the Contractors' proposed pricing as defined in Schedule B – Pricing, item 1.

1.7 Training

During the life of the Contract, and at the request of the State the Contractor must provide the following training:

- Ordering Processes & Procedures
- Shipping & Billing
- Delivery Processes
- Warranty Services
- Product Information and Application/Use Guidelines
- Web-based catalog – if applicable
- Any additional training that may be deemed necessary

Please Note:

- Training will be provided to the State at no additional cost.
- The Contractor must have the ability to and provide training materials upon request.
- The Contractors Sales and Customer Service team are trained to provide information regarding products, ordering, shipping, delivery, billing processes and other services as needed.
- Norix's sales team will provide in person training upon request.

1.8. Reporting

The Contractor must submit to the requesting Program Area and/or Program Manager, the following written reports:

Please Note: Reports are due on a Monthly basis and must be submitted to the Program Manager(s) no later than the 15th day of the following month. Reports must also be made available to the State upon request.

- **Itemized Purchased Reports**
 - Reports must reflect the total number of items purchased by all agencies, as well as, individual agency.
- **Open invoice report**
 - Reports should show which invoices are currently outstanding and amount due
- **Deliver Report**
 - Reports should indicate address, time of delivery, items delivered and their condition at deliver, any refused or damaged items
 - A supplemental report should indicate the action plan to correct and deliver replacement items. If items were refused at the time of deliver – please indicate why: ordered by mistake, damaged, wrong items etc.
- **Purchasing Activity Report**
 - Reports must separate product design, product line, or product style etc.
 - Installation, if applicable
- **Lead Time Report**
 - Order specific performance and data by product line
 - Data should be displayed in the following format:
 - On-time and Complete Shipments, including shipment location
 - Average lead time by product line

- Days to process and enter orders
- Requested shipment receipt dates – differentiate which shipment request were completed on-time and past receipt date
- **Sales History Report**
 - Indicate the quantity of sales for each item by product line, style and design
 - Reports should be presented by Agency, and broken down into requesting facility, as well as presented by Statewide totals
- **Other – Additional Reports**
 - Any additional report the State may request; please note the State will work with the Contractor to develop and implement additional reports requested.

2. Staffing

2.1. Contractor Representative

The Contractor must appoint at least one individual, specifically assigned to State of Michigan accounts, that will respond to State inquiries regarding the Contract Activities, answering questions related to ordering and delivery, etc. (the "Contractor Representative").

The Contractor must notify the Contract Administrator at least 15 calendar days before removing or assigning a new Contractor Representative.

Name: Cori Kasper

Number: 800-2334-4900

Email: furniture@norix.com; ckasper@norix.com

2.2. Customer Service Toll-Free Number

The Contractor must specify its toll-free number for the State to make contact with the Contractor Representative. The Contractor Representative must be available for calls during the hours of 8:00a.m. to 5:00p.m. EST.

Toll-free Contract Number: 800-324-4900

ATTN: Customer Service

2.3. Technical Support, Repairs and Maintenance

The Contractor must specify its toll-free number for the State to make contact with the Contractor for technical support, repairs and maintenance. The Contractor must be available for calls and service during the hours of 8:00a.m. to 5:00p.m. EST.

When providing support, the Call Center must resolve the caller's issues within 30 minutes. If issue resolution cannot be provided within 30 minutes – due to complexity of the request, issues must be resolved within 48-hours of submission.

Toll-free Contract Number: 800-324-4900

ATTN: Technical Support

2.4. Key Personnel

The Contractor must appoint at a minimum 3 individuals who will be directly responsible for the day to day operations of the Contract ("Key Personnel"). Key Personnel must be specifically assigned to the State account, be knowledgeable on the contractual requirements, and respond to State inquiries within 48 hours.

The Contractor may not remove or assign Key Personnel without the prior consent of the State. Prior consent is not required for reassignment for reasons beyond the Contractor's control, including illness, disability, death, leave of absence, personal emergency circumstances, resignation, or termination for cause. The State may request a résumé and conduct an interview before approving a change. The State may require a 30-calendar day training period for replacement personnel.

Key Personnel Table			
Position	Name (First and Last)	Physical Location of Employment	Years of Experience in Current Role
1. Account Manager	Brandon Harker	Noblesville, IN	5+ years
2. Account Representative	Jessica Huerta	West Chicago, IL	1 year; 10+ Customer Service
3. Contractor Representative	Cori Kasper	West Chicago, IL	1 year 3+ bids & Contracts

2.5. Organizational Chart

Provide an overall organizational chart that details staff members, by name and title, and subcontractors.

Please refer to Schedule G – Norix Organizational Chart, for an overall organization chart.

2.6. Disclosure of Subcontractors

If the Contractor intends to utilize subcontractors, the Contractor must disclose the following:

- The legal business name; address; telephone number;
- A description of subcontractor's organization and the services it will provide; and information concerning subcontractor's ability to provide the Contract Activities.
 - A complete description of the Contract Activities that will be performed or provided by the subcontractor.
- The relationship of the subcontractor to the Contractor.
 - Whether the Contractor has a previous working experience with the subcontractor. If yes, provide the details of that previous relationship.

Please Note: If your organization is not currently utilizing subcontracted services, but may in the future, the above information must then be provided.

2.7. Security

The Contractor's staff may be required to make deliveries to or enter State facilities. The Contractor will be subject the following security procedures:

The Contractor must:

- (a) explain how it intends to ensure the security of State facilities,
- (b) whether it uses uniforms and ID badges, etc.,
- (c) identify the company that will perform background checks, and
- (d) the scope of the background checks.

Please Note: The State may require the Contractor's personnel to wear State issued identification badges. The Contractor must explain any additional security measures in place to ensure the security of State facilities.

2.8. Meetings

The Contractor must attend the following meetings:

- Kick-off meeting within 30-calendar days of the Contract Effective Date
- Weekly/bi-weekly implementation update meetings – if applicable
- Introduction meeting – if applicable
- Weekly review and status meeting:
 - This meeting will be held between the Contractor's Program Manager and the State, to review process and performance – if applicable
- Quarterly Review Meetings
- Any other State may request other meetings as it deems appropriate.

3. Electronic Catalog

To enable catalog management functionality, the Contractor must supply the State with product and pricing information as identified in Schedule B – Pricing of this Contract.

The State's preferred method for catalog management is online – please indicate where your organizations current pricing and product offerings can be viewed. If web-based view for catalogs is not available, please indicate your process for catalog management.

Web-Based Catalog Available at: www.norix.com

Catalog, Hard Copy: Copies are available by contacting sales representatives at: 800-234-4900 or;

- Cori Kasper at: ckasper@norix.com or; 630-231-1331
- Please refer to www.norix.com for additional vendor information

Please Note: The Contractor must supply the State with updated product and pricing information over the duration of the Contract. Should product and price change, changes will not take effect until the catalog is updated in the State's procurement system.

4. Ordering

4.1. Authorizing Document

The appropriate authorizing document for the Contract will be a Delivery Order (DO).

4.2 Order Verification

The Contractor must have internal controls, to verify abnormal orders and to ensure that only authorized individuals place orders.

For every order placed the Contractor must provide the ordering party with a tracking number, or other means to track the order and shipment of products purchased. The Contractor will send a confirmation email when purchases are made which includes a tracking number, sales order number and purchases order numbers and additional email will be sent once the order has shipped.

5. Delivery

5.1. Delivery Programs

The Contractor must explain in detail its delivery programs (e.g., standard delivery and quick ship), including any limitations such as quantity.

The Contractor must explain the transportation method (e.g., UPS, FedEx, Contractor fleet, or other third-party carrier) it intends on utilizing in delivery of the Contract Activities.

- **Order Delivery Method:** Notix uses 3rd Party carriers, for standard deliveries.

Please Note: The Contractor must make available a request for delivery date to State Agencies. Special delivery request should be processed and delivered to the State at no additional cost.

5.2. Packaging and Palletizing

Packaging must be optimized to permit the lowest freight rate. Shipments must be palletized whenever possible using manufacturer's standard 4-way shipping pallets.

5.3. Installation

In some instances, Installation may be required. When deemed necessary by the State, installation must be completed within 30-calendar days upon date of item receipt. Installation will be considered complete when:

- A post-installation review is completed between the Program Manager or designee and the Contractor.

Please Note: The Contractor must perform the following:

- Conduct a pre-installation walk-through with the Program Manager or designee prior to installation.
 - Pre-installation walk-through must be completed within 5-business days after receipt of items. At the conclusion of the pre-installation walk-through the Contractor must schedule the installation date and time with the State.
- The Contractor must work with the State to determine all site access requirements, work times, and schedule work to be completed, at least 10-business days prior to the Installation date.
 - The Contractor must ensure all staff assigned to the installation team meet the requirements set in Section 2.7 Security.
- The Contractor is financially responsible for any and all site damage that may occur during an installation.
 - Any damage incurred must be repaired within 10-business days from the completion of installation date.

6. Acceptance

6.1. Acceptance, Inspection and Testing

The State will use the acceptance process defined in Section 16, Acceptance of the Standard Contract Terms.

Please Note: The State Agency representative, or designee, will review and inspect order shipment documents and approve acceptance of good upon delivery. Shipment documents should include product details, quantities to be delivered, delivery location, date and time, and any additional information that may be requested at a later date.

7. Invoice and Payment

7.1. Invoice Requirements

Invoices will be paid in accordance with Section 20, of the Standard Contract Terms.

All invoices submitted to the State must include:

- (a) Contract Number
- (b) Delivery Order
- (c) Project Reference
- (d) Date
- (e) Quantity & Unit Price
- (f) Description of the Contract Activities (Service and/or product provided);
- (g) Unit price
- (h) Shipping cost
- (i) Total Price

Please Note: The State may require alterations to invoice detail at any point throughout the term of the Contract. If applicable, for installation of projects purchased invoices must also list items J and K:

- (j) Labor hours (removal, cleaning, preparation etc.)
- (k) Service provided & delivery date(s)

7.2. Payment Methods

The State will make payment for Contract Activities by Electronic Fund Transfer (EFT).

8. Pricing

8.1. Price Term

Pricing is firm for the first five-years ("Pricing Period"). The first pricing period begins on the Effective Date. Adjustments may be requested, in writing, by either party and will take effect no earlier than the next Pricing Period.

8.2. Price Changes

Adjustments will be based on changes in actual Contractor costs. Any request must be supported by written evidence documenting the change in costs. The State may consider sources, such as the Consumer Price Index; Producer Price Index; other pricing indices as needed; economic and industry data; manufacturer or supplier letters noting the increase in pricing; and any other data the State deems relevant.

Following the presentation of supporting documentation, both parties will have 30 days to review the information and prepare a written response. If the review reveals no need for modifications, pricing will remain unchanged unless mutually agreed to by the parties. If the review reveals that changes are needed, both parties will negotiate such changes, for no longer than 30 days, unless extended by mutual agreement.

The Contractor remains responsible for Contract Activities at the current price for all orders received before the mutual execution of a Change Notice indicating the start date of the new Pricing Period.

9. Liquidated Damages

- a. Late or improper completion of the Contract Activities will cause loss and damage to the State and it would be impracticable and extremely difficult to fix the actual damage sustained by the State. Therefore, if there is late or improper completion of the Contract Activities the State is entitled to collect liquidated damages in the amount of \$5,000 and an additional \$100 per day for each day Contractor fails to remedy the late or improper completion of the Work.
- b. Unauthorized Removal of Key Personnel will interfere with the timely and proper completion of the Contract, to the loss and damage of the State, and it would be impracticable and extremely difficult to fix the actual damage sustained by the State. Therefore, the State may assess liquidated damages against Contractor as specified below.

The State is entitled to collect \$1,000 per individual per day for the removal of any Key Personnel without prior approval of the State.

The State is entitled to collect \$1,000 per individual per day for an unapproved or untrained key personnel replacement.

10. Service Levels

10.1. Time Frames

All Contract Activities must be delivered within the timeframes specified below in order to meet the needs of the State. The receipt of order date is pursuant to Section 2, Notices, of the Standard Contract Terms.

a. Delivery

Delivery will be expected within 45-business days from receipt of order, delivery will be made at various locations. If delivery is delayed, a new delivery date will be communicated and agreed upon with the purchasing area.

The Contractor must credit the State 1% of the purchase total for deliveries that exceed the 45-business day delivery window, for late deliveries that are not communicated to the State. A 1% additional credit will be assessed for each additional day that the delivery is delayed.

Please Note: a credit will not be assessed for delayed deliveries that are outside of the control of the Contractor please refer to Section 46. Force Majeure of the Standard Contract terms.

b. Invoicing and Accounting Credits

Failure to provide invoices in the manner specified in Section 8.1 Invoices will result in a credit of 1% of the invoice total back to the State.

c. Customer Services

When providing support, the Call Center must resolve the caller's issues within 30 minutes. If issue resolution cannot be provided within 30 minutes – due to complexity of the request, issues must be resolved within 48-hours of submission.

Failure to provide resolution, or response, will result in a \$500.00 credit to the State.

d. Warranty Services

The Contractor must provide warranty service response within 48-hours of the State's request. Provide service or product replacement within 10-business days of determination of need. Schedule all services so as not to interfere with activities within space, at no charge to the State.

Failure to provide response to a warranty service request within 48-hours of receipt of request, or to provide service or product replacement within 10-business days of determination of need will result in a \$500.00 per occurrence credit to the State.

e. Installation Services

When deemed necessary by the State, installation must be completed within 30-calendar days upon date of item receipt and perform the following:

- The Contractor must conduct the pre-installation walk-through within 5-business days after receipt of items, and schedule with the State a date and time to complete installation within the 30-day window.
- The Contractor must work with the State to determine all site access requirements, work times, and schedule work to be completed, at least 10-business days prior to the Installation date.
 - The Contractor must ensure all staff assigned to the installation team meet the requirements set in Section 2.7 Security.
- The Contractor is financially responsible for any and all site damage that may occur during an installation.
 - Any damage incurred must be repaired within 10-business days from the completion of installation date.

11. Additional Requirements

11.1. Environmental and Energy Efficient Products

The Contractor must identify any energy efficient, bio-based, or otherwise environmentally friendly products used in the products. Contractor must include any relevant third-party certification, including the verification of a United States department of agriculture certified bio-based product label.

11.2. Hazardous Chemical Identification

In accordance with the federal Emergency Planning and Community Right-to-Know Act, 42 USC 11001, *et seq.*, as amended, the Contractor must provide a Material Safety Data Sheet listing any hazardous chemicals, as defined in 40 CFR §370.2, to be delivered. Each hazardous chemical must be properly

identified, including any applicable identification number, such as a National Stock Number or Special Item Number.

The Contractor must identify any hazardous chemicals that will be provided under any resulting contract.

11.3. Mercury Content

Pursuant to MCL 18.1261d, mercury-free products must be procured when possible. The Contractor must explain if it intends to provide products containing mercury, the amount or concentration of mercury, and whether cost competitive alternatives exist. If a cost competitive alternative does exist, the Contractor must provide justification as to why the particular product is essential. All products containing mercury must be labeled as containing mercury.

11.4. Brominated Flame Retardants

The State prefers to purchase products that do not contain brominated flame retardants (BFRs) whenever possible. The Contractor must disclose whether the products contain BFRs.

STATE OF MICHIGAN

Contract No. 200000000374
Statewide – Anti-Ligature Furnishing Services

SCHEDULE B PRICING

1. Price proposals must include all costs, including but not limited to, any one-time or set-up charges, fee, and potential costs that Contractor may charge the State (e.g. shipping and handling, per piece pricing and palletizing).
2. Quick payment terms: NET45
3. Quantity/Volume terms: N/A
4. **Installation Services Zones 1 – 10 Pricing Notes:**
 - **Standard Pre-Installation Services:** \$2,500.00; \$0.00 per trip
 - Price for Pre-installation meeting and post-installation walk through as defined in Section 5.3 Installation

STATE OF MICHIGAN

Contract No. 200000000674
Statewide – Anti-Ligature Furnishing Services

SCHEDULE C PRODUCT SPECIFICATIONS

Michigan Department of Health and Human Services (MDHHS) Hospitals:

1. Caro Center
 - a. 2000 Chambers Road, Caro, MI 48723
2. Center for Forensic Psychiatry (CFP)
 - a. 8303 Platt Road, Saline, MI 48176
3. Hawthorn Center
 - a. 18471 Haggerty Road, Northville, MI 48167
4. Kalamazoo Psychiatric Hospital (KPH)
 - a. 1312 Oakland Drive, Kalamazoo, MI 49008
5. Walter Reuther Psychiatric Hospital (WRPH)
 - a. 30901 Palmer Road, Westland, MI 48186

Additional MDHHS Facility:

1. Juvenile Justice Residential (JJB) Facility
 - a. Bay pines Center
 - i. 2425 N 30th Street, Escanaba, MI 49829
 - b. Shawono Center
 - i. 10 N Howes Lake Road, Grayling, MI 49738

BJJ Centers:

- Bay Pines Center
- Shawono Center

Please note the following items are a general list of items currently utilized, items listed are an indicator of future need and are in no way a guarantee of items to be purchased by the State in the future.

In Section 1.1 Product Specifications, of Schedule A – Statement of Work, please confirm that items offered by your Organization will meet the minimum requirements show below.

Special Notes:

1. Classroom furnishings must be youth appropriate for high security residential living.
2. Classroom furnishings must allow for arrangement around the perimeter of the room, to allow for the teachers' station to have no youth desk to their back.
3. It is preferred that desks/workstations be adjustable and are movable with locking wheels If applicable.
4. Desks/workstations must be made of materials that not breakable, that can withstand hitting, kicking and other means of force, or easily throw.
5. Desks/workstations cannot have components, pieces or parts that can be removed easily, taken or broken off.
6. Each desk/workstation should have some a partition/divider on the underneath to prevent physical contact from another desk/workstation.
7. The following products must be new, fire-retardant polyethylene; the following are anticipated items for purchase:
 - a. Classroom – Seating, Chairs
 - b. Classroom Seating, Desks
 - c. Classroom Teachers Desk

Caro Center:

Please note the following items are a general list of items currently utilized, items listed are an indicator of future need and are in no way a guarantee of items to be purchased by the State in the future.

In Section 1.1 Product Specifications, of Schedule A – Statement of Work, please confirm that items offered by your Organization will meet the minimum requirements show below.

Special Notes:

1. Beds and Dining Room Tables must have the capability of being fixed to the floor.
2. If special equipment/processes are required to fix furnishing to the floor, please indicate how the State can obtain required equipment/process for proper installation. It is preferred that items for purchase are able to be installed by the facilities Maintenance Department.
3. The following products must be new, fire-retardant polyethylene; the following are anticipated items for purchase:
 - a. Patient Unit Beds: 41"x86x24" or; 40"x83.5x15.5"
 - b. Patient Unit Open Chest: 26"Wx24"Dx78&3/8"H
 - c. Patient Unit Wardrobes: 26"x25½ "Dx 78&3/8"H

Center for Forensic Psychiatry:

Please note the following items are a general list of items currently utilized, items listed are an indicator of future need and are in no way a guarantee of items to be purchased by the State in the future.

In Section 1.1 Product Specifications, of Schedule A – Statement of Work, please confirm that items offered by your Organization will meet the minimum requirements show below.

Special Notes:

1. Wardrobes do not currently have doors.
2. Beds including bedroom furnishings, and chairs do not have to be bolted to the floor.
3. Dayroom chairs will be a mix of chairs with and without arms.
4. The following products must be new, fire-retardant polyethylene; the following are anticipated items for purchase:
 - a. Padded Arm and armless chairs
 - b. Patient Unit Beds: 84"L x 40"W x 15 1/2"H
 - c. Patient Unit Desks: 36"Wx29Hx24"D
 - d. Patient Unit Armless Chair – nonpadded

Attenda® Series

norix®
FURNITURE
Engineered to Endure™

Attenda® Series

Behavioral healthcare professionals have long recognized that traditional furniture is completely unsuitable for their critical environments.

The Attenda Series is designed to provide the strength, safety and cleanability required for the daily rigors of institutional living — in a sleek, contemporary look.

Safe, Secure...And Built to Last

The key to Attenda's strength and durability is its advanced construction. Molded in specially formulated, high-impact, fire-retardant polyethylene, each Attenda product is structurally enhanced for increased strength and durability. They are solid as a rock, yet feature seamless construction with rounded corners for added safety and security. Each piece is designed to be attached flush to the wall or floor.

Fluid-resistant and Easy to Clean Attenda

Your maintenance staff knows that fluid absorption can wreak havoc with furniture and create a hazardous environment. Attenda's rugged, exterior skin is seamless and impervious to liquids – from bodily fluids to industrial cleaners. The non-absorbent, polymer construction simply leaves no place for fluids to go. Chronic maintenance problems are washed away.

Floor Platform Bed

Model #ATN101

Dimensions: 84"L x 40"W x 15 1/2"H

The cornerstone of the collection is the Attenda Platform bed — designed and engineered to exceed the expectations of practitioners who have tried everything. The Attenda bed mounts in a corner, against a wall or free standing. Sturdy and seamless, this product features a raised lip around the bed deck for easy clean-up. An optional wall-mount headboard adds a touch of wood-grained style, with institutional durability.

Tested to 1,000 lb static load.

Platform Bed Riser

Model #ATN102

Dimensions: 84"L x 40"W x 8"H

ComfortShield Mattress Size: 36"x82"

Optional riser raises sleep surface 8 inches making it easier for staff to administer to patients as well as accommodate a patient lift device. Bed fastens securely to riser at the existing anchor locations of the bed (tamper-resistant connecting hardware included).

Pairs with ATN100 or ATN101 beds (retrofit capable).

Complete the bed ensemble with a Norix Comfort Shield® Mattress

- Remedy Series Mattresses feature 100% sealed seams that are radio frequency welded and guaranteed not to break — for enhanced hygiene, security and durability.
- Available in multiple grade levels to suit a variety of unique facilities.
- Ships economically with Norix beds.

Attenda Bed Options

Attenda beds are available with an optional sealed bottom, for use when beds are not bolted to the floor. For more critical applications, add heavy-duty restraint rings that mount with through-bolts right to the floor — and serve as connector points for your restraint straps. Optional non-removable floor glides allow Norix Restraint Rings to be used without bolting beds to the floor. Use with or without sealed bottom option.

Space Saver Bed

Model #ATN120

Dimensions: 79"L x 31"W x 15"H

The Attenda Space Saver Bed has a smaller footprint to maximize unencumbered floor space in the room — sized to accommodate a 27" x 75" mattress. Bolts securely to the floor.

Attenda Sleigh Bed

Model #ATN140 (13" High Bed)

#ATN140H (13" High Bed with Drainage Holes)

#ATN145 (18" High Bed)

#ATN145H (18" High Bed with Drainage Holes)

Dimensions: 92 ¹³/₁₆"L x 38 ¹/₂"W x 13"H (13" High Bed)

92 ¹³/₁₆"L x 38 ¹/₂"W x 18"H (18" High Bed)

The Attenda Sleigh Bed addresses geriatric, incontinence and client safety issues – in a contemporary, residential design.

- Seamless, one-piece construction for maximum safety and security.
- Raised sleep surface 18 inches from floor. Ample clearance for most patient lift devices.

Includes non-removable, nylon-bottom leveler glides as standard. Bolt-down option available.

Also available in a lower height version, sleep surface 13 inches from floor.

Ideal for incontinent patients. Optional drain holes allow fluids to drain away.

Attenda Space-Saving Bed with Storage

Model #ATN130

Dimensions: 32"W x 23"H x 78"L

Deck Dimensions: 76"L x 30"W

Slightly textured maintenance free surface allows for easy cleaning. Rotationally molded, ligature-resistant, specially formulated, fire-retardant, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading).

Citadel Property Storage Container

Model #PB301

Dimensions: 25 ¹³/₃₂"W x 13"H x 17 ¹/₂"D

Innovative ribbed construction delivers superior strength with molded-in 3-dimensional structure.

Securely stacks and alternatively nests with a 180 degree turn. Injection molded from high impact polypropylene copolymer.

FURNITURE

RockSmart™

The smarter way to rock

RockSmart™ is a contemporary rocking chair designed from the ground up for soothing comfort, exceptional durability and aesthetic appeal. Its signature one-piece shape is sculpted from rotationally molded polyform for a calming, safe and comfortable rock. Easily cleanable and highly durable, RockSmart is GREENGUARD certified and available in The Naturals and High Brights Color Palettes.

The Naturals Color Palette

High Brights Color Palette

Integra Series

Integra chairs are specifically designed for intensive use applications, yet comfortable and lightweight. They're molded in one piece so you don't have to worry about assembled components coming loose. They're stackable and they pass the rigid California Technical Bulletin 133 Flammability Test. The Integra Series includes both arm and armless chairs.

Integra Arm Chair

The Integra Arm Chair features a unique overlapping arm design which allows effortless interlocking for set-up simplicity.

Integra Armless Chair

This chair withstands a static load test of over 400 lbs. due to its unique leg shape and 1 1/2" deep "X" ribs molded into the seat bottom. Integra Arm and Armless are both available in eight appealing colors. Meets ANSI/BIFMA X5.4.

Attenda Headboard

Model #ATN110

Dimensions: 39 1/2"W x 18"H x 1 1/8"D

1 1/8" 45 lb density M3 grade particle board with durable high-pressure laminate surface and 2mm PVC edge.

Attenda Nightstand & Deluxe Nightstand

Model #ATN250 (Standard) | #ATN255 (Deluxe)

Dimensions: 22"W x 22"L x 23"H (Standard)

22"W x 22"L x 23 7/8"H (Deluxe)

Add a nightstand with open compartments for storage of personal articles. Also available in Deluxe version, with permanently affixed, heavy duty laminated top.

Attenda Book Shelf

Model #ATN310

Dimensions: 31"W x 21"H x 13"D

The wall-mounted Attenda Book Shelf is sized to be used as a bookshelf above an Attenda Desk, or to fit above the head end of an Attenda Space Saver Bed.

Attenda Floor-Mount Desk & Stool

Model #ATN601 (Desk)

#ATN500 (Stool)

Dimensions: 36"W x 29"H x 24"D (Desk)

16 1/2" Diameter x 16"H (Stool)

The Attenda Floor-Mount Desk has a hard, smooth writing surface, permanently affixed to the molded base with tamper-proof hardware. The high-pressure laminate top features a durable molded edge, rounded for safety and security. The floor-mounted desk includes a built-in modesty panel. The Attenda Floor-Mount Stool completes the desk ensemble. Or, use a Norix UltraMax chair.

Attenda Wall-Mounted Desk

Model #ATN620

Dimensions: 35 1/2"W x 23 3/4"H x 23 3/4"D (without top)

35 1/2"W x 24 3/4"H x 23 3/4"D (with top)

Slightly textured, maintenance-free surface allows for easy cleaning. Rotationally molded, specially formulated, fire-retardant, high-impact polyethylene with ultraviolet light stabilizers (to reduce fading).

Attenda 3 & 4 Shelf Storage Unit

Model #ATN300 (3 Shelf) | #ATN400 (4 Shelf)

Dimensions: 29"W x 57"H x 12"D (3 Shelf)

29"W x 72"H x 12"D (4 Shelf)

The wall-mounted Attenda Shelf Storage Units keep everything in its place, yet visible to staff.

Attenda Open Chest

Model #ATN700 (Standard) | #ATN750 (Deluxe)

Dimensions: 30"W x 42"H x 18"D (Standard)

30"W x 42 ⁷/₈"H x 18"D (Deluxe)

The Attenda Open Chest is designed to bolt to the floor and provide accessible, visible storage. Available in Standard or Deluxe version with laminated top permanently affixed to the unit. Heavy duty, laminate top has a durable, molded edge – rounded for safety and security.

Attenda Wardrobe

Model #ATN800 (No Door) | #ATN801 (With Door)

Dimensions: 26"W x 24"D x 78 ³/₈"H (No Door)

26"W x 25 ¹/₂"D x 78 ³/₈"H (With Door)

The Attenda Wardrobe is engineered specifically for intensive-use environments, with advanced safety and security features (patents pending).

- The wardrobe bolts securely to the wall with 6 connection points.
- A molded-in J-channel accommodates clothes hangers with NO tie off opportunity.
- Rounded corners and sloped top for added safety and security.
- A 270° continuous piano hinge allows door to fold flat to the side. Factory-installed hinge attaches securely with tamper-resistant hardware (steel-to-steel connections).

Specify right or left hinge. Or, order wardrobe with no door.

- Available with wing knob cam latch, or keylock.

If you've tried the rest, and can't afford to be let down again, make the move to Attenda. Furniture that's designed for your critical environment — yet safe for residents and staff alike. Furniture that's built to last — and look good doing it — year after year.

Attenda Restraint Rings

Model #ATN-RR01K-01 (Single) | #ATN-RR06K-01 (Set of 6)

Dimensions

Ring: 3" H x $1\frac{1}{2}$ " D x $1\frac{19}{32}$ " H

Pin: $\frac{3}{4}$ " Dia. x $2\frac{1}{2}$ " H

Block: $4\frac{13}{32}$ " W x 1" H

Toughcare® Series

The Toughcare Series chairs are designed and engineered for critical environments, high traffic areas and intensive use applications. These chairs are rotationally molded in one-piece from specially formulated fire retardant, high-impact polyethylene with UV stabilizers to reduce fading. Roto-Mold chair products can be ganged together, bolted-down or weighted on-site for added security. All products pass the stringent California Technical Bulletin 133 Flammability Test procedure.

Toughcare® Lounge Chair

The Toughcare Lounge Chair is designed to be used as a stand-alone or ganged seating arrangements. Also available with a rocker option. The Toughcare chair is ergonomically designed for comfort.

Ultra-Max® Chair

You'll love the versatility of the Ultra-Max Chair. Use it in rows or pull it up to a table. Weight it with sand for additional security.

Threaded Screw Cap

The threaded screw cap allows for easy ballasting so you can maintain space flexibility while providing the safety and security of a heavily weighted chair. Secures with tamper-resistant hardware (provided).

Mega-Max® Sectional Lounge Chair

All of the same great features of the Toughcare chair, but without arms. Use individually or ganged together for couch-like lounging.

Slammer Stool

The Norix Slammer Stool is designed to meet the seating requirements of overcrowded facilities or anywhere portable chairs are needed.

Toughcare® Colors

* Slammer Stool available in River Rock only.

Element™

Element is a designer-friendly series of lounge furniture that provides facilities with maximum versatility. Mix and match the Element Lounge Chair, Love Seat and Sofa throughout your facility depending upon the needs of spaces.

Features and Benefits

Whether you are picking a lounge chair, loveseat or sofa, Element will add to or create an aesthetic appeal in dayrooms, lounges, lobbies or other areas in your healthcare facility where you need attractive furniture. Additionally, the series was designed to last and is appropriate for constant-use environments in facilities that see lots of traffic. Learn more about Element’s features and benefits below.

Durability

Element is highly durable due to construction and the materials. On the inside, Element is supported by a sturdy milled-wood frame that is connected with metal hardware to ensure durability and longevity. On the outside, the arm rests are protected and covered with a specially formulated, pick and pry resistant arm cap. These arm caps are available in two colors – black and taupe – and are mounted to the wood frame with steel T-nuts.

Specially formulated, pick and pry resistant arm cap attached to frame with T-nuts.

Clean Out between seat and back allows dirt and debris to fall to the ground rather than gather in chair.

Upholstery available in a variety of patterns and grades.

Frame is made of heavy duty milled wood for strength and durability.

Injection molded nylon feet are engineered for strength and to protect floors.

Generous seat width and cushioned support provide comfortable lounging.

Upholstery

Our upholstery comes in a variety of performance grades so you can choose the appropriate vinyl or fabric for your facility. Both seat and back cushions are field replaceable.

Wink™

This is definitely not a chip off the old block – pun intended. This is Wink, a newly envisioned lounge chair with attitude, aesthetics and durability to boot. It's a cure for the ordinary, with a wide array of colors and fabrics to choose from. It's cool. It's hip. And its bold curves make other chairs seem ... well ... square.

A Special Frame

This lounge chair features a sturdy, one-piece rotationally molded polyethylene frame with a lightly textured surface that allows for easy cleaning. Non-removable nylon glides protect your floors.

Premium material is fully compound-ed for superior color, fire retardancy and quality assurance.

Hundreds of upholstery options.

The seat features a side wipeout and back cleanout for easy cleaning.

Generous cushion width coordinates with appropriate seat and arm height for proper ergonomics and easy egress.

Smooth, continuous molded surface allows for easy cleaning.

Hollow base can be weighted with up to 75 lbs of sand for a total chair weight of 117 lbs.

Non-removable steel encased floor glides for floor protection.

Upholstery

Our upholstery comes in a variety of performance grades so you can choose the appropriate vinyl for your facility. Both seat and back cushions are field replaceable.

GROUP / DAYROOM

Sierra Series

There is no substitute for natural wood to create that soothing feel, residential look and sense of normalcy you're striving for. Constructed of natural oak butcher-block, the vertical end arms are designed to combine intensive-use durability with the beauty of natural wood. Each end arm is 1 3/4" thick, rounded for safety, and features a contemporary "sloped" design for comfort and stylish good-looks. Choose solid end arms or distinctive open end arm design.

The Beauty of Natural Wood

Cushions are the "heart" of Sierra, and the natural wood end arms provide the "soul." A sealer coat plus satin finish coat helps protect the wood from spills and mishaps.

Non-absorbent vinyl exterior rotationally molded over a tubular steel frame – then filled with soft, polyurethane foam.

Tested to 1,000 lb static load.

1 3/4" thick butcher-block red oak, rounded for safety, with sealer coat and satin finish coat to protect the wood.

Frame inside seat cushion is 2 1/4" diameter horizontal cross tubes structure of 18 gauge steel to form a rigid interior framework and provide a secure means to connect cushions and end frames, as well as extend seating to two and three seat groupings.

3/8" tamper-resistant, Torx-head fasteners bolt right into the steel frame for a secure steel to steel connection.

Hondo Nuevo®

A unique line of furniture that combines superior durability, comfort and style and that includes chair, bench and wedge options that allow for flexible, modular seating arrangements. Hondo Nuevo® is specially designed for healthcare interiors where robust products are a must.

Meets the stringent ANSI/BIFMA X5.4-2005 furniture standard, dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 750 lb static load while also Cal TB133 compliant.

Comfortable lumbar support and ergonomically correct style for comfort and easy egress.

Extremely durable, 1/4" thick rotationally molded skin is impervious to fluids and puncture resistant to 184 lbs.

Seamless chemically resistant surface is easy to clean and sanitize for greater infection control.

Robust Durability

Smooth, exterior surface is impervious to fluids and highly puncture resistant, yet easy to clean and sanitize. Fabricated drip edge allows moisture to run off the chair and not into the base.

TruColor™

Premium material is fully compounded for superior color, fire retardancy and quality assurance.

3 lb density polyurethane foam filling for cushioned comfort.

Check out Hondo Nuevo® durability video:
norix.com/hondovideo

Testing Strong

Hondo Nuevo is compliant with multiple flammability standards, including CAL TB133, as well as the rigorous BIFMA 5.4 durability standard for lounge seating. It also is GREENGUARD and GREENGUARD Gold Certified after stringent testing showed it to be in compliance with the low emissions standards set by UL Environment for indoor facility use.

Modern Design

The Hondo Nuevo® Series combines modern design, ergonomically correct style and comfortable lumbar support with a beautiful, thick vinyl skin and 3 lb density polyurethane foam filling. This unique combination of superior durability, comfort and style is available in several seat, bench and wedge options to create flexible modular seating arrangements. Molded exterior skin tops are attached with tamper resistant fasteners to your choice of molded plinth, steel, molded wood grain leg or genuine wood leg base options.

Mix-Up™

Mix-Up is an *upholstered* furniture line from Norix that allows you to use five different-shaped products to produce endless configurations. This diverse series is perfect for waiting rooms, lobbies or any area where playful, attractive and durable furniture is applicable.

Endless *upholstery* options and three base colors allow facilities to pick an aesthetic that perfectly matches their environment. Choose products that are round, square, wedge, semi-circle and rectangle. Then ... well ... mix them up!

Materials

Mix-Up can bring a pop of color or a calming element to facilities due to the enormous *upholstery* options available. Choose *upholstery* in different grades, colors, patterns, materials and price points to fit your budget and requirements. High density foam inside the chair allows for comfortable yet stable sitting, while the base is made of high impact polyethylene that is available in three neutral colors, each of which pairs well with nearly all upholstery options.

Shapes

Mix-Up pieces are highly configurable due to their variety in shapes. The *upholstered* products are designed in round, square, wedge, semi-circle and rectangles. This allows you to mix and match different forms to create highly customized configurations that meet your facility's requirements or vision. Want to use the rectangles to create a square? You can do that. Mix and match shapes to create your own artistic configuration? Sure. Use these products to accompany other Norix product lines? Go for it!

Features and Benefits

Mix-Up is more than just an attractive and highly configurable line of furniture consisting of five unique shapes. The high-grade materials and durable construction make these products suitable for high traffic areas in any space in your facility. Below, learn more about the technical specifications of this new and exciting product.

Five different shapes allow for endless configurations.

High density foam interior provides stability and comfortable sitting.

Many upholstery options in different grades, colors, patterns, materials and price points.

High-impact polyethylene bases available in three colors.

Upholstery

Our upholstery comes in a variety of performance grades so you can choose the appropriate vinyl for your facility.

Jupiter Weighted-Down Tables

Sometimes you want a table that is easy to move around. Other times, you'd like that table to stay in one place, but you don't want to anchor it to the floor. Enter the Norix Jupiter Table. Jupiter is designed to be weighted on site to maintain space flexibility and allow for efficient floor maintenance as the needs of an environment change. Loading the base with up to 300 pounds of sand keeps the table solidly in one place.

Finish on the Top

We use the toughest grade available and seal it with a specially formulated, highly durable molded urethane edge. The permanently affixed edge has a radius profile for safety and comfort making it ideal for food service applications. We can also provide our exclusive game top pattern that includes checkers, chess, backgammon and solitaire. Popular top sizes are available in either Plain or Game Top and come in 36" Round and Square; 42" Round and Square.

Special 1 1/2" thick table top for additional strength.

Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it firmly attached and highly sanitary.

Selected material permanently bonded to a core of 45 lb density particle board with embedded T-nuts for securing top to base.

Base: Rotationally molded, specially formulated, fire-retardant, high impact polyethylene with ultraviolet light stabilizers (to reduce fading).

Slightly textured maintenance-free surface allows for easy cleaning.

Product tested to 1,000 lb static load.

X-Base Series

Years ago, we were challenged to design an institutional-grade table that defined each person’s space and hindered the passing of contraband from one individual to another on the opposite side. Our answer was the popular, rugged X-Base Table with its unique “X” base design. Today, the X-Base Table is used in high-security and special needs facilities all across the country.

Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it permanently non-removable and highly sanitary.

Product tested to 1000 lbs static load.

Special 1 1/2" thick table top for additional strength.

Selected material permanently bonded to a core of 45 lb density particle board with embedded T-nuts for securing top to base.

Heavy duty durable, tamper-resistant “X” base style. Engineered and suitable for continuous use in behavioral health environments.

Premium Top

High quality laminate surface with an edge that is pressure fused to the core with a specially formulated, highly durable molded urethane material. The permanently affixed edge has a radius profile for safety and comfort, making it exceptional for food service applications. We can also provide our exclusive game top pattern that includes checkers, chess, backgammon and solitaire.

Max-Master Series

Engineered for superior strength and durability, the Max-Master Series is particularly well suited for dining halls and dayrooms where reliable performance is a must. Whether bolted to the floor or freestanding on adjustable glides, the distinctive individual seat/leg design provides superior stability than traditional pedestal tables. Compression molded composite seats, premium table top and unique steel leg design delivers an exceptional table for continuous daily use in challenging environments.

Oasis® Cafeteria

If your environment demands a more robust solution for cluster seating, your search is over. The Oasis® Series is designed and engineered specifically for dayrooms, dining halls and visitation areas. Oasis® is perfect for situations where users need more back support than traditional stools provide.

Safety & Comfort

Oasis' innovative swivel seats allow easy access and provide the comfort of full lumbar support. The molded polyethylene seat shells are durable and easy to clean. Seats attach securely to reinforced, heavy-duty swivel plates with all-steel, tamper-resistant connections.

Superior Performance

The Oasis® table top delivers superior performance, day in and day out, year after year. High-quality laminate surface features a rounded edge that is pressure-fused to the core with a specially formulated, highly durable molded urethane material. Edges are permanently affixed to the top, making it highly sanitary – ideal for food service applications. Also available in a special ADA version with a reinforced 72" long table top.

Strength & Security

A sturdy 14 gauge steel frame gives Oasis® its rock-solid foundation. The rugged frame provides seat support and understructure for the table top. The bottom of the vertical seat tube has a fully welded plate that holds either a large-stem adjustable glide or an enclosed, non-removable anchor bolt for floor-mounting.

Premium TruColor™ material is fully compounded for superior color, fire retardancy and quality assurance.

45 lb density M3 grade particle board, with permanently embedded T-nuts for securing the top to the base.

Tested to 1,000 lbs static load.

Ergonomic seats provide back support and swivel for easy access and egress.

One-piece seat and back. Smooth, non-absorbent surface is easy to clean.

Molded-in threaded steel inserts provide for tamper-resistant, "steel-to-steel" attachment to reinforced seat support plate.

Non-removable glides (or bolt-down).

Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it permanently non-removable and highly sanitary.

Heavy-duty cluster seating. Designed and engineered specifically for intensive-use environments such as dayrooms and dining areas.

Leg Style Series

When you start with 4" diameter 14 gauge tubular steel legs fully welded to 1/4" steel mounting plates, you end up with an incredibly strong, stable and durable table. The legs are joined to the top using tamper-resistant screws connected to embedded T-nuts, for a secure steel-to-steel connection. Optional 2 1/2" legs provide an attractive residential alternative. Legs are solid as a rock. Lean on it with all your weight. The Leg Style table won't wobble or tip. That's peace of mind.

What's On Top

We pressure fuse our top to the core with a specially formulated, highly durable molded urethane edge. The permanently affixed edge has a radius profile for safety and comfort making it exceptional for food service applications. We also can provide our exclusive game top pattern that includes checkers, chess, backgammon and solitaire.

Under & Beyond

The Leg Style table is engineered and built for continuous daily service in any behavioral health environment, but sometimes you want to make sure it stays put. In addition to super tough, tamper-resistant adjustable glides, we also give you the option of bolt-down tabs ... just to be sure.

Permanently bonded to a core of 45 lb density M3 grade particle board with permanently embedded T-nuts for securing top to base with a metal-to-metal connection.

Product tested to 1,000 lb static load.

Robust 16 gauge steel tubing in 4" or 2.5" diameter welded to 6" steel plate for attaching to the top.

Molded edge is radiused for safety and comfort, pressure fused to the top, rendering it firmly attached and highly sanitary.

Heavy duty leg style tables built for stability. Engineered and suitable for continuous daily use in an institutional environment.

Bottom of leg sealed by fully welded insert threaded to accommodate a non-removable adjustable leveling glide.

Element™

Element is a designer-friendly series of lounge furniture that provides facilities with maximum versatility. Mix and match the Element Lounge Chair, Love Seat and Sofa throughout your facility depending upon the needs of spaces.

Features and Benefits

Whether you are picking a lounge chair, loveseat or sofa, Element will add to or create an aesthetic appeal in dayrooms, lounges, lobbies or other areas in your healthcare facility where you need attractive furniture. Additionally, the series was designed to last and is appropriate for constant-use environments in facilities that see lots of traffic. Learn more about Element's features and benefits below.

Durability

Element is highly durable due to construction and the materials. On the inside, Element is supported by a sturdy milled-wood frame that is connected with metal hardware to ensure durability and longevity. On the outside, the arm rests are protected and covered with a specially formulated, pick and pry resistant arm cap. These arm caps are available in two colors – black and taupe – and are mounted to the wood frame with steel T-nuts.

Specially formulated, pick and pry resistant arm cap attached to frame with T-nuts.

Clean Out between seat and back allows dirt and debris to fall to the ground rather than gather in chair.

Upholstery available in a variety of patterns and grades.

Frame is made of heavy duty milled wood for strength and durability.

Injection molded nylon feet are engineered for strength and to protect floors.

Generous seat width and cushioned support provide comfortable lounging.

Premium TruColor™ material is fully compounded for superior color, fire retardancy and quality assurance.

Extremely durable one-piece molded polyethylene seat and back. Smooth, seamless non-absorbent surface is easy to clean.

2" diameter, 14 gauge tubular steel, bent and welded to provide arm or armless in-line seating. Standard configurations for 1 to 4 people.

Engineered to Endure. Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 1000 lb static load while also Cal TB133 compliant.

Heavy duty flat steel plate welded to the frame at each seat location to provide strength, support and a mounting platform on which the seat is securely attached.

Comfort By Design

Gibraltar® starts with a roomy ergonomic seat. The comfortable seat is a full 20" wide, with plenty of room for today's user. Gibraltar® seats are rotationally molded from durable polyethylene – fire-retardant, non-absorbent and easy to clean. Molded-in threaded steel inserts provide for tamper-resistant, "steel-to-steel" attachment to base frame.

Forté™ Lounge

Forté™ is the designer series of furniture that is fashioned for comfort, flexibility and durability. With a variety of colors to choose from and an upholstery option for seating, this series is made to humanize behavioral health environments and includes a lounge chair and guest chair that come with or without arms. These products are engineered and proven suitable for daily use in demanding environments.

Extremely durable, one-piece rotationally molded polyethylene seat is impervious to fluids and incredibly impact resistant.

Molded-in steel threaded inserts provide secure steel-to-steel connections and optional ganging side-to-side.

Dynamic drop tested to a relative impact force of two times BIFMA 5.4 15.4.2 and 1000 lb static load while also CAL TB133 compliant.

Generous seat width coordinates with appropriate seat and arm height for proper ergonomics and easy egress.

Add additional weight with sand.
(plinth base only)

Premium material is fully compounded for superior color, fire retardancy and quality assurance.

Arm Lounge

This chair offers the same durability, flexibility and aesthetic design as our armless chair, with the addition of arms which provide hand over ankle positioning for easier egress.

Armless Lounge

Our armless lounge chairs are made of one-piece rotationally molded polyethylene seats and come with the choice of steel, wood or molded bases. The chairs come in a variety of colors and are pitched slightly back for comfortable sitting.

Seat					Wood Base		Molded Base	Steel Base

Options: Upholstery, Ganging Kit, Bolt Down Kit, CAL TB 133 Upgradeable Upholstery, Ballasting Bags

Testing: GREENGUARD Gold Certified, California Technical Bulletin 117-2013, UL1056, ASTM E1537, NFPA 261, UL94 HB, British Standard BS 7176: 2007, BIFMA 5.4 15.4.2, 1000 lb Static Load

Forté™ Occasional Table

Free standing occasional tables can be optionally ganged with lounge seating for intermediate or corner tables. Choose one of three base options, wood, steel or molded polymer and pair with your choice of molded polymer or laminate top with permanently affixed urethane edge. All tops come with embedded T-nuts for a secure steel to steel connection.

Polyurethane edge is radiused for safety and pressure fused to the top, rendering it permanently non-removable and highly sanitary. 1 3/4" thick edge profile.

Decorative high pressure laminate is permanently bonded to a core of 45 lb density particle board with permanently embedded T-nuts for securing top to base.

Cut, formed and welded steel. 1 1/2" square steel tubing with 12 gauge structural members.

Attenda® Series

The Attenda Series is designed to provide the strength, safety and cleanability required for the daily rigors in healthcare environments. The key to Attenda’s strength and durability is its advanced construction. Molded in specially formulated, high-impact, fire-retardant polyethylene, each Attenda product is structurally enhanced with rigid polyurethane foam for sound absorption and increased strength and durability. They are solid as a rock, yet feature seamless construction with rounded corners for added safety and security. Each piece is designed to be anchored flush to the wall or floor and can be easily sanitized. Most Attenda products also are ligature-resistant, giving you the peace of mind that you have selected safe and secure furniture for your facility and patients.

No tie-off points make the bed the go-to choice for those looking for anti-ligature furniture products.

Ask about our innovative
NEW REMOVABLE RESTRAINT RING

Attenda® Sleigh Bed

The Attenda Sleigh Bed introduces contemporary design for a more residential, normalized appearance without sacrificing advanced construction for intensive-use applications in healthcare environments. Ideal for geriatric patients, the higher sleep surface makes it easier to administer to patients while the raised bed deck easily accommodates a patient lift device.

Attenda® Space Saver Bed with Storage

Attenda® Platform Beds

The cornerstone of the collection is the Attenda Bed — designed and engineered to exceed the expectations of practitioners who have tried everything. The Attenda Bed mounts in a corner, against a wall or free standing. Sturdy and seamless, the Attenda Bed features a raised lip around the bed deck for easy clean-up. An optional wall-mount headboard adds a touch of wood-grained style for a more residential appearance. No tie-off points make the bed the go-to choice for those looking for anti-ligature furniture products.

Attenda® Nightstand

The Attenda Nightstand is the ideal companion piece to the Attenda Platform Bed. Open compartments provide for accessible storage of personal articles while maintaining easy visual inspection. The advanced construction delivers unsurpassed performance in healthcare environments and makes it uniquely suited for intensive-use applications. Molded in high-impact polymer, then filled with rigid structural foam, Attenda represents the pinnacle of robust durability. In addition, the product has no moving parts or tie-off points, making it ligature-resistant and safe for your BHC environment. Decorative High Pressure Laminate (HPL) top with durable resin edge is optional.

Attenda® Open Chest

The Attenda Open Chest is a particularly effective storage solution for an Attenda room ensemble. Open compartments provide ample storage capacity while maintaining easy visual inspection. Attenda’s advanced construction delivers unsurpassed performance in healthcare environments and makes it uniquely suited for intensive-use applications. This anti-ligature product is safe and secure and helps decrease the risk of self-harm in your facility. Decorative High Pressure Laminate (HPL) top with durable resin edge is optional.

Attenda® Desk & Stool

Advanced construction for intensive-use applications in critical environments. Molded in high-impact polymer, and then filled with rigid structural foam. Seamless construction with rounded corners make this product ligature-resistant. Easy to clean. Bolt-down installation for safety and security. Attenda Desk features HPL top with durable molded edge as standard.

Attenda® Wall Mount Shelves

The Attenda Wall Mount Shelves are the go-to solution when free unencumbered space is at a premium. Open cubbies provide ample storage space while maintaining easy visual inspection. Attenda’s advanced construction delivers unsurpassed performance in critical environments and makes it uniquely suited for intensive-use applications. Molded in high-impact polymer, then filled with rigid structural foam, Attenda represents the pinnacle of robust durability. Additionally, the product has no tie-off points, making it ligature-resistant, safe and secure.

Attenda® Wardrobe

Advanced construction for intensive-use applications in critical environments. Molded in high-impact polymer, then filled with rigid structural foam. Seamless construction with rounded corners. Easy to clean. Bolt-down installation for safety and security. Also available with no door.

Safehouse® Series Wood Case Goods

The Safehouse® Series combines safety and durability – in a homelike all-wood collection. After research and consultation with behavioral healthcare professionals, Norix designed the Safehouse collection to provide a warm, yet secure haven for residents – with client safety as the primary consideration. With built-in safety features like sloped tops, rounded edges and SafeJoint™ concealed joinery, Safehouse offers practitioners peace of mind, plus the therapeutic appeal of real wood. Norix exclusive Dura-Ply™ construction ensures that Safehouse products will stand up to the demands of your challenging environment. 5-year limited replacement warranty for defects in materials and workmanship.

Platform Bed

Residential room furnishing designed to provide a warm, yet secure haven for residents. The Safehouse Platform Bed anchors a room ensemble with the warmth of wood and the safety of durable construction. Fits a standard 36" x 80" mattress.

Captains Bed

Residential room furnishing designed to provide a warm, yet secure haven for residents. The Safehouse Captains Bed anchors a room ensemble with the warmth of wood and the safety of durable construction. 2 built-in open storage compartments add space efficient storage. Fits a standard 36" x 80" mattress.

Shelves, Desks, Nightstands & Wardrobes

Dura-Ply™ construction. "Open-shelf" design for enhanced safety and security. Solid ¾" back panel for enhanced structural integrity. Catalyzed vinyl sealer coat plus catalyzed varnish top coat for wear resistance.

Titan® Series

Looking for residential furniture that can endure years of use in your facility’s demanding environment? Look no further than the Titan® Series from Norix – a complete line of steel case goods that combines functional versatility with the institutional durability of all-steel construction. There’s no substitute for the strength, safety and durability of steel furniture, and Titan has emerged as the product of choice in institutional settings. Why? Because Titan was designed to perform in the most challenging healthcare environments. Titan products are heavy and heavy duty. You don’t have to worry that they’ll be invaded by bedbugs, picked apart, or broken through intensive-use. Steel stands the test of time, and provides the best value option. Day in and day out – year after year – Titan performance.

Panel Base Bed

Available in Panel Base Bed, Bunkable Panel Base Bed and Panel Base Bunk. Steel deck, steel end frames for optional bunking. Ships K.D. Optional headboard, footboard, bunk-locking clamps, bottom closure panel, ladder and safety rails.

Nightstand

Steel Nightstand with two or three non-removable drawers. Drawers feature padlock hasp locking mechanism. Institutional-grade laminated top. Optional matching laminated drawer fronts.

Wardrobe

Freestanding Wardrobe with one fixed shelf and safety J-bar for hanging clothes. Integrated recessed finger pull. Adjustable floor leveler glides. Available in Single Wardrobe and Double Wardrobe. Ships K.D. in two boxes.

Table Desk

Steel Desk with healthcare-grade laminated top. Includes pencil drawer. Adjustable floor leveler glides.

Chest

Steel Chest with institutional-grade laminated top. Non-removable drawers. Available in 2, 3 and 5 drawer chests. Drawers feature padlock hasp locking mechanism. Optional matching laminated drawer fronts.

Remedy Sealed Seam Mattress

Ideally suited for Behavioral Healthcare environments. Foam core for cushioned comfort with no inner springs. Separate or integrated pillow options. Available in standard healthcare sizes. Polyurethane coated cover with welded seams for enhanced hygiene, security and durability. Remedy Series Mattresses feature 100% sealed seams that are radio frequency welded and guaranteed not to break.

Black Max is our most durable mattress and is suitable for the most extreme-use spaces in your facility. That's because the mattress is constructed with 100% sealed seams that are reinforced with maximum security stitching for unsurpassed seam strength. It's also constructed with an extremely impervious, polyurethane coated cover with reinforcing ripstop scrim. All of this makes Black Max highly durable and resistant to constant-use, bodily fluids, bed bugs and other challenges you may find in healthcare settings.

Shown with Attenda® Floor Mount Bed

Silver Secure is the perfect mattress for those facilities needing more durability and infection control than what is found in your typical healthcare mattress. It's constructed with a durable polyurethane-coated cover with reinforcing ripstop scrim, along with enhanced break strength for added security. An applicable product for the intensive-use found in healthcare environments.

Shown with Attenda® Sleigh Bed

Norix Blue is a durable mattress with infection control features that make it suitable for daily use in critical environments. It features 100% sealed seams for unsurpassed seam strength and a durable polyurethane coated cover. Day in, day out, Norix Blue will perform well above your expectations.

Washroom Accessories

Safety is the issue and Norix has the solution. All accessories are easy-to-clean stainless steel.

ADA Shower Seat

Stainless steel detention-grade recessed shower seat. ADA version meets ADA 4.21.3 & 4.26.3 requirements for L-Shaped Shower Seats.

Towel Hooks

Holds towels or clothing articles safely without the use of protruding pegs or hooks. The chase or surface mounted towel hooks come in stainless steel. Choose from single towel hooks or groups of four.

Wall Mirror

One-piece #430 stainless steel. Highly polished #8 finish. Two standard sizes: 9 1/2" x 11 1/4" and 11 1/4" x 17 1/4". Mount direct to wall or with an optional 1/4" thick steel backer plate. Optional embed plate also available.

Soap Dish

Your choice! Pick the soap dish to suit your style. Surface mount available in front or chase mount. Recessed available in chase mount. All in easy-to-clean stainless steel.

Recessed Shelf

No sharp corners or edges protruding from the wall to inflict injury. The chase-mounted recessed shelf comes in easy-to-clean stainless steel.

Ball Clothes Hooks

Single collapsible safety hooks or groups of four with optional 8" deep X 18" long bookshelf. Ball and stem style in stainless only.

Toilet Paper Holder

Front or chase mount. In easy-to-clean stainless steel.

DuraVision™ Mirrors

9.5 /
13.4

DuraVision polycarbonate mirrors from Norix are designed specifically for the challenging conditions found in healthcare facilities. The strength of polycarbonate combined with a solid, full foam backing and a unique steel frame design ensures these mirrors exceed the breakability and tamper resistance of any other product on the market.

Behind the Reflection

Most convex mirrors you see in commercial establishments and at intersections are made from acrylic. When tested to withstand impact, they'll be the first to break into knife-like shards. Our polycarbonate mirrors, with pure reflective coatings, are premium 3mm grade with a tensile strength of 9,400 psi. To further enhance the strength, we completely fill the cavity behind the mirror with high-density water blown urethane foam to limit the compression distance, thus eliminating the possibility of breakage from a severe blow. To make sure they stay in place, the DuraVision mirror perimeter is fully enclosed in a heavy duty powder coated steel frame that sits flush with the wall and ceiling and features countersunk screw holes to receive tamper-resistant fasteners.

20 / 25.5 / 38

11 / 13 / 9

20 / 26

6.5 / 8.5

Eliminating Blind Spots

DuraVision mirrors were designed to ensure the safety of facility, staff and patients. DuraVision mirrors permit staff the opportunity to observe blind corners and intersections without putting themselves or others in harm's way.

Norix healthcare furniture is safe, secure and built to last ... providing outstanding long-term value and peace of mind for your staff. For facilities not using contractors or consultants, it makes sense to reinforce the benefits of the furniture with a installation from Norix.

Benefits of Installation Services:

- Expert installation services, performed by professionals experienced in all facility installations.
- Complex installation capabilities, including field drilling into concrete, secure bolt-down and application of security caulk.
- All labor, installation hardware and materials included.
- Seamless transaction on same purchase order as furniture.
- Reinforces product warranty.

Norix Installation Services

Norix designs innovative, robust furniture that meets the real-world need for humanizing challenging environments. For more than 35 years, the company has served the behavioral healthcare, corrections, fire/rescue, military, shelter, public safety and variety of commercial industries by providing uniquely reliable furnishings for every application.

All furniture is designed for safety, security and extreme durability. Norix furniture is extraordinary by design, surpassing industry standards for strength, safety and long-term performance. Aside from its durability, Norix products also come in aesthetically pleasing designs and colors and are made especially for facilities that require furniture that can humanize their environments.

The privately held company is headquartered in West Chicago, IL with consultative sales representatives and dealers throughout the U.S. For more information, call 800-234-4900 or visit www.norix.com.

STATE OF MICHIGAN

Contract No. 200000000373
Statewide – Anti-Ligature Furnishing Services

SCHEDULE F Limited Warranty

Please Refer to Pages 101 – 102.

LIMITED WARRANTY

Norix warrants, to its original purchaser, all of its products to be free from defects in workmanship and materials for specified periods of time (depending on product) following date of shipment, under normal use and service. Norix makes no other warranty, express or implied, to its customers or any users of the goods, including without limitation any implied warranty of merchantability of the goods or the fitness of the goods for a particular purpose. Norix liability shall be limited to repair or replacement of any defect of work or material for products shipped after January 1, 2019 within the specified warranty period, at the sole discretion of Norix. Norix shall not be liable for any product defect. All warranty claims must be submitted in writing to Norix' Customer Service department, listing the date of purchase, original invoice number and description of defect(s).

The warranty does not cover:

- Normal wear and tear.
- Product failure due to abuse, misuse, negligence, accident, assembly or installation.
- Alteration or modification of the product in any way.
- Natural variations in color, grain or texture.
- Finishes, fabrics, foam and filling materials.
- Customer Owned Material (COM).
- Freight damage.

Wood is a natural material, with variations in color, grain and texture. Finish colors will vary from product to product and lot to lot. Due to these naturally occurring variations, exact matches to samples or other furniture items ordered at different times cannot be guaranteed. Due to the natural variations of wood materials, some aesthetic differences should be expected when combining laminate tops with natural wood edges and wood veneer surfaces.

Norix warrants upholstery fabrics against defects and color fading, when cared for according to the specified cleaning and maintenance guidelines, for a period of 3 years. COM is exempt and Norix reserves the option to repair or replace. Because upholstered furniture is made of soft, flexible materials designed for comfort, normal wrinkles and puckers may be present.

Limited warranty does not cover shrinkage, picks, wearing, wrinkling, fading, or pilling. This warranty is not valid where there is evidence of heavy soiling or abuse. Because upholstered furniture is made of soft, flexible materials designed for comfort, normal wrinkles and puckers may be present, particularly in the area where the seat intersects with the seat back. Some fabrics may wrinkle slightly within a few months of use, and should not be considered a defect or inferior workmanship.
